Government of Oman-TOW 2B Missiles

WASHINGTON, Jan. 7, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Oman of TOW 2B missiles, related equipment and support. The estimated cost is $51 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on January 6, 2016.

The Government of Oman has requested a possible sale of:

**Major Defense Equipment (MDE):**

- Four hundred (400) Tube-launched Optically-tracked wire guided (TOW) 2B Aero, Radio Frequency (RF) Missiles (BGM-71F-3-RF)
- Seven (7) TOW 2B Aero, RF Missile (BGM-71F-3-RF) Fly-to-Buy Missiles

The estimated value of MDE is $51 million. The total estimated cost of this effort is $51 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed sale of the TOW 2B Missiles and technical support will advance Oman’s efforts to develop an integrated ground defense capability. Oman will use this capability to strengthen its homeland defense and enhance interoperability with the U.S. and other allies. Oman will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missile Systems, Tucson, Arizona.

There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the U.S. Government or contractor representatives to travel to Oman for multiple periods for equipment de-processing/fielding, system checkout and new equipment training. There will be no more than three (3) contractor personnel in Oman at any one time and all efforts will take less than fourteen (14) weeks in total.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Transmittal No. 15-64

The Government of Iraq – Hellfire Missiles and Captive Air Training Missiles

WASHINGTON, Jan. 7, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Iraq of Hellfire missiles and Captive Air Training Missiles, related equipment and support. The estimated cost is $800 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on January 6, 2016.

The Government of Iraq has requested a possible sale of five thousand (5,000) AGM-114K/N/R Hellfire missiles; Ten (10) 114K M36E9 Captive Air Training Missiles; associated equipment; and defense services. The estimated major defense equipment (MDE) value is $750 million. The total estimated value is $800 million.

The proposed sale will contribute to the foreign policy and national security goals of the United States by helping to improve a critical capability of the Iraq Security Forces in defeating the Islamic State of Iraq and the Levant (ISIL).

Iraq will use the Hellfire missiles to improve the Iraq Security Forces' capability to support ongoing combat operations. Iraq will also use this capability in future contingency operations. Iraq, which already has Hellfire missiles, will face no difficulty absorbing these additional missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Corporation in Bethesda, Maryland. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require any additional U.S. Government or contractor representatives in Iraq.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Iraq - F-16 Weapons, Munitions, Equipment, and Logistics Support

WASHINGTON, Jan. 20, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Iraq for F-16 weapons, munitions, equipment, and logistics support. The estimated cost is $1.950 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on January 15, 2016.

The Government of Iraq requested a possible sale of additional weapons, munitions, equipment, and logistics support for its F-16 aircraft.

Major Defense Equipment (MDE) includes:
- Twenty (20) each Joint Helmet Mounted Cueing System (JHMCS)
- Twenty-four (24) each AIM-9M Sidewinder missile
- One hundred and fifty (150) each AGM-65D/G/H/K Maverick missile
- Fourteen thousand one hundred and twenty (14,120) each 500-lb General Purpose (GP) bomb body/warhead for use either as unguided or guided bombs. Depending on asset availability during case execution, total quantity of 14,120 each 500-lb warheads will comprise a mix of MK-82 500-lb warheads and/or BLU-111 500-lb warheads from stock and/or new contract procurement.
- Two thousand four hundred (2,400) each 2,000-lb GP bomb body/warheads for use either as unguided or guided bombs. Depending on asset availability during case execution, total quantity of 2,400 each 2,000-lb warheads will comprise a mix of MK-84 2,000-lb warheads and/or BLU-117 2,000-lb warheads from stock and/or new contract procurement.
- Eight thousand (8,000) each Laser Guided Bomb (LGB) Paveway II tail kits. Will be combined with 500-lb warheads in the above entry for MK-82 and/or BLU-111 to build GBU-12 guided bombs.
- Two hundred and fifty (250) each LGB Paveway II tail kits. Will be combined with 2,000-lb warheads in the above entry for MK-82 and/or BLU-117 to build GBU-10 guided bombs.
- One hundred and fifty (150) each LGB Paveway III tail kits. Will be combined with 2,000-lb warheads in the above entry for MK-82 and/or BLU-117 to build GBU-24 guided bombs.
- Eight thousand, five hundred (8,500) each FMU-152 fuzes. Will be used in conjunction with the LGB tail kits and warheads in the above entries to build GBU All Up Rounds (AUR's).
- Includes provisioning for spare FMU-152 fuze units (MDE).
- Four (4) each WGU-43CD2/B Guidance Control Units
- One (1) each M61 Vulcan Rotary 20mm cannon
- Six (6) each MK-82 inert bomb
Four (4) each MK-84 inert bomb

Also included are items of significant military equipment (SME), spare and repair parts, publications, technical documents, weapons components, support equipment, personnel training, training equipment, Aviation Training, Contract Engineering Services, U.S. Government and contractor logistics, engineering, and technical support services, as well as other related elements of logistics and program support. Additional services provided are Aviation Contract Logistics Services including maintenance, supply, component repair/return, tools and manpower. This notification also includes Base Operations Support Services including construction, outfitting, supply, security, weapons, ammunition, vehicles, utilities, power generation, food, water, morale/recreation services, aircraft support and total manpower. The total estimated value of MDE is $ .550 billion. The total overall estimated value is $1.950 billion.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a strategic partner. This proposed sale directly supports Iraq and serves the interests of the people of Iraq and the United States.

Iraq previously purchased thirty-six (36) F-16 aircraft. Iraq requires these additional weapons, munitions, and technical services to maintain the operational capabilities of its aircraft. This proposed sale enables Iraq to fully maintain and employ its aircraft and sustain pilot training to effectively protect Iraq from current and future threats.

The proposed sale of these additional weapons, munitions, equipment, and support does not alter the basic military balance in the region.

The principal vendors are:

- Lockheed Martin Aeronautics Company
- Lockheed Martin Simulation, Training and Support
- Raytheon Company
- The Marvin Group
- United Technologies Aerospace Systems
- Lockheed Martin Mission Systems and Training
- Royal Jordanian Air Academy
- Pratt and Whitney
- Michael Baker International

Fort Worth, Texas
Fort Worth, Texas
Lexington, Massachusetts
Inglewood, California
Chelmsford, Massachusetts
Fort Worth, Texas
Amman, Jordan
East Hartford, Connecticut
Alexandria, VA

There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale requires approximately four hundred (400) U.S. Government and contractor personnel to reside in Iraq through calendar year 2020 as part of this sale to establish maintenance support, on-the-job maintenance training, and maintenance advice.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Kingdom of Saudi Arabia-MK 15 Phalanx Close-In Weapons System (CIWS) Block 1B Baseline 2 Kits

WASHINGTON, Feb. 11, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for MK 15 Phalanx Close-In Weapons System (CIWS) Block 1B Baseline 2 Kits, equipment, training, and logistics support. The estimated cost is $154.9 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on February 10, 2016.

The Kingdom of Saudi Arabia has requested a sale for the upgrade and conversion of five (5) MK 15 Phalanx Close-In Weapons System (CIWS) Block 0 systems to the Block 1B Baseline 2 configuration. The Block 0 systems are currently installed on four (4) Royal Saudi Naval Forces (RSNF) Patrol Chaser Missile (PCG) Ships (U.S. origin) in their Eastern Fleet and one (1) system is located at its Naval Forces School. Also included are; five (5) local control stations, spare and repair parts, support and test equipment, personnel training and training equipment, publications, software, and technical documentation, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of program and logistics support. The total estimated value of MDE is $72.5 million. The overall total estimated value is $154.9 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic regional partner, which has been, and continues to be, an important force for political stability and economic progress in the Middle East. This acquisition will enhance regional stability and maritime security and support strategic objectives of the United States.

The proposed sale will provide Saudi Arabia with self-defense capabilities for surface combatants supporting both national and multi-national naval operations. The sale will extend the life of existing PCG Class ships. Saudi Arabia will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. Saudi Arabia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment, services, and support will not alter the basic military balance in the region.

The prime contractor will be Raytheon Missiles Systems of Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Saudi Arabia; however, contractor engineering and technical services may be required on an interim basis for installations and integration.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
The Government of Pakistan – F-16 Block 52 Aircraft

WASHINGTON, Feb. 12, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Pakistan for F-16 Block 52 Aircraft, equipment, training, and logistics support. The estimated cost is $699.04 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on February 11, 2016.

The Government of Pakistan has requested a possible sale of:

Major Defense Equipment (MDE):
Eight (8) F-16 Block 52 aircraft (two (2) C and six (6) D models), with the F100-PW-229 increased performance engine
Fourteen (14) Joint Helmet Mounted Cueing Systems (JHMCS)

Non-MDE items included in this request are eight (8) AN/APG-68(V)9 radars, and eight (8) ALQ-211(V)9 Advanced Integrated Defensive Electronic Warfare Suites (AIDEWS). Additionally, this possible sale includes spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost of MDE is $564.68 million. The total estimated cost is $699.04 million.

This proposed sale contributes to U.S. foreign policy objectives and national security goals by helping to improve the security of a strategic partner in South Asia.

The proposed sale improves Pakistan's capability to meet current and future security threats. These additional F-16 aircraft will facilitate operations in all-weather, non-daylight environments, provide a self-defense/area suppression capability, and enhance Pakistan’s ability to conduct counter-insurgency and counterterrorism operations.

This sale will increase the number of aircraft available to the Pakistan Air Force to sustain operations, meet monthly training requirements, and support transition training for pilots new to the Block-52. Pakistan will have no difficulty absorbing these additional aircraft into its air force.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Contractors have not been selected to support this proposed sale. There are no known offset agreements proposed in connection with this potential sale.
Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Pakistan.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Kingdom of Saudi Arabia - Support Services

WASHINGTON, Feb. 18, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for support services. The estimated cost is $200 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on February 17, 2016.

The Government of Saudi Arabia has requested a possible sale of support services by the United States Military Training Mission to Saudi Arabia (USMTM). USMTM is the Security Cooperation Organization (SCO) responsible for identifying, planning, and executing U.S. Security Cooperation training and advisory support for the Kingdom of Saudi Arabia Ministry of Defense. The estimated cost is $200 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of an important partner which has been and continues to be an important force for political stability and economic progress in the Middle East.

This proposed sale will provide the continuation of Technical Assistance Field Teams (TAFT) and other support for USMTM services to the Kingdom of Saudi Arabia. The proposed sale supports the United States’ continued commitment to the Kingdom of Saudi Arabia’s security and strengthens U.S.-Saudi Arabia strategic partnership. Sustaining the USMTM supports Saudi Arabia in deterring hostile action and increases U.S.-Saudi Arabia military interoperability. Saudi Arabia will have no difficulty absorbing this support.

The proposed sale will not alter the basic military balance in the region. It will support Combatant Command initiatives in the region by enabling Saudi Arabia’s efforts to combat aggression and terrorism.

There is no prime contractor associated with this proposed sale. There are no known offset agreements in connection with this potential sale.

Implementation of this proposed sale will approve the permanent or temporary assignment of up to 202 case-funded U.S. Government or contractor personnel to the Kingdom of Saudi Arabia.

There will be no adverse impact on U.S. Defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
United Arab Emirates-AN/AAQ-24(V)N Large Aircraft Infrared Countermeasures (LAIRCM)

WASHINGTON, Feb. 24, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Arab Emirates for AN/AAQ-24(V)N Large Aircraft Infrared Countermeasures (LAIRCM) equipment, and logistics support. The estimated cost is $225 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on February 23, 2016.

