| Mali | \$5 million | As part of the Trans-Sahara Counter Terrorism Partnership (TSCTP), the Embassy is using \$5 million in 1207 funds to expand economic programs to target youth in urban areas in the north and east. The funds expand programs that support schools in the northern regions of Tombouctou, Gao and Kidal. In these same regions, 1207 funds work to reduce ungoverned and poorly governed spaces and expand the ability of citizens to participate in local government. Funding also expands the rural radio program in order to spread a moderate message. | Under Section 1207, the Secretary of Defense may provide services to, and transfer defense articles and funds to, the Secretary of State for the purposes of facilitating the provision by the Secretary of State of reconstruction, security, or stabilization assistance to a foreign country. The goal of the 1207 is to defeat terrorist organizations and their ability to gain recruits. The projects focus on denying support and sanctuary to terrorists through strategically targeted development assistance, good governance efforts and public diplomacy. The projects seek to increase the reach of good governance and rule of law. |

| Niger | \$6 million | As part of the Trans-Sahra Counter-Terrorism Partnership (TSCTP), the Embassy is using \$6 million to expand the pilot TSCTP youth program to cover the capital Niamey, towns bordering Nigeria, and key villages in the far north. The funding is also used to install 12 solar-powered rural radio sites, focusing on locations in the ungoverned spaces of the far north. It is also establishing a program to provide vocational training courses to primary and secondary schools in targeted regions. | Under Section 1207, the Secretary of Defense may provide services to, and transfer defense articles and funds to, the Secretary of State for the purposes of facilitating the provision by the Secretary of State of reconstruction, security, or stabilization assistance to a foreign country. The goal of the 1207 projects is to defeat terrorist organizations and their ability to gain recruits. The projects focus on denying support and sanctuary to terrorists through strategically targeted development assistance, good governance efforts and public diplomacy. The projects seek to increase the reach of good governance and rule of law. |
| Somalia | \$25 million | The bilateral programs focus on security sector reform activities, which include contributing to existing UNDP Rule of Law programs that address national civilian police reform. The regional program focuses on capacity building for Transitional Federal Institutions, security sector reform, quick impact stabilization programs and peace and reconciliation programs in Somalia's strategic border areas: Kenya and Ethiopia. | Under Section 1207, the Secretary of Defense may provide services to, and transfer defense articles and funds to, the Secretary of State for the purposes of facilitating the provision by the Secretary of State of reconstruction, security, or stabilization assistance to a foreign country. The goals of the Somalia Reconciliation and Stabilization Program are: to strengthen the capacity of the Transitional Federal Institutions; to support an inclusive and participatory peace and reconciliation process; and to assist in creating stability and security in Somalia. |

| Malaysia | \$1 million | As part of the Southeast Asia Tri-Border Initiative, 1207 funding in Malaysia centers on the eastern state of Sabah, which is an important transit point for terrorists operating in the area and a potential escape route for those seeking safe haven elsewhere. Funding helps to expand engagement with the Malaysian Maritime Enforcement Agency and improves border control capability in Sabah. | Under Section 1207, the Secretary of Defense may provide services to, and transfer defense articles and funds to, the Secretary of State for the purposes of facilitating the provision by the Secretary of State of reconstruction, security, or stabilization assistance to a foreign country. The Southeast Asia Tri-Border initiative is focused on enhancing infrastructure and economic development, strengthening indigenous law enforcement capabilities, eliminating sources and channels of terrorist financing, strengthening indigenous maritime security, and bolstering the local political will to counter extremist ideology. |
| Nepal | \$10 million | Training civil police in basic skills and community policing principles; developing policing posts and public infrastructure in remote areas; and training local authorities in good governance and participatory practices. | The Nepal project aims to create a replicable model for stabilization that employs USG development and community policing expertise to provide stability during Constituent Assembly elections and the post-election transition. Continuing uncertainty over planned constitutional elections has made it difficult to engage the Government of Nepal on the program. As a result, the Country Team has focused on monitoring, assessment and planning. |

| Philippines | \$10.9 million | As part of the Southeast Asia Tri-Border Initiative, 1207 funding in the Philippines supports the expansion of two airports, allowing for increased capacity to handle civilian and military aircraft. Funding is also used to build infrastructure, e.g. bridges, approach roads, and farm-to-market roads, in order to facilitate movement of trade goods, farm supplies and agricultural produce. In addition, 1207 supports a program to train and equip port and airport security personnel to screen cargo and passengers and respond to potential terrorist threats. The project also funds the completion of a water distribution project in the largest municipality on the island to provide residents with potable drinking water. Furthermore, small, targeted community development programs in 50 communities are funded. | Under Section 1207, the Secretary of Defense may provide services to, and transfer defense articles and funds to, the Secretary of State for the purposes of facilitating the provision by the Secretary of State of reconstruction, security, or stabilization assistance to a foreign country. Not all Counternarcotics funding can be broken out by country. The CN funding associated with mobile assets or regional headquarters/activities that are used in multiple countries or that cover large geographic areas can only be reported on a regional basis. These programs may include radar systems, Joint Interagency Task Forces, intelligence analysis, or program management costs for programs in multiple nations within a region.