The United Arab Emirates (UAE) requested a possible sale of eight (8) AN/AAQ-24 (V)N LAIRCM for the UAE’s C-17 aircraft. Each C-17 aircraft configuration for the LAIRCM system consists of the following major defense equipment (MDE): three (3) Guardian Laser Transmitter Assemblies (GLTA), six (6) Ultra-Violet Missile Warning System (UVMWS) Sensors AN/AAR-54, one (1) LAIRCM System Processor Replacement (LSPR). The sale includes spares bringing the MDE total to thirty-seven (37) GLTA AN/AAQ-24 (V)Ns, nineteen (19) LSPR AN/AAQ-24 (V)Ns, and seventy-four (74) UVMWS Sensors AN/AAR-54. The sale also includes the following non-MDE items: Control Indicator Unit Replacements (CIUR), Smart Card Assemblies (SCA), High Capacity Cards (HCC), User Data Modules (UDM), Repeaters, COMSEC Key Loaders, initial spares, consumables, support equipment, technical data, repair and return support, engineering design, Group A and Group B installation, flight test and certification, U.S. Government manpower and services, and Field Service Representatives (FSR). The total estimated value of MDE is $82,664 million. The total estimated program cost is $225 million.

This proposed sale enhances the foreign policy and national security of the United States by improving the security of a partner country, which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed purchase of LAIRCM to provide for the protection of UAE’s C-17 fleet enhances the safety of UAE airlift aircraft engaging in humanitarian and resupply missions. LAIRCM facilitates a more robust capability into areas of increased missile threats. The UAE will have no problem absorbing and using the AN/AAQ-24 (V)N LAIRCM system.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be The Boeing Company, Chicago, Illinois. The main sub-contractor is Northrop Grumman Corporation of Rolling Meadows, Illinois. There are no known offset agreements proposed in connection with this potential sale.

This sale includes provisions for one (1) FSR to live in the UAE for up to two (2) years. Implementation of this proposed sale requires multiple temporary trips to the UAE involving U.S. Government or contractor
representatives over a period of up to six (6) years for program execution, delivery, technical support, and training.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Iraq-KA-350 Sustainment, Logistics, and Spares Support

WASHINGTON, Feb. 24, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Iraq for KA-350 sustainment, logistics, and spares support. The estimated cost is $350 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on February 23, 2016.

The Government of Iraq is requesting a five-year sustainment package for its KA-350 fleet that includes operational and intermediate depot level maintenance, spare parts, component repair, publication updates, maintenance training, and logistics. There is no Major Defense Equipment associated with this case. The overall total estimated value is $350 million.

The Iraq Air Force (IqAF) operates five (5) King Air 350 ISR (intelligence, surveillance, and reconnaissance) and one (1) King Air 350 aircraft. The KA-350 aircraft are Iraq’s only ISR-dedicated airborne platforms and are used to support Iraqi military operations against Al-Qaeda affiliates and Islamic State of Iraq and the Levant (ISIL) forces. The purchase of a sustainment package will allow the IqAF to continue to operate its fleet of six (6) KA-350 aircraft beyond September 2016 (end of the existing Contract Logistics Support (CLS) effort). Iraq will have no difficulty absorbing this support.

The proposed sale will contribute to the foreign policy and national security goals of the United States by helping to improve a critical capability of the Iraq Security Forces in defeating ISIL.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Beechcraft Defense Company, Wichita, KS. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Iraq.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Iraq.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
WASHINGTON, Feb. 25, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Jordan for repair and return of F-16 Engines, sustainment and support. The estimated cost is $115.1 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Jordan has requested approval to amend its F-16 engine program for repair and return of its F100-PW-220E engine modules. This effort is in support of the Royal Jordanian Air Force’s ongoing scheduled maintenance activities for its 52 F100-PW-220E engines. Services requested under this proposed sale include contract support for parts, components, accessories, and labor to remanufacture the current propulsion fleet at scheduled maintenance intervals. There is no Major Defense Equipment associated with this case. The overall total estimated value is $115.1 million.

The proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in the Middle East. Jordan is a key partner in the coalition working together to defeat Islamic State in Iraq and Levant (ISIL) forces. This engine and sustainment program will maintain Jordan’s fighter aircraft capabilities and support its national defense. Jordan will have no difficulty absorbing this support.

The proposed sale of this equipment, services, and support will not alter the basic military balance in the region.

Jordan has accounted for the cost of engine sustainment in its budget over the course of multiple years.

The prime contractor will be Pratt and Whitney, East Hartford, Connecticut. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will entail periodic Program Management Reviews in the United States or Jordan. There are no additional U.S. Government or contractor representatives anticipated to be stationed in Jordan as a result of this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Indonesia-AIM-120C-7 Advanced Medium-Range Air-to-Air Missiles (AMRAAMs)

WASHINGTON, Mar. 10, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Indonesia for AIM-120C-7 Advanced Medium-Range Air-to-Air Missiles (AMRAAMs), equipment, training, and logistics support. The estimated cost is $95 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on March 9, 2016.

The Government of Indonesia has requested a possible sale of thirty-six (36) AIM-120C-7 AMRAAMs and one (1) Missile Guidance Section. Also included in this possible sale are; control section support equipment, spare parts, services, logistics, technical contractor engineering and technical support, loading adaptors, technical publications, familiarization training, test equipment, and other related elements. The total estimated value of MDE is $80 million. The overall total estimated value is $95 million.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a key partner that has been, and continues to be, an important force for political stability and economic progress in the Asia-Pacific region.

The proposed sale improves Indonesia’s capability to deter regional threats and strengthen its homeland defense. Indonesia is able to absorb this additional equipment and support into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The prime contractor will be determined by competition. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. Government or contractor representatives to Indonesia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
WASHINGTON, Mar. 25, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Kingdom for P-8A Aircraft and associated equipment, training, and support. The estimated cost is $3.2 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on March 24, 2016.

The Government of the United Kingdom (UK) has requested notification for the possible procurement of up to nine (9) P-8A Patrol Aircraft, associated major defense equipment, associated training, and support. The estimated cost is $3.2 billion.

The UK is a close ally and an important partner on critical foreign policy and defense issues. The proposed sale will enhance U.S. foreign policy and national security objectives by enhancing the UK’s capabilities to provide national defense and contribute to NATO and coalition operations.

The proposed sale will allow the UK to reestablish its Maritime Surveillance Aircraft (MSA) capability that it divested when it cancelled the Nimrod MRA4 Maritime Patrol Aircraft (MPA) program. The United Kingdom has retained core skills in maritime patrol and reconnaissance following the retirement of the Nimrod aircraft through Personnel Exchange Programs (PEPs). The MSA has remained the United Kingdom’s highest priority unfunded requirement. The P-8A aircraft would fulfill this requirement. The UK will have no difficulty absorbing these aircraft into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor involved in this sale is The Boeing Company, Seattle, WA. Implementation of the proposed sale will require approximately sixty-four (64) personnel hired by Boeing to support the program in the United Kingdom. Additional contractors include:

ViaSat, Carlsbad, CA
GC Micro, Petaluma, CA
Rockwell Collins, Cedar Rapids, IA
Spirit Aero, Wichita, KS
Raytheon, Waltham, MA
Telephonics, Farmingdale, NY
Pole Zero, Cincinnati, OH
Northrop Grumman Corp, Falls Church, VA
Exelis, McLean, VA
Terma, Arlington, VA
Symmetrics, Canada
There are no known offset agreements proposed in connection with this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-CPA@state.gov.

Transmittal No. 16-23

Australia – GBU-39 (Small Diameter Bomb Increment I)

WASHINGTON, Apr. 6, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for GBU-39 (Small Diameter Bomb Increment I) and associated equipment, training, and support. The estimated cost is $386 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 4, 2016.

The Government of Australia has requested a possible sale of:

Major Defense Equipment (MDE):
Up to 2,950 GBU-39/B Small Diameter Bomb I (SDB I)
Up to 50 Guided Test Vehicles (GTV) with GBU-39 (T-1)/B (Inert Fuze)

This request also includes the following Non-MDE: containers, weapons system support equipment, support and test equipment, site survey, transportation, repair and return warranties, spare and repair parts, publications and technical data, maintenance, personnel training, and training equipment, U.S. Government and contractor representative engineering, logistics, and technical support services, and other related elements of logistics support.

The total estimated value of MDE is $172 million. The total overall estimated value is $386 million.

Australia is one of our most important allies in the Western Pacific. The strategic location of this political and economic power contributes significantly to ensuring peace and economic stability in the region. This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major contributor to political stability, security, and economic development in the Pacific region and globally.

The sale of SDB I supports and complements the on-going sale of the F-35 to the Royal Australian Air Force (RAAF). This capability will strengthen combined operations and increase interoperability between the U.S. Air Force and the RAAF. Australia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment will not alter the basic military balance in the region.

The principal contractor for production is Boeing in St. Louis, Missouri. The principal contractor for integration is unknown and will be determined during contract negotiations. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. or contractor representatives to Australia.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

France--Guided Multiple Launch Rocket System (GMLRS) Unitary Rocket Pods and Related Support

WASHINGTON, Apr. 12, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to France for Guided Multiple Launch Rocket System (GMLRS) Unitary Rocket Pods and related support. The estimated cost is $90 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of France has requested a possible sale of twenty-one (21) GMLRS Unitary Rocket Pods. Also included are a GMLRS Quality Assurance Team (QAT), GMLRS publications, live fire data, software updates, and technical assistance. The total estimated value of MDE is $60 million. The overall total estimated value is $90 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally which has been, and continues to be an important force for political stability and economic progress. It is vital to the U.S. national interest to assist France to develop and maintain a strong and ready self-defense capability.

France intends to use these missiles to expand its existing army architecture and improve its self-defense capabilities. France is a co-developer of the GMLRS and has operational requirements for additional missiles. France will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The U.S. Army procured the GMLRS Unitary from Lockheed Martin Industries, Camden, Arkansas. The sale of these GMLRS Unitary will be from U.S. stock; therefore, Lockheed Martin will not be involved. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require U.S. Government and contractor representatives to travel to France for equipment de-processing, fielding, system checkout, and new equipment training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Qatar- RIM-116C and RIM-116C-2 Rolling Airframe Missiles

WASHINGTON, Apr. 22, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Qatar for RIM-116C and RIM-116C-2 Rolling Airframe Missiles and associated equipment, training, and support. The estimated cost is $260 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 21, 2016.

The Government of Qatar has requested a possible sale of two-hundred and fifty-two (252) RIM-116C Rolling Airframe Tactical Missiles, and two (2) RIM 116C-2 Rolling Airframe Telemetry Missiles. Also included are support equipment, publications and technical documentation, personnel training, U.S. Government and contractor engineering, technical and logistics support services, live fire test event support, and other related integration elements. The total estimated value of MDE is $227 million. The overall total estimated value is $260 million.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a friendly country. Qatar is an important force for political stability and economic progress in the Persian Gulf region. This proposed sale will provide Qatar with military capabilities to protect its naval forces and nearby oil/gas infrastructure from air and missile threats. Qatar will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment, services, and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missile Systems in Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple trips by U.S. Government and contractor representatives to participate in program and technical reviews, system integration, as well as training and maintenance support in country for a period of thirty-six (36) months.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Australia – AIM-120D Advanced Medium-Range Air-to-Air Missiles

WASHINGTON, Apr. 25, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for AIM-120D Advanced Medium-Range Air-to-Air Missiles and associated equipment, training, and support. The estimated cost is $1.22 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 21, 2016.

The Government of Australia requested a possible sale of:

**Major Defense Equipment (MDE):**
- Up to 450 Advanced Medium-Range Air-to-Air Missiles (AIM-120D)
- Up to 34 AIM-120D Air Vehicles Instrumented (AAVI)
- Up to 6 Instrumented Test Vehicles (ITVs)
- Up to 10 spare AIM-120 Guidance Sections (GSs)

This request also includes the following Non-MDE: containers, weapon system support equipment, support and test equipment, site survey, transportation, repair and return warranties, spare and repair parts, publications and technical data, maintenance, personnel training, and training equipment, U.S. Government and contractor representative engineering, logistics, and technical support services, and other related elements of logistics support.

The total estimated value of MDE is $1.08 billion. The total overall estimated value is $1.22 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner and major contributor to political stability, security, and economic development in the Pacific region and globally.

This proposed sale is in support of the Royal Australian Air Force’s (RAAF) F/A-18, E/A-18G, and F-35 aircraft. This proposed sale will provide the RAAF additional air-to-air intercept capability and increase interoperability with the U.S. Air Force. Australia will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment will not alter the basic military balance in the region.

The principal contractor for production is Raytheon in Tucson, Arizona. The principal contractor for integration is unknown and will be determined during contract negotiations. There are no known offset agreements proposed in connection with this potential sale.
Implementation of this sale will not require the assignment of any additional U.S. or contractor representatives to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
WASHINGTON, May 2, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to France for Hellfire Missiles and associated equipment, training, and support. The estimated cost is $30 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 29, 2016.

The Government of France previously requested the potential sale of one hundred twelve (112) AGM-114K1A Hellfire Missiles, one hundred two (102) AGM-114N1A Hellfire Missiles, fifty (50) ATM-114Q1A Hellfire Training Missiles. Non-MDE consists of four (4) Hellfire Missile Mock-Up Sectional Models, four (4) Hellfire II AGM-114N Warhead Mock-Ups, thirty (30) Hellfire M36-E4 Training Missiles, sixty (60) Hellfire M60 Dummy Missiles, M299 Launcher Spare Parts (O and I Level), Hellfire Missile Spare Parts (O and I Level), M36-E4 Training Missile Spare Parts (O and I Level), Integrated Logistics Support Hardware Equipment, Training, U.S. Government Technical Assistance, one hundred (100) Dome Covers, three (3) Hellfire AGM-114K1A Warhead Sections, three (3) Hellfire AGM-114N1 Warhead Sections, thirty (30) LSS Simulators, three (3) AN-205Bs, forty-four (44) IRIS, three (3) Calibration Cables, AN-205B Test Equipment Spare Parts, AGM-114N1 Warheads without Electronic Safe, Arm and Fire Device, thirteen (13) AGM-114K1A Main Warheads with No Control Interface Group, thirteen (13) AGM-114K1A Precursors, Hellfire Tripod Launcher with Launch Control without Laser, Technical Data Documentation, Publications, Repair and Return Services, Classified Technical Data Package, Unanticipated and Unprogrammed Requirements, sixteen (16) Hellfire II AGM-114K1A Missile Sleeves, Hellfire M60 Dummy Missile Spare Parts, sixty (60) M34 Hellfire Training Missile, and Conversion Services for M34 Dummy Missiles. The MDE value of these items was $20 million; the total implemented value of the initial case and amendments was $42 million.

Of the items listed above, France has already received (via a below Congressional threshold-level FMS case, FR-B-WAA) one-hundred and twelve (112) AGM-114K1A Hellfire Missiles, one hundred two (102) AGM-114N1A Hellfire Missiles, fifty (50) ATM-114Q1A Hellfire Training Missiles, Hellfire Missile conversion kits, blast fragmentation sleeves and installation kits, containers, and transportation.

France has requested that this existing FMS case, FR-B-WAA, be amended with the possible sale of two-hundred (200) AGM-114K1A Hellfire Missiles, Hellfire Missile conversion, blast fragmentation sleeves and installation kits, containers, and transportation. The estimated MDE cost in this amendment is $25 million. The total estimated cost is $30 million.

As the amendment requested by France will raise the value of FR-B-WAA over the Congressional notification threshold, this transmittal notifies what will be the total quantities and value of the Letter of Offer and Acceptance (LOA) with this proposed amendment. The estimated cost of MDE is $45 million. The total estimated cost is $72 million.
This proposed sale will contribute to the foreign policy and national security of the United States by improving the capability of a NATO ally. France is a major political and economic power in Europe and a key democratic partner of the United States in ensuring peace and stability around the world. It is vital to the U.S. national interest to assist France to develop and maintain a strong and ready self-defense capability.

The additional missiles will meet France's operational requirements for a precision guided tactical missile for its Tigre Attack Helicopter. The purchase will directly support French forces actively engaged in operations in Mali and Northern Africa, providing them the capability to successfully engage targets with minimal collateral damage. France will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

There is no principal contractor for this sale as the missiles are coming from U.S. Army stock. There are no known offset agreements in connection with this potential sale.

Implementation of this proposed sale will not require any additional U.S. Government or contractor representatives in France.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Tunisia-OH-58D Kiowa Warrior Aircraft Equipment and Support

WASHINGTON, May 3, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Tunisia for OH-58D Kiowa Warrior Aircraft equipment, training, and support. The estimated cost is $100.8 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Tunisia has requested a possible sale of:

**Major Defense Equipment (MDE):**
- Twenty-four (24) AN/AAR-57 Common Missile Warning Systems (CMWS)
- Ten (10) AGM-114R Hellfire Missiles
- Eighty-two (82) Advanced Precision Kill Weapon System (APKWS) Rounds

This request includes the following Non-MDE:
- To be installed on each of the twenty-four (24) EDA OH-58D aircraft: one (1) SHP Rolls-Royce 250-C30R/3 Engine, one (1) AN/ARC-164 UHF Radio, one (1) AN/ARC-186 VHF Radio, one (1) PC-DTS-V Data Recorder, two (2) AN/ARC-201D Radios, one (1) AN/APX-118 IFF Transponder, one (1) AN/APR-39A(V)1/4 Radar Signal Detecting Set, one (1) AN/AVR-2B Laser Warning Receiver, one (1) M134 DH Mini-Gun, one (1) M3P Aircraft Gun System, and two (2) M260 Rocket Launchers.
- Fifty (50) AN/AVS-6 Night Vision Goggles (NVGs), five-hundred thousand (500,000) 12.7mm rounds for the M3P Gun System, 2.3 million 7.62mm rounds for the M134DH Mini-Gun, the A965M1 Decoy Chaff Cartridges, M211 and M212 Advance Infrared Countermeasures Munition flares, eighty-two (82) MK66 MOD 4 2.75 rocket motors and eighty-two (82) M152 High Explosive (HE) warheads to support the APKWS, one (1) EGI for the Combined Armament Avionics Electrical Trainers, six (6) M279A1 Hellfire Launchers, associated test and support equipment, technical support, the Army’s Non-Standard Rotary Wing Aviation Program Manager’s Office (NSRWA PMO) technical support, Security Assistance Management Directorate’s (SAMD) program technical support, additional contractor support, Peculiar Ground Support Equipment (PGSE), Post Production Support Services (PPSS), Government Furnished Equipment (GFE), Retrofit Service Notice (RSN), Repair and Return (R&R), communication and navigation equipment, aircraft survivability equipment, displays, flyable storage, transportation of aircraft, publications, and training.

The total estimated value of MDE is $44.3 million. The total overall estimated value is $100.8 million.

Tunisia has been approved to receive twenty-four (24) OH-58D Kiowa Warrior Helicopters via the Excess Defense Articles (EDA) Program under a separate notification. That separate notification included only the OH-
58D airframes, thus this transmittal includes all the major components and customer-unique requirements requested to supplement the EDA grant transfer.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by helping to improve the security of Tunisia which has been, and continues to be an important force for political stability and economic progress in the North African region. The United States is committed to the security of Tunisia, and it is vital to U.S. national interests to assist Tunisia to develop and maintain a strong and ready self-defense capability.

The OH-58D Kiowa Warrior helicopters along with the parts, systems, and support enumerated in this notification will improve Tunisia’s capability to conduct border security and combat operations against terrorists, including Al-Qaida in the Islamic Maghreb (AQIM), Islamic State in Iraq and the Levant (ISIL) in Libya, and Ansar al-Sharia, Tunisia (AAS-T). These helicopters will further modernize the Tunisian armed forces and increase its interoperability with U.S. forces and other coalition partners. Tunisia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The principal contractor for this effort is unknown and will be determined during contract negotiations. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of approximately ten (10) additional U.S. Government and approximately fifteen (15) contractor representatives to Tunisia for approximately five (5) years to support the fielding, maintenance, and personal training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
United Arab Emirates-AGM-114 R/K Hellfire Category III Missiles

WASHINGTON, May 13, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Arab Emirates for AGM-114 R/K Hellfire Category III Missiles and equipment, training, and support. The estimated cost is $476 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 11, 2016.

The United Arab Emirates (UAE) has requested a possible sale of four-thousand (4,000) AGM-114 R/K Hellfire Missiles over the next three (3) years in increments of one-thousand (1,000) to one-thousand five-hundred (1,500) missiles. Also included in this possible sale are training and technical assistance. The total estimated value of MDE is $468 million. The overall total estimated value is $476 million.

This proposed sale will enhance the foreign policy and national security of the United States by helping to improve the security of a partner country, which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed sale will improve the UAE’s capability to meet current and future threats and provide greater security for its critical infrastructure. The UAE will use the enhanced capability to strengthen its homeland defense. UAE will have no difficulty absorbing these Hellfire missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Lockheed Martin Missile and Fire Control in Dallas, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. Government or contractor representatives to the United Arab Emirates.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Transmittal No. 15-70

Egypt - UGM-84L Harpoon Block II Encapsulated Missiles

WASHINGTON, May 13, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Egypt for UGM-84L Harpoon Block II Encapsulated Missiles and equipment, training, and support. The estimated cost is $143 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 11, 2016.

The Government of Egypt has requested a possible sale of:

Major Defense Equipment (MDE) includes:

Twenty (20) UGM-84L Harpoon Block II Encapsulated Missiles
Two (2) Encapsulated Harpoon Certification Training Vehicles (EHCTV)

Non-MDE items also included are containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor representative technical assistance, engineering and logistics support services, and other related elements of logistics support.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner that has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale of these submarine-launched missiles will support the Egyptian Navy’s Type 209 submarines, increasing its anti-surface warfare and maritime security capabilities. Egypt already possesses Harpoon Block II missiles and will have no difficulty absorbing these additional weapons.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be The Boeing Company in St. Louis, Missouri. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require annual trips to Egypt involving U.S. Government and contractor representatives for technical reviews, support, and oversight for approximately five years.

There will be no adverse impact on United States defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Qatar- Javelin Guided Missiles

WASHINGTON, May 26, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Qatar for Javelin Guided Missiles and associated equipment, training, and support. The estimated cost is $20 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 24, 2016.

The Government of Qatar has requested a possible sale of fifty (50) Javelin Guided Missiles (Category I), and ten (10) Command Launch Units (CLUs) with Integrated Day/Thermal Sight (Category III Sensitive) with Container. Also included in this possible sale are: ten (10) Javelin Missile Simulation Rounds, one (1) Enhanced Basic Skills Trainer (EPBST), and twelve (12) Battery, Non-Rechargeable, six (6) Battery, Storage, Rechargeable, Battery Discharger, Battery Charger for #9, and ten (10) Battery Coolant Units. Also included in this possible sale are U.S. Government Technical Information and Assistance and Life Cycle Contractor support (LCCS) for twenty-four (24) months or until funds are exhausted. This support provides for personnel, services, materials, facilities, equipment, maintenance, supply support, Integrated Support Plan, product assurance, and configuration management. The total estimated value of Major Defense Equipment is $15 million. The overall total estimated value is $20 million.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a regional partner. Qatar is an important force for political stability and economic progress in the Persian Gulf region. This proposed sale strengthens U.S. efforts to promote regional stability by enhancing the defense to a key U.S. ally.

The proposed sale will improve Qatar’s capability to meet current and future threats and provide greater security for its critical oil and natural gas infrastructure. Qatar will use the enhanced capability to strengthen its homeland defense. Qatar will have no difficulty absorbing these missiles into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin, Troy, AL. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple trips by U.S. Government and contractor representatives to travel to Qatar for up to twenty-four (24) months for equipment de-processing, fielding, system checkout, training, and technical logistics support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

The Government of Kuwait-F/A-18 C/D Services and Support

WASHINGTON, May 26, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Kuwait for F/A-18 C/D services and support. The estimated cost is $420 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 24, 2016.

The Government of Kuwait has requested a possible sale of the following Non-Major Defense Equipment (MDE): continuation of contractor engineering technical services, contractor maintenance services, Hush House (an enclosed, noise-suppressed aircraft jet engine testing facility) support services, and Liaison Office Support for the Government of Kuwait F/A-18 C/D program. This will include F/A-18 avionics software upgrades, engine component improvements, ground support equipment, engine and aircraft spares and repair parts, publications and technical documentation, Engineering Change Proposals (ECP), U.S. Government and contractor programmatic, financial, and logistics support. Also included are: maintenance and engineering support, F404 engine and engine test cell support, and Liaison Office support for five (5) Kuwait Liaison Offices. There is no MDE associated with this possible sale. The total overall estimated value is $420 million.

The proposed sale of support services will enable the Kuwait Air Force to ensure the reliability and performance of its F/A-18 C/D aircraft. Kuwait will have no difficulty absorbing this support into its armed forces.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been, and continues to be, an important force for political stability and economic progress in the Middle East. Kuwait plays a large role in U.S. efforts to advance stability in the Middle East, providing basing, access, and transit for U.S. forces in the region.

The proposed sale of support and services will not alter the basic military balance in the region.

The principal contractors will be Kay and Associates Incorporated in Buffalo Grove, Illinois; The Boeing Company in St. Louis, Missouri; Industrial Acoustics Corporation in Winchester, England; General Electric in Lynn, Massachusetts; and Sigmatech in Huntsville, Alabama. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require two-hundred and seventy-five (275) contractor representatives to travel to Kuwait for a period of three (3) years to provide support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Oman-Continuation of Logistics Support Services and Equipment

WASHINGTON, May 26, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Oman for continuation of logistics support services and equipment. The estimated cost is $260 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 24, 2016.

The Government of Oman requests follow-on support for its existing F-16 fleet that includes support equipment, communications equipment, personnel training, spare and repair parts, publications, Electronic Combat International Security Assistance Program (ECISAP), Contractor Engineer Technical Services (CETS), Technical Coordination Group (TCG), International Engine Management Program (IEMP), Precision Measurement Equipment Laboratory (PMEL) calibration and technical orders. The estimated value of this possible sale is $260 million.

The proposed sale of support services will enable the Royal Air Force of Oman to ensure the reliability and performance of its F-16 aircraft. Oman will have no difficulty absorbing this support into its armed forces.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed sale allows the U.S. military to support the Royal Air Force of Oman, further strengthen the U.S.-Omani military-to-military relationship, and ensure continued interoperability of forces and opportunities for bilateral training and exercises with Oman’s military forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors for this sale are: Lockheed Martin Aero, Fort Worth, TX; ITT (EXCELIS-Harris), Fort Wayne, IN; BAE Systems, Austin, TX; Honeywell, Clearwater, FL; Northrop Grumman, Linthicum Heights, MD; Marvin Engineering, Inglewood, CA; Lockheed Martin Missile and Fire Control, Orlando, FL; Goodrich Corp, Westford, MA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale does not require the assignment of any additional U.S. Government or contractor representatives to Oman.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

All defense articles and services have been approved for release to the Government of Oman.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Australia –SM-2 Block IIIB STANDARD Missiles

WASHINGTON, May 31, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for SM-2 Block IIIB STANDARD missiles, equipment, and support. The estimated cost is $301 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 27, 2016.

The Government of Australia requested a possible sale of:

- **Major Defense Equipment (MDE):**
  - Up to eighty (80) STANDARD Missile, SM-2 Block IIIB Vertical Launching Tactical All-Up Rounds, RIM-66M-09
  - Up to fifteen (15) MK 97 SM-2 Block IIIB Guidance Sections (GSs)

This request also includes the following Non-MDE: MK 13 MOD 0 Vertical Launching System Canisters, operator manuals and technical documentation, U.S. Government and contractor engineering, technical and logistics support services.

The total estimated value of MDE is $216 million. The total overall estimated value is $301 million.

Australia is one of the major political and economic powers in Southeast Asia, a key democratic partner of the United States in ensuring regional peace and stability, a close coalition ally in major/lesser regional contingency operations, and a close cooperative and international exchange agreement partner. It is vital to U.S. national interests that Australia develops and maintains a strong and ready self-defense capability. This sale is consistent with U.S. regional objectives.

The SM-2 Block IIIB missiles proposed in this purchase will be used for anti-air warfare test firings during Combat Systems Ship Qualification Trials for the Royal Australian Navy’s three new Air Warfare Destroyers (AWD) currently under construction. The SM-2 Block IIIB missiles, combined with the Aegis combat systems in the AWDs, will provide significantly enhanced area defense capabilities over critical South East Asian air-and-sea-lines of communication. Australia has already integrated the SM-2 Block IIIA into its Perry-class FFGs and recently upgraded its Intermediate-Level Maintenance Depot at Defense Establishment Orchard Hills with new guided missile test equipment capable of maintaining the SM-2 All-Up Round. Australia will have no difficulty absorbing these new missiles.

The proposed sale of this equipment and support will not alter the basic military balance in the region.
The principal contractors will be Raytheon Missile Systems Company, Tucson, Arizona; Raytheon Company, Camden, Arkansas; and BAE of Minneapolis and Aberdeen, South Dakota. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will not require the assignment of any U.S. or contractor representatives to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
The Government of Iraq-AC-208 Sustainment, Logistics, and Spares Support

WASHINGTON, Jun 14, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Iraq for AC-208 sustainment, logistics, and spares support. The estimated cost is $181 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Iraq has requested a possible sale of a five-year sustainment package for its AC/RC-208 fleet that includes: operational, intermediate, and depot-level maintenance; spare parts; component repair; publication updates; maintenance training; and logistics. Also included in this sale are Contract Logistics Services (CLS), training services, and Contract Engineering Services. There is no MDE associated with this possible sale. The total overall estimated value is $181 million.

The purchase of this sustainment package will allow the Iraqi Air Force (IqAF) to continue to operate its fleet of eight C-208 light attack and Intelligence, Surveillance, and Reconnaissance (ISR) aircraft beyond the June 2016 end of its existing CLS contract. Limited IqAF maintenance capability necessitates continued CLS. Ultimately, the goal is for the IqAF to become self-sufficient in the areas of aircraft maintenance and logistics training. Iraq will have no difficulty absorbing this support.

The proposed sale will contribute to the foreign policy and national security goals of the United States by helping to improve a critical capability of the Iraq Security Forces in defeating the Islamic State of Iraq and the Levant.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be Orbital ATK in Falls Church, Virginia, and Flight Safety International in Flushing, New York. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Iraq.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Iraq.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Chile – Evolved Seasparrow Missiles (ESSMs)

WASHINGTON, Jul 5, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Chile for Evolved Seasparrow Missiles (ESSMs), equipment, training, and support. The estimated cost is $140.1 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 1, 2016.

The Government of Chile has requested a possible sale of:

Major Defense Equipment (MDE):
Thirty-three (33) Evolved Seasparrow Missiles (ESSMs)
Six (6) Evolved Seasparrow Telemetry Missiles
Three (3) MK 41 Vertical Launching Systems (VLS), tactical version, baseline VII

Non-MDE:
This request also includes the following Non-MDE: Ten (10) MK25 Quad Pack Canisters; Five (5) ESSM Shipping Containers; Five (5) MK-73 Continuous Wave Illumination Transmitters, One (1) Inertial Missile Initializer Power Supply (IMIPS); spare and repair parts, support and test equipment, publications and technical documentation, personnel training, U.S. Government and contractor engineering, technical and logistics support services, technical assistance, installation and integration oversight support, logistics, program management, packaging and transportation.

The total estimated value of MDE is $73.2 million. The total overall estimated value is $140.1 million.

This proposed sale will contribute to the foreign policy and national security of the United States by increasing Chile’s ability to contribute to regional security and promoting interoperability with the U.S. forces. The sale will provide upgraded air defense capabilities on Chile’s type 23 frigates. The proposed sale improves Chile’s capability to deter regional threats and strengthen its homeland defense. Chile will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be Raytheon Missile Systems, Tucson, Arizona, BAE Systems, Aberdeen, South Dakota, and Lockheed Martin, Bethesda, MD. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government
or contractor representatives to Chile.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Republic of Korea-SM-2 Block IIIB Standard Missiles and Containers

WASHINGTON, Jul 5, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Republic of Korea for SM-2 Block IIIB Standard missiles, containers and support. The estimated cost is $65 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 1, 2016.

The Republic of Korea has requested a possible sale of:

Major Defense Equipment (MDE):
Seventeen (17) SM-2 Block IIIB Standard Missiles
Seventeen (17) SM-2 Missile Containers

Non-MDE:
This request also includes the following Non-MDE: personnel training and training equipment, publications and technical data, U.S. Government and contractor technical assistance, and other related logistics support.

The total estimated value of MDE is $60 million. The total overall estimated value is $65 million.

The Republic of Korea (ROK) is one of the major political and economic powers in East Asia and the Western Pacific and a key partner of the United States in ensuring peace and stability in that region. It is vital to U.S. national interests to assist our Korean ally in developing and maintain a strong and ready self-defense capability.

The ROK Navy (ROKN) intends to use the SM-2 Block IIIB Standard missiles to supplement its existing SM-2 Block IIIA/IIIB inventory. The proposed sale will provide a defensive capability while enhancing interoperability with U.S. and other allied forces. The Republic of Korea will have no difficulty absorbing these additional missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be the Raytheon Electronic Systems Company in Tucson, Arizona.

There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the Republic of Korea. However, U.S. Government or contractor personnel in-country visits will be required on a temporary basis in conjunction with program technical oversight and support.
requirements.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Israel - Excess SH-60F Sea-Hawk Helicopter Equipment and Support

WASHINGTON, Jul 6, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Israel for Excess SH-60F Sea-Hawk Helicopter equipment and support. The estimated cost is $300 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 5, 2016.

The Government of Israel has requested to procure twelve (12) T-700 GE 401C engines (ten (10) installed and two (2) spares), eight (8) AN/APN-194(V) Radar Altimeters; eight (8) AN/APN-217A Doppler Radar Navigation Sets; eight (8) AN/ARN-151 (V)2 Global Positioning Systems; eight (8) AN/APX-100(V) Identification Friend or Foe (IFF) Transponder Sets; eight (8) OA-8697 A/ARD Direction Finding Groups; eight (8) AN/ARN-118(V) NAV Receivers; eight (8) AN/ARN-146 On Top Position Indicators; sixteen (16) IP-1544A/ASQ-200 Horizontal Situation Video Displays (HSVD); eight (8) AN/ARC-174A (V)2 HF Radios; sixteen (16) AN/ARC182(V) UHF/UHF Radios; eight (8) PIN 70600-81010-011 Communication System Controllers; eight (8) GAU-16 50 Caliber Machine Guns; eight (8) M-60D/M-240 Machine Guns; eight (8) Internal Auxiliary Fuel Tanks; sixteen (16) External Auxiliary Fuel Tanks; and eight (8) C-11822/AWQ Controllers, Armament System. Also included are spares and repair parts, support and test equipment, communication equipment, ferry support, publications and technical documentation, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is $300 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic regional partner, which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

Israel has been approved to receive eight (8) SH-60F Sea Hawk Helicopters via the Excess Defense Articles (EDA) Program under a separate notification. That separate notification included only the SH-60 airframes, thus this transmittal includes all the major components and customer-unique requirements requested to supplement the EDA grant transfer.

Israel has purchased four new frigates to secure the Leviathan Natural Gas Field. The SH-60F helicopters will be used onboard these new frigates to patrol and protect these gas fields as well as other areas under threat.

The proposed sale will improve Israel's capability to meet current and future threats. The SH-60F Sea-Hawk Helicopters along with the parts, systems, and support enumerated in this notification will provide the capability to perform troop/transport deployment, communications relay, gunfire support, and search and rescue. Secondary missions include vertical replenishment, combat search and rescue, and humanitarian missions. Israel will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense.
Israel will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be Science and Engineering Services, LLC, Huntsville, Alabama, and General Electric (GE) of Lynn, Massachusetts. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of additional U.S. Government and/or contractor representatives to Israel.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Japan - SM-2 Block IIIB Standard Missiles

WASHINGTON, Jul 19, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Japan for SM-2 Block IIIB Standard missiles, equipment, and support. The estimated cost is $821 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 15, 2016.

The Government of Japan has requested a possible sale of up to two hundred forty-six (246) Standard Missile (SM-2), Block IIIB Vertical Launching Tactical All-Up Rounds, RIM-66M-09. This request also includes MK 13 MOD 0 Vertical Launching System Canisters, operator manuals and technical documentation, U.S. Government and contractor engineering, technical and logistics support services. The total estimated value of Major Defense Equipment (MDE) is $685 million. The total overall estimated value is $821 million.

Japan is one of the major political and economic powers in East Asia and the Western Pacific, a key democratic partner of the United States in ensuring regional peace and stability, a close coalition ally in regional contingency operations, and a close cooperative and international exchange agreement partner. It is vital to U.S. national interests that Japan develops and maintains a strong and ready self-defense capability. This transaction is consistent with U.S. foreign policy and national security objectives and the 1960 Treaty of Mutual Cooperation and Security.

These SM-2 Block IIIB missiles will be used for anti-air warfare at sea. Japan currently fields four Kongo-class and two Atago-class destroyers, all of which are equipped with the Aegis Combat system and SM-2 Block IIA/IIIB missiles. Japan is also building two new Aegis-equipped destroyers based on a modified Atago-class hull. The SM-2 Block IIIB missiles proposed in this sale will be used on these two future destroyers as well as supplementing Japan’s missile inventory. Combined with the Aegis combat system, the SM-2 Block IIIB provides significantly enhanced area defense capabilities over critical East Asian and Western Pacific air- and sea-lines of communication. Japan has two Intermediate-Level Maintenance Facilities capable of maintaining the SM-2 Block IIIB and will have no difficulty absorbing these new missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be Raytheon Missile Systems Company, Tucson, Arizona; Raytheon Company, Camden, Arkansas; and BAE of Minneapolis and Aberdeen, South Dakota. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will not require the assignment of any U.S. or contractor representatives to Japan.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
United Arab Emirates - Munitions, Sustainment, and Support

WASHINGTON, Jul 19, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Arab Emirates for munitions, sustainment, and support. The estimated cost is $785 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 15, 2016.

The Government of the United Arab Emirates (UAE) requests approval to procure seven thousand seven hundred (7,700) GBU-10 guidance kits with seven thousand seven hundred (7,700) Mk-84/BLU-117 bombs, five thousand nine hundred forty (5,940) GBU-12 guidance kits with five thousand nine hundred forty (5,940) Mk-82/BLU-111 bombs, five hundred (500) GBU-31V1 guidance kits with five hundred (500) Mk-84/BLU-117 bombs, five hundred (500) GBU-31V3 guidance kits with five hundred (500) BLU-109 bombs, and fourteen thousand six hundred forty (14,640) FMU-152 fuzes. This sale also includes non-MDE munitions items. The total estimated value of MDE is $740 million. The overall total estimated value is $785 million.

This proposed sale contributes to the foreign policy and national security of the United States by helping the UAE remain an active member of the OPERATION INHERENT RESOLVE (OIR) coalition working to defeat the Islamic State in Iraq and the Levant (ISIL). These munitions will sustain the UAE’s efforts and support a key partner that remains an important force for political stability and economic progress in the Middle East.

The proposed sale provides the UAE additional precision guided munitions to meet current and future threats. The UAE continues to provide host-nation support of vital U.S. forces stationed at Al Dhafra Air Base and plays a vital role in supporting U.S. regional interests. The UAE was a valued partner and active participant in OPERATION IRAQI FREEDOM (OIF), OPERATION ENDURING FREEDOM (OEF), OPERATION UNIFIED PROTECTOR (OUP), and now is a valued partner in OIR coalition operations.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The UAE will have no difficulties absorbing these munitions into its inventory.

The munitions will be sourced through procurement and the contractor determined during contract negotiations. There are no known offset agreements proposed in connection with this potential sale.

There are no additional U.S. Government or contractor representatives anticipated to be stationed in the UAE as a result of this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Argentina – T-6C+ Texan aircraft

WASHINGTON, Aug 3, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Argentina for T-6C+ Texan aircraft, training, and support. The estimated cost is $300 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 29, 2016.

The Government of Argentina has requested a possible sale of twenty-four (24) T-6C+ Texan trainer aircraft, spare engines, initial spare parts, support equipment, communications equipment, studies and surveys, contract logistics support and technical services, aircraft technical publications, aircraft ferry and support, life support equipment, initial maintenance training, initial pilot training, follow-on training, alternate mission equipment, Air Force Materiel Command services and travel, unclassified minor modifications and engineering change proposals, ground-based training system, operational flight trainer (OFT) and OFT spare parts. The estimated value is $300 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major non-NATO ally. This potential sale will provide additional opportunities for bilateral engagements and further strengthen the bilateral relationship between the United States and Argentina.

The Argentine military has embarked on an ambitious path toward modernizing its military materiel. The proposed sale will revitalize Argentina's capability to train its pilots and fulfill border control missions, especially along its porous northern border. The Argentine Air Force (AAF) will use the enhanced capability to redevelop a professional pilot corps and as a deterrent to illicit activity. The AAF is very experienced working with the Pratt & Whitney PT6 family of engines which they currently have on their T-34, King Air, and Cessna Caravan aircraft. Given the logistical commonalities with the aircraft already in its fleet, the AAF will be able to support and field the new T-6C+s.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Beechcraft Defense Company, LLC, of Wichita, Kansas. The purchaser requested offsets. At this time, agreements are undetermined and will be defined in negotiations between the purchaser and contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Argentina. The AAF plan is to initially train a cadre of mechanics in the United States, then a larger group in country via military training teams.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Defense Security Cooperation Agency

NEWS RELEASE

Kingdom of Saudi Arabia - M1A2S Saudi Abrams Main Battle Tanks and M88Al/A2 Heavy Equipment Recovery Combat Utility Lift Evacuation System (HERCULES) Armored Recovery Vehicles (ARV)

WASHINGTON, Aug 9, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for M1A2S Saudi Abrams Main Battle Tanks and M88Al/A2 Heavy Equipment Recovery Combat Utility Lift Evacuation System (HERCULES) Armored Recovery Vehicles (ARV), equipment, training, and support. The estimated cost is $1.15 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 8, 2016.

The Kingdom of Saudi Arabia has requested a possible sale of up to one hundred fifty-three (153) M1A1/A2 Tank structures for conversion to one hundred thirty-three (133) M1A2S Saudi Abrams configured Main Battle Tanks and twenty (20) battle damage replacements for their existing fleet; one hundred fifty-three (153) M2 .50 Caliber Machine Guns; two hundred sixty-six (266) 7.62mm M240 Machine Guns; one hundred thirty-three (153) M250 Smoke Grenade Launchers; twenty (20) M88A I/A2 Heavy Equipment Recovery Combat Utility Lift Evacuation System (HERCULES) Armored Recovery Vehicle (ARV) Structures for conversion to twenty (20) M88A1/A2 HERCULES ARVs; one hundred sixty-nine (169) AN/VAS-5 Driver Vision Enhancer-Abrams (DVE-A); one hundred thirty-three (133) AN/PVS-7B Night Vision Devices; four thousand two hundred fifty-six (4,256) Rounds M865 Training Ammunition; and two thousand three hundred ninety-four (2,394) Rounds M831Al Training Ammunition. Also included are M1A1/A2 Tank and M88A1/A2 ARV overhaul, conversion and refurbishment services; Special Tools and Test Equipment; Basic Issue Items; Program Management Support; Verification Testing; System Technical Support; Advanced Gunnery Training System (AGTS); Deployable Advanced Gunnery Training System (DAGTS); Transportation, Binoculars, Camouflage Netting; spare and repair parts; communications equipment; personnel training and training equipment; tool and test equipment; repair and return; publications and technical documentation; Quality Assurance Team (QAT); U.S. Government and contractor engineering, technical and logistics support services; and other related elements of logistics and program support. The total estimated value is $1.15 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic regional partner which has been and continues to be a leading contributor of political stability and economic progress in the Middle East. This sale will increase the Royal Saudi Land Force’s (RSLF) interoperability with U.S. forces and conveys U.S. commitment to Saudi Arabia's security and armed forces modernization.

The proposed sale of this equipment and support will not alter the basic military balance in the region.
The proposed sale will improve Saudi Arabia's capability to meet current and future threats and provide greater security for its critical infrastructure. The addition of these tanks and recovery vehicles to the RSLF’s inventory will enhance Saudi Arabia's ability to support its soldiers in the field and to defend the Kingdom’s borders. Saudi Arabia will have no difficulty absorbing these vehicles into its armed forces.

The principal contractor will be General Dynamics Land Systems (GDLS), Sterling Heights, Michigan. There are no known offset agreements in connection with this potential sale.

Implementation of this sale will not require the assignment of any additional U.S. Government or contractor representatives to Saudi Arabia. Support teams will travel to the country on a temporary basis.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
WASHINGTON, Aug 11, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the NATO Support and Procurement Agency for precision guided munitions, equipment, and support. The estimated cost is $231 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 9, 2016.

NATO Support and Procurement Agency as Lead Nation has requested a possible sale of precision guided munitions for subsequent retransfer to Belgium, Czech Republic, Denmark, Greece, Netherlands, Norway, Portugal, and Spain. Included are: five hundred (500) Joint Direct Attack Munition (JDAM) Guidance Kits, KMU-556 F/B; forty (40) JDAM Guidance Kits, KMU-557 F/B; one thousand five hundred (1,500) JDAM Guidance Kits, KMU-572 F/B; one thousand (1,000) MAU 210 E/B Computer Control Groups for 1,000-lb. Enhanced Paveway IIs; three hundred (300) MAU 210 E/B Computer Control Groups for GBU-49s; one thousand twenty-five (1,025) MAU 169 L/B Computer Control Groups for GBU-12s; one thousand three hundred fifty (1,350) Joint Programmable Fuzes, FMU-152 A/B; sixty (60) Bomb Fin Assembly and Airfoil Group 650-MXU K/B for GBU-12s; one thousand twenty-five (1,025) Bomb Fin Assembly and Airfoil Group, MXU-650 K/B AFG for GBU-12s. It also includes Detector Sensing Unit (DSU)-38A/B Laser sensors; DSU-33D/B proximity sensors; Wireless Paveway Avionics Kit (WIPAK) interfaces for Enhanced Paveway II bombs; FMU-139C/B electronic bomb fuzes; repair and return services; transportation; engineering services; and other support services. The estimated value is $231 million.

The proposed sale improves NATO members' capability to meet current and future ground threats with precision. They will use the enhanced capacity as a deterrent to regional threats, and to increase interoperability within contingency operations. Many of the purchasing nations already have precision-guided munitions in their inventories and will have no difficulty absorbing these additional munitions.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors for production are the Boeing Corporation of St Louis, Missouri, and Raytheon Missile Systems of Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to NATO.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
WASHINGTON, Aug 18, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Afghanistan for individual and crew served weapons, equipment, training, and support. The estimated cost is $60 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 17, 2016.

The Government of Afghanistan has requested a possible sale of:

**Major Defense Equipment (MDE):**
Four thousand, eight hundred and ninety-one (4,891) M16A4 5.56mm Rifles
Four hundred and eighty-five (485) M240B 7.62mm Machine Guns
Eight hundred (800) M2 .50 caliber Machine Guns

**Non-MDE:**
Also included with this request are M249 Light Automatic Machine Guns; M110 7.62mm Sniper Rifles; MK-19 40mm Grenade Launchers; MK-93 40mm Machine Gun Mounts; M3 Tripod Machine Gun Mounts; Spare Barrels; spare and repair parts; lot validation; publications and technical documentation; personnel training and training equipment; Quality Assurance Team; U.S. Government and contractor technical and logistics support services; and other related elements of logistics and program support. The estimated cost is $60 million.

The proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a strategic partner by providing weapons needed to maintain security and stability, as well as to conduct offensive operations against an ongoing insurgency. A stable and secure Afghanistan is vital to regional stability. This proposed sale will also demonstrate the U.S. commitment to Afghanistan’s security.

Afghanistan has an urgent requirement to increase its stocks of crew-served weapons for ongoing counter-insurgency operations and enduring threats to its national sovereignty. These articles were determined to be necessary and are based on Afghanistan’s force structure and operational requirements.

The Afghan National Army (ANA) will use these weapons and equipment in both offensive and defensive operations against insurgents and terrorists within their borders. Without these defense articles, the ANA will not have the military capabilities that are necessary to maintain security and stability. The ANA is thoroughly trained and prepared to use the proposed defense articles. Afghanistan will have no difficulty absorbing this equipment into its armed forces.
While equipment for the ANA is typically purchased with Title 10 Afghanistan Security Forces Fund (ASFF) appropriations and implemented by DSCA through pseudo-FMS cases, Afghanistan will use U.S. government grants to fund and support this proposed purchase.

The principal contractor for the M240B will be FN America, Colombia, SC. The principal contractors for the M16A4, M2, and other weapons have not been identified pending open competition and contract award. Some items may be drawn from Army stocks to meet desired delivery dates. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will require the assignment of approximately eight (8) additional U.S. Government and approximately six (6) contractor representatives to Afghanistan for approximately 5-6 weeks in support of the fielding, maintenance and personnel training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Qatar - Mk-V Fast Patrol Boat

WASHINGTON, Aug 23, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Qatar for Mk-V Fast Patrol Boats, equipment, training, and support. The estimated cost is $124.02 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 19, 2016.

The Government of Qatar has requested:

**Major Defense Equipment (MDE):**
Eight (8) M2HB .50 Caliber Machine Guns

**Non-MDE:**
Also included are Mk-V Fast Patrol Boats, Forward Looking Infrared (FLIR) Systems, MLG 27mm Gun Systems, 27mm ammunition, 27mm target practice ammunition, .50 Caliber ammunition, support equipment, publications, technical documentation, personnel training, U.S. Government and contractor engineering, in-country support, technical and logistics support services.

The total estimated value of MDE is $0.02 million. The total estimated value is $124.02 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country. Qatar is an important force for political stability and economic progress in the Persian Gulf region. This proposed sale will provide Qatar with military capabilities to protect its critical sea-based infrastructure and maritime security. Qatar will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment, services, and support will not alter the basic military balance in the region.

The principal contractor will be United States Marine Incorporated (USMI) in Gulfport, Mississippi. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple trips by U.S. Government and contractor representatives to participate in program and technical reviews, system integration, as well as training and maintenance support in country for a period of five (5) years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
The Government of Egypt – 8 Sentinel AN/MPQ-64F1 Radars and Related Equipment and Support

WASHINGTON, Sep. 19, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Egypt for Sentinel AN/MPQ-64F1 Radars and related equipment, training, and support. The estimated cost is $70 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on September 16, 2016.

The Government of Egypt has requested a possible sale of eight (8) Sentinel AN/MPQ-64F1 Radars and software and training, as well as spares and support equipment, technical manuals, Single Channel Ground and Airborne Radio System (SINCGARS) VRC-92E Radios, 16 High Mobility Multipurpose Wheeled Vehicles (HMMWV) M1 152 with Shelter Carrier Kit, U.S. Government and contractor support, training and other associated support, equipment and services. The total estimated value of MDE is $40 million. The total overall estimated cost is $70 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner that has been and continues to be an important force for political stability and economic progress in the Middle East.

The Government of Egypt intends to expand its existing air defense architecture to counter threats posed by air attack. This will contribute to Egypt’s military goal of updating its capabilities while further enhancing interoperability among Egypt, the United States, and other allies. Egypt will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor involved in this program is Thales Raytheon Systems, Fullerton, California. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require ten (10) U.S. Government or contractor representatives to travel to Egypt for a period of 8 weeks for equipment checkout and training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of Japan – KC-46A Aerial Refueling Aircraft

WASHINGTON, Sep. 21, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Japan for KC-46A aerial refueling aircraft and related equipment, training, and support. The estimated cost is $1.9 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Japan requested the sale of four (4) KC-46A aerial refueling aircraft. Each aircraft is powered by two (2) Pratt & Whitney Model 4062 (PW4062) Turbofan engines. The sale includes one (1) additional spare PW4062 engine. Each aircraft will be delivered with GPS capability and defensive systems installed plus spares, to include: Raytheon's ALR-69A Radar Warning Receiver (RWR), Raytheon's Miniaturized Airborne GPS Receiver (MAGR) 2000 (2K) to provide GPS Selective Availability Anti-Spoofing Module SAASM capability, and Northrop Grumman's AN/AAQ-24(V) Large Aircraft Infrared Countermeasures (LAIRCM) system. Each LAIRCM system consists of the following components: three (3) Guardian Laser Terminal Assemblies (GLTA), six (6) Ultra-Violet Missile Warning System (UVMWS) Sensors AN/AAR-54, one (1) LAIRCM System Processor Replacements (LSPR), one (1) Control Indicator Unit Replacement, one (1) Smart Card Assembly, and one (1) High Capacity Card.

The Major Defense Equipment (MDE) items are the aircraft and engines, MAGR 2K with SAASM, ALR-69A RWR, GLTA, UVMWS, and LSPR. The total MDE cost, with spares, is estimated at $1.5 billion.

The following non-MDE items will be included with the purchase of the four (4) x KC-46A airframes: twelve (16) AN/ARC-210 UHF Radios, six (12) APX-119 Identification Friend or Foe (IFF) transponders, initial spares and repair parts, consumables, support equipment, technical data, engineering change proposals, publications, Field Service Representatives' (FSRs), repair and return, depot maintenance, training and training equipment, contractor technical and logistics personnel services, U.S. Government and contractor representative support, Group A and B installation for subsystems, flight test and certification, and other related elements of logistics support. The total program cost is estimated to be $1.9 billion (includes all MDE and non-MDE values and above and below the line charges.

This proposed sale contributes to the foreign policy goals and national security objectives of the United States by meeting the legitimate security and defense needs of an ally and partner nation. Japan continues to be an important force for peace, political stability, and economic progress in the Asia-Pacific region.

The proposed sale increases Japan's capability to participate in Pacific region security operations and improves Japan's national security posture as a key U.S. ally. This proposed sale will provide Japan a needed capability to a close ally and support U.S. security interests in the region.

The proposed sale of this equipment and support does not affect the basic military balance in the region.
The principal contractors on the sale are Boeing Corporation as the aircraft manufacturer, supported by Raytheon Company, Waltham, MA, as the manufacturer of ALR-69A and the MAGR 2K. Northrop Grumman Corporation, Rolling Meadows, IL, will also support the sale as producer of the AN/AAQ-24(V)N LAIRCM system. Final assembly and delivery of the KC-46A takes place at Boeing's production facility in Everett, Washington. At this time, there are no known offset agreements proposed in connection with this potential sale.

Japan will have no difficulty absorbing these aircraft into its armed forces.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of Egypt – Common Missile Warning System (CMWS)
for AH-64E Apache, UH-60 Blackhawks, and CH-47 Chinook Helicopters

WASHINGTON, Oct. 7, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Egypt for Common Missile Warning System (CMWS) for AH-64E Apache, UH-60 Blackhawks, and CH-47 Chinook Helicopters and related equipment, training, and support. The estimated cost is $81.4 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on October 6, 2016.

The Government of Egypt has requested a possible sale of:

Major Defense Equipment (MDE):

This request also includes the following Non-MDE: OCONUS Installation/Integration, Installation Mounting Kits, Countermeasure Dispenser Test Set AN/ALM-294, Technical Assistance, U.S. Government Training and OCONUS Contractor Training, publications and technical documents, quality assurance and other related elements of logistics and program support. The estimated cost is $81.4 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner that has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale of the CMWS will equip the Egyptian Air Force’s fleet of multi-mission helicopters with a detection system for infrared missile threats. Egypt will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be BAE Systems and DynCorp. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of two (2) U.S. Government and two (2) contractor representatives to Egypt to support delivery of such equipment, installation and integration, maintenance and to provide technical support and equipment familiarization. Additionally, this program will require multiple trips involving U.S. Government and contractor personnel to participate in technical reviews, training and installation.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Republic of Iraq – AC-208 Aircraft

WASHINGTON, Oct. 7, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Iraq for AC-208 aircraft and related equipment, training, and support. The estimated cost is $65.3 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on October 6, 2016.

The Government of Iraq requests to purchase two (2) Cessna AC-208 aircraft that include: dual rail LAU-131 Hellfire launcher capability on each wing, AN/ALE-47 electronic countermeasure dispenser, AN/AAR-60 Missile Launch Warning System, AN/AAQ-35 Electro-Optical Infrared Imaging System, contractor aircraft modifications, spare parts, publication updates, aircraft ferry, and miscellaneous parts. The estimated total case value is $65.3 million.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a strategic partner. This proposed sale directly supports Iraq and serves the interests of the people of Iraq and the United States.

Iraq originally purchased three (3) AC-208 and three (3) C-208 aircraft in 2008. The Cessna aircraft are used to support Iraqi military operations against al-Qaeda affiliate and Islamic State of Iraq and the Levant (ISIL) forces. The purchase of two (2) additional aircraft enables the Iraqi Air Force to continue its fight against ISIL. Iraq will have no difficulty absorbing these aircraft into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The principal contractor is Orbital ATK, Falls Church, VA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. or contractor representatives to Iraq.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles and services are approved for release by our foreign disclosure office.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
The Government of Kuwait-Radar Field System

WASHINGTON, Oct. 13, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Kuwait for radar field systems and related equipment, training, and support. The estimated cost is $194 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Kuwait has requested a possible total sale of six (6) Short Range Radars, otherwise known as Gap Filler Radars, one (1) Long Range Radar with Primary Surveillance Radar (PSR) and Secondary Surveillance Radar (SSR) arrays, upgrades to existing AN/FPS 117 (V) 3 Long Range Radar, upgrades to airfield radome and communications systems, upgrade to secure Identification Friend or Foe (IFF) systems, site surveys, installation and checkout, site acceptance testing, interim contractor support, construction, contractor logistics support, spares, support equipment, and training. The total estimated value of this sale is $194 million.

The Government of Kuwait requested a limited competition between three (3) U.S. vendors to procure a total of six (6) Short Range, Gap Filler Radars (e.g., AN/MPQ-64 Sentinel F1, AN/TPS-77, or AN/TPS-703) and one (1) Long Range Radar (e.g., AN/TPS-77 or AN/TPS-78). Only one of the radars under consideration, the AN/MPQ-64 is Major Defense Equipment (MDE). The remaining radars identified by Kuwait for consideration are non-MDE.

This proposed sale supports U.S. Government national security goals by aiding a Major non-NATO Ally in the reduction of transnational threats, weapons proliferation, and the movement and support of international terrorists.

The Government of Kuwait desires the radar field system in order to improve early warning, enhance internal and external security, and protect national sovereignty. The system provides situational awareness for Kuwaiti security forces to detect and interdict fixed and rotary wing aircraft. This procurement provides coverage for Kuwait's northern and eastern borders.

The prime contractor will be determined by competition between Lockheed Martin, Bethesda Maryland, Northrop Grumman, Falls Church, Virginia, and the Raytheon Company, Waltham, Massachusetts. There are no known offset agreements proposed in connection with this potential sale.

This procurement includes a small number of U.S. contractor system and maintenance advisors under a long-term operations and maintenance support package. The exact number of personnel and period of performance is yet to be finalized. This purchase will not substantially alter the U.S. Government presence in Kuwait.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
United Arab Emirates (UAE) – Exercise Participation Support

WASHINGTON, Oct. 24, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Arab Emirates for exercise participation support. The estimated cost is $75 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on October 21, 2016.

The Government of the UAE requested a possible sale to include participation in military exercises, aerial refueling, airlift and ferry support, training aids/devices/munitions, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is $75 million.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a major regional ally which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the ability of the UAE to employ its fighter aircraft in a multi-country coalition environment, such as Red Flag and Green Flag exercises. Participating in major exercises has enhanced the UAE's continued and consistent role in support of Coalition Operations. The UAE is a steadfast coalition partner in the fight against radical Islamic forces such as ISIL and AQAP in the Arabian Peninsula.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the UAE.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles and services are approved for release by our foreign disclosure office.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Poland – JASSM-ER with Support

WASHINGTON, Nov. 28, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Poland for Joint Air-to-Surface Standoff Missiles Extended Range (JASSM-ER) and related support, equipment, and training. The estimated cost is $200 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Poland has requested a possible sale of seventy (70) AGM-158B Joint Air-to-Surface Standoff Missiles Extended Range (JASSM-ER), two (2) AGM-158B Flight Test Vehicles, two (2) AGM-158B Mass Simulant Vehicles, one (1) AGM-158B Flight Test Vehicle – Captive Carry, three (3) AGM-158B Separation Test Vehicles. Also included are two (2) AGM-158B Weapon System Simulators, F-16 operational flight plan upgrade for the Polish F-16C/D, JASSM-ER integration, missile containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The total estimated program value is $200 million.

The proposed sale will contribute to the foreign policy and the national security objectives of the United States by helping to improve the security of a NATO ally. Poland continues to be an important force for political stability and economic progress in Central Europe.

The proposed sale will improve Poland's capability to meet current and future threats of enemy air and ground weapons systems. Poland will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. These weapon and capabilities upgrades will allow Poland to strengthen its air-to-ground strike capabilities and increase its contribution to future NATO operations. Poland will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Lockheed Martin of Ft. Worth, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Poland.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Washington, Nov. 16, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Kingdom for Certifiable Predator B Remotely Piloted Aircraft, equipment, training, and support. The estimated cost is $1.0 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on November 16, 2016.

The United Kingdom (UK) requested a possible sale of up to twenty-six (26) Certifiable Predator B Remotely Piloted Aircraft (16 with option for additional 10); twelve (12) Advanced Ground Control Stations (GCSs) (8 with option for additional 4); four (4) New Launch and Recovery Element GCSs; four (4) Upgrades to existing Blk 15 Launch and Recovery Element GCSs (2 with option for additional 2); twenty-five (25) Multi-spectral Targeting Systems (12 + 2 spares, with option for additional 10 + 1 spare); twenty-five (25) AN/APY-8 Lynx IIE Block 20A Synthetic Aperture Radar and Ground Moving Target Indicators (SAR/GMTI) (12 + 2 spares, with option for additional 10 + 1 spare); Eighty-six (86) Embedded Global Positioning System/Inertial Guidance Units (EGIs) (3 per aircraft) (48 + 5 spares, with option for additional 30 + 3 spares). This sale also includes communications equipment, Identification Friend or Foe (IFF) equipment; weapons installation kits; TPE331-10YGD engines; unique and common spares package; support equipment; U.S. Air Force technical orders; country specific technical orders; Contractor Logistics Support for two (optional three) years; contractor provided aircraft components, spares, and accessories; personnel training; and other related elements of logistical and program support. The total estimated program cost is $1.0 billion.

The UK is a close ally and an important partner on critical foreign policy and defense issues. The proposed sale will enhance U.S. foreign policy and national security objectives by enhancing the UK’s capabilities to provide national defense and contribute to NATO and coalition operations.

This sale will improve the UK’s ability to meet current and future threats by providing improved Intelligence, Surveillance and Reconnaissance (ISR) coverage that enhances homeland security, promotes increased battlefield situational awareness, augments combat search and rescue, and provides ground troop support. The Certifiable Predator B will also be used to support the UK’s armed forces and coalition forces engaged in current and future peacekeeping, peace-enforcing, counter-insurgent, and counterterrorism operations. The UK already operates armed remotely piloted aircraft, the MQ-9 Reaper, and will have no difficulty transitioning to the Certifiable Predator B.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be General Atomics Aeronautical Systems, Inc. in San Diego, California. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or
contractor representatives to the UK.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Republic of Korea - Large Aircraft Infrared Countermeasures (LAIRCM) System

WASHINGTON, Nov. 16, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Republic of Korea for Large Aircraft Infrared Countermeasures (LAIRCM) System, equipment, training, and support. The estimated cost is $141 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on November 16, 2016.

The Government of the Republic of Korea (ROK) has requested the sale and installation of AN/AAQ-24(V) Large Aircraft Infrared Countermeasures (LAIRCM) systems for up to four (4) A-330 Multi-Role Tanker and Transport (MRTT) aircraft. Each LAIRCM system consists of the following major defense equipment (MDE): three (3) Guardian Laser Terminal Assemblies (GLTA), six (6) Ultra-Violet Missile Warning System (UVMWS) Sensors AN/AAR-54, one (1) LAIRCM System Processor Replacement (LSPR), one (1) Control Indicator Unit Replacement (CIUR), one (1) Smart Card Assembly (SCA), one (1) High Capacity Card (HCC), and User Data Memory (UDM) card. The sale includes spares bringing the MDE total to twenty-six (26) GLTAs, twelve (12) LSPRs, and fifty-four (54) UVMWS Sensors AN/AAR-54.

The sale also includes the following non-MDE items: CIURs, SCAs, HHCs, UDM Cards, initial spares and repair parts, consumables, support equipment, technical data, engineering change proposals, minor modifications, publications, Field Service Representatives' (FSRs), repair and return, depot maintenance, training and training equipment, contractor technical and logistics personnel services, U.S. Government and contractor representative support, Group A and B installation support, flight test and certification, selective availability anti-spoofing module (SAASM) Global Positioning System, and other related elements of logistics support. The estimated cost is $141 million.

The ROK is procuring the LAIRCM system to defend and protect its future aerial refueling and troop transport capabilities. This helps the ROK Air Force become more capable of sustaining and projecting air power across large distances and transporting its forces and fighter aircraft for both operational and training missions with less reliance on foreign partners, such as the United States. The ROK will have no difficulty absorbing this equipment into its armed forces.

This proposed sale contributes to the foreign policy and national security of the United States. The ROK is one of the major political and economic powers in East Asia and the Western Pacific and a key partner of the United States in ensuring peace and stability in that region. It is vital to U.S. national interests to assist our Korean ally in developing and maintaining a strong and ready self-defense capability. This sale increases the ROK's capability to participate in Pacific regional security operations and improves its national security posture as a key U.S. ally.
The proposed sale of this equipment and support does not affect the basic military balance in the region.

This sale includes provisions for one (1) FSR to live in Korea for up to two years. Implementation of this proposed sale requires multiple temporary trips to Korea involving U.S. Government or contractor representatives over a period of up to six (6) years for program execution, delivery, technical support, and training.

The principal contractor is Northrop Grumman Corporation, Rolling Meadows, IL. At this time, there are no known offset agreements proposed in connection with this potential sale.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
The Government of Kuwait – F/A-18E/F Super Hornet Aircraft with Support

WASHINGTON, Nov. 17, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Kuwait for F/A-18E/F Super Hornet Aircraft with support, equipment, and training. The estimated cost is $10.1 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on November 17, 2016.

The Government of Kuwait has requested to purchase thirty-two (32) F/A-18E aircraft, with F414-GE-400 engines; eight (8) F/A-18F aircraft, with F414-GE-400 engines; eight (8) spare F414-GE-400 engines and twenty-four (24) engine modules; forty-one (41) AN/APG-79 Active Electronically Scanned Array (AESA) Radars; forty-four (44) M61A2 20mm Gun Systems; forty-five (45) AN/ALR-67(V)3 Radar Warning Receivers; two hundred and forty (240) LAU-127E/A Guided Missile Launchers; forty-five (45) AN/ALE-47 Airborne Countermeasures Dispenser Systems; twelve (12) AN/AAQ-33 SNIPER Advanced Targeting Pods; forty-eight (48) Joint Helmet Mounted Cueing Systems (JHMCS); forty-five (45) AN/ALQ-214 Radio Frequency Counter-Measures Systems; forty-five (45) AN/ALE-55 Towed Decoys; forty-eight (48) Link-16 Systems; eight (8) Conformal Fuel Tanks; and fourteen (14) AN/ASQ-228 ATFLIR Systems. Also included in the sale are ARC-210 radio (aircraft); Identification Friend or Foe (IFF) systems; AN/AVS-9 Night Vision Goggles (NVG); Launchers (LAU-115D/A, LAU-116B/A, LAU-118A); Command Launch Computer (CLC) for Air to Ground Missile 88 (AGM-88); ANAV/MAGR GPS Navigation; Joint Mission Planning System (JMPS); aircraft spares; Aircraft Armament Equipment (AAE); support equipment; aircrew/maintenance training; contractor engineering technical service; logistics technical services; engineering technical services; other technical assistance; contractor logistics support; flight test services; storage and preservation; aircraft ferry; Repair of Repairable (RoR); support systems and associated logistics; training aides and devices; spares; technical data Engineering Change Proposals; avionics software support; software; technical publications; engineering and program support; U.S. Government and contractor engineering; technical and logistic support services. The estimated total program cost is $10.1 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a Major Non-NATO Ally that has been, and continues to be, an important force for political and economic progress in the Middle East. Kuwait is a strategic partner in maintaining stability in the region. The acquisition of the F/A-18E/F Super Hornet aircraft will allow for greater interoperability with U.S. forces, providing benefits for training and possible future coalition operations in support of shared regional security objectives.

The proposed sale of the F/A-18E/F Super Hornet aircraft will improve Kuwait's capability to meet current and future warfare threats. Kuwait will use the enhanced capability to strengthen its homeland defense. The F/A-18E/F Super Hornet aircraft will supplement and eventually replace the Kuwait Air Force's aging fighter aircraft. Kuwait will have no difficulty absorbing this aircraft into its armed forces.
The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be The Boeing Company, St. Louis, Missouri; Northrop Grumman in Los Angeles, California; Raytheon Company in El Segundo, California; and General Electric in Lynn, Massachusetts. Offsets agreements associated with this proposed sale are expected; however, specific agreements are undetermined and will be defined during negotiations between the purchaser and contractor. Kuwait requires contractors to satisfy an offset obligation equal to 35 percent of the main contract purchase price for any sale of defense articles in excess of three million Kuwait Dinar, (approximately $10 million USD).

Implementation of this proposed sale will require the assignment of contractor representatives to Kuwait on an intermittent basis over the life of the case to support delivery of the F/A-18E/F Super Hornet aircraft and provide support and equipment familiarization.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Qatar – F-15QA Aircraft with Weapons and Related Support

WASHINGTON, Nov. 17, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Qatar for F-15QA aircraft with weapons and related support, equipment, and training. The estimated cost is $21.1 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on November 17, 2016.

The Government of Qatar requested to purchase seventy-two (72) F-15QA multi-role fighter aircraft and associated weapons package; the provision for continental United States based Lead-in-Fighter-Training for the F-15QA; associated ground support; training materials; mission critical resources and maintenance support equipment; the procurement for various weapon support and test equipment spares; technical publications; personnel training; simulators and other training equipment; U.S. Government and contractor engineering; technical and logistics support services; and other related elements of logistical and program support. The estimated total program value is $21.1 billion.

This proposed sale enhances the foreign policy and national security of the United State by helping to improve the security of a friendly country and strengthening our strategically important relationship. Qatar is an important force for political stability and economic progress in the Persian Gulf region. Our mutual defense interests anchor our relationship and the Qatar Emiri Air Force (QEAF) plays a predominant role in Qatar's defense.

The proposed sale improves Qatar's capability to meet current and future enemy air-to-air and air-to-ground threats. Qatar will use the capability as a deterrent to regional threats and to strengthen its homeland defense. Qatar will have no difficulty absorbing these aircraft into its armed forces.

The proposed sale of this aircraft, equipment, training, and support services will not alter the basic military balance in the region.

The prime contractor will be Boeing Corporation of Chicago, IL. The Purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor. Additional contractors include:

- Astronautics Corporation of America, Arlington VA
- BAE Systems, Arlington, VA
- Elbit Systems of America, Fort Worth, TX
- General Electric Aviation of Cincinnati, OH
- Honeywell Aerospace, Phoenix, AZ
- Lockheed Martin Aeronautics Company, Fort Worth, TX
- L3 Communications, Arlington, TX
- NAVCOM, Torrance, CA
- Raytheon, Waltham, MA
Implementation of this sale requires the assignment of approximately 24 additional U.S. Government and approximately 150 contractor representatives to Qatar.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Peru – Reconditioned Stryker Infantry Carrier Vehicles

WASHINGTON, Dec. 5, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Peru for Reconditioned Stryker Infantry Carrier Vehicles and related support, equipment, and training. The estimated cost is $668 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 2, 2016.

The Government of Peru has requested a possible sale of one hundred and seventy-eight (178) Reconditioned Stryker Infantry Carrier Vehicles; one hundred and seventy-eight (178) M2 Flex .50 Cal Machine Guns; and one hundred and seventy-eight (178) Remote Weapon Stations (RWS). Also included are driver’s vision enhancers; Global Positioning System (GPS) navigation capability; sets of special tools testing equipment; associated M2 Flex spare parts and tripods; M6 Smoke Grenade launchers and associated spares; VIC-3 systems; Operators New Equipment Training (OPNET) and Field Level Maintenance Training (FLMNET); publications; training manuals; Contractor Field Service Representative support; contractor and concurrent spare parts; project office technical support; U.S. Government technical assistance; packaging, crating, and handling; de-processing services for shipment; and associated transportation. Total estimated program cost is $668 million.

This proposed sale will contribute to the foreign policy objectives of the United States by helping to improve the security of an important partner which has been and continues to be an important force for political stability, peace, and economic progress in South America. It is in the U.S. national security interest for Peru to field capable forces and multi-role equipment for border security, disaster response, and to confront de-stabilizing internal threats, such as the terrorist group Sendero Luminoso (Shining Path).

Peru intends to use these defense articles and services to modernize its armed forces. This will contribute to the Peruvian military’s goal of updating its capabilities while further enhancing interoperability between Peru, the United States, and other allies and partners. This acquisition would support the first major step in Peru’s acquisition strategy to build a multi-dimensional brigade by 2030. Peru will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor for this program is General Dynamics Land Systems. There are no known offset agreements in connect with this potential sale.

Implementation of this proposed sale will require the temporary assignment of U.S. Government or contractor representatives to Peru for up to three years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Finland – F/A-18 Mid-Life Upgrade Program

WASHINGTON, Dec. 5, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Finland for F/A-18 Mid-Life Upgrade Program and related support, equipment, and training. The estimated cost is $156 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 2, 2016.

The Government of Finland has requested a possible sale of follow-on equipment and support for Finland’s F/A-18 Mid-Life Upgrade (MLU) program, consisting of: Ninety (90) Multifunctional Information Distribution System Joint Tactical Radio System (MIDS-JTRS) variant(s). The proposed program support also includes software test and integration center upgrades, flight testing, spare and repair parts, support and test equipment, transportation, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor technical and logistics support services, and other related elements of logistics support. Total estimated program cost is $156 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United State by helping to improve the security of a friendly country which has been and continues to be an important force for political stability and economic progress in Europe.

The Finnish Air Force (FAF) intend to purchase this MLU program equipment and services to extend the useful life of its F/A-18 fighter aircraft and enhance their survivability and communications connectivity. The FDF needs this upgrade to keep pace with technology advances in sensors, weaponry, and communications. Finland has extensive experience operating the F/A-18 aircraft and will have no difficulty incorporating the upgraded capabilities into its forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be Raytheon in Waltham, Massachusetts; Lockheed Martin in Bethesda, Maryland; The Boeing Company in St. Louis, Missouri; BAE North America in Arlington, Virginia; General Electric in Fairfield, Connecticut; General Dynamics in West Falls Church, Virginia; Northrop Grumman in Falls Church, Virginia; Rockwell Collins in Cedar Rapids, Iowa; ViaSat in Carlsbad, California; and Data Link Solutions in Cedar Rapids, Iowa. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple trips to Finland involving U.S. Government and contractor representatives for technical reviews, support, and training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Government of Australia - AEA-18G Electronic Warfare Range System

WASHINGTON, Dec. 5, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for AEA-18G Electronic Warfare Range System and related support, equipment, and training. The estimated cost is $115 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 2, 2016.

The Government of Australia has requested additional funding to a previously implemented case for two Electronic Warfare Range Systems to conduct Electronic Warfare and Electronic Surveillance training within the borders of Australia. The original FMS case, valued at $79.07 million, includes non-MDE costs for all support elements required to provide for system integration testing, tools and test equipment, support equipment, spare and repair parts, publications, operations manuals, technical documents, personnel training, U.S. Government and contractor technical assistance, and other related elements of logistics and program support. The addition of $35.93 million in non-MDE funding to the basic case will provide for unfunded requirements to meet the scope of the basic case and provide for the sale of additional classified technical data and software, system integration and testing, tools and test equipment, support equipment, spare and repair parts, publications, operations manuals, and technical documents, personnel training, U.S. Government and contractor technical assistance, and other related elements of engineering, logistics, and program management. This amendment will push the original case value above notification threshold and thus requires notification of the entire case. The total overall estimated value is $115 million.

This sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major contributor to political stability, security, and economic development in the Western Pacific. Australia is an important Major non-NATO Ally and partner that contributes significantly to peacekeeping and humanitarian operations around the world. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability. By enabling Australian Defense Force (ADF) ranges, the U.S. Government will ensure consistency in training across platforms and theaters, whether the exercises are conducted in the United State or in Australia, where U.S. aircrews will be able to participate in training exercises alongside their Australian counterparts.

The proposed sale will allow continued efforts to improve Australia's capability in current and future coalition operations. Australia will use the range to enhance Electronic Warfare capabilities as a deterrent to regional threats and to strengthen its homeland defense. Australia will have no difficulty absorbing these items into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The prime contractors will be Leidos (hardware) and General Dynamics Mission Systems (software). The U.S. Government is not aware of any known offsets associated with this sale.
Implementation of this sale will require ten (10) temporary U.S. Government or contractor representatives to Australia for assistance in integration and range operational and maintenance training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed amendment.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm cpt@state.gov.

-30-
United Arab Emirates – Apache AH-64E Helicopters and Services

WASHINGTON, Dec. 8, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Arab Emirates for Apache AH-64E Helicopters and services, as well as related equipment, training, and support. The estimated cost is $3.5 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 7, 2016.

The Government of the United Arab Emirates (UAE) has requested a possible sale of twenty-eight (28) AH-64E Remanufactured Apache Attack Helicopters; nine (9) new AH-64E Apache Attack Helicopters; Seventy-six (76) T700-GE-701D Engines (56 remanufactured, 18 new, 2 spares); thirty-nine (39) AN/ASQ-170 Modernized Target Acquisition and Designation Sight/AN/AAR-11 Modernized Pilot Night Vision Sensors (28 remanufactured, 9 new, 2 spares); thirty-two (32) remanufactured AN/APR-48B Modernized – Radar Frequency Interferometers forty-six (46) AAR-57 Common Missile Warning Systems (31 remanufactured, 9 new, 6 spares); eighty-eight (88) Embedded Global Positioning Systems with Inertial Navigation (72 new, 16 spares); forty-four (44) Manned-Unmanned Teaming-International (MUMTi) systems (28 remanufactured, 9 new, 7 spares); and fifteen (15) new MUMTi System Upper Receivers. This request also includes training devices, helmets, simulators, generators, transportation, wheeled vehicles and organization equipment, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics support. Total estimated program cost is $3.5 billion.

This proposed sale will enhance the foreign policy and national security of the U.S. by helping to improve the security of a friendly country that has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale will improve the UAE’s capability to meet current and future threats and provide greater security for its critical infrastructure. The UAE will use the enhanced capability to strengthen its homeland defense. The UAE will have no difficulty absorbing these Apache aircraft into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Boeing in Mesa, AZ and Lockheed Martin in Orlando, FL. Offsets are a requirement of doing business in UAE; however offsets are negotiated directly between the Original Equipment Manufactures or other vendors and the UAE government and details are not known at this time.

Implementation of this proposed sale will not require the assignment of contractor representatives to the UAE.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Kingdom of Saudi Arabia - CH-47F Chinook Cargo Helicopters

WASHINGTON, Dec. 8, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for CH-47F Chinook Cargo Helicopters and related equipment, training, and support. The estimated cost is $3.51 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 7, 2016.

The Kingdom of Saudi Arabia has requested a possible sale of:

Major Defense Equipment (MDE):
Forty-eight (48) CH-47F Chinook Cargo Helicopters
One hundred twelve (112) T55-GA-714A Engines (ninety-six (96) installed, sixteen (16) spares)
One hundred sixteen (116) Embedded Global Positioning System (GPS) Inertial Navigation Systems (EGI) (ninety-six (96) installed, twenty (20) spares)
Fifty-eight (58) AN/AAR-57 Common Missile Warning Systems (CMWS) (forty-eight (48) installed, ten (10) spares)
Forty-eight (48) M240H 7.62mm Machine Guns with spare parts

Non-MDE:
This request also includes the following Non-MDE: M134D Mini-Guns or equivalent type guns with support equipment and training; Aircraft Survivability Equipment (AN/APR-39A(V) l/4, AN/APR-2B, AN/ARC-231, AN/ARC-201D, AN/APX-123A, ARN-147 VOR/ILS, ARN-153 TACAN, APN-209, IDM-401 Improved Data Modem, and AN/ARC-220); Infrared Signature Suppression System (IRSS); Fast Rope Insertion Extraction System (FRIES); Extended Range Fuel System (ERFS); Ballistic Armor Protection System; facilities; airworthiness support; spares and repair parts; communications equipment; personnel training and training equipment; site surveys; tool and test equipment; Ground Support Equipment (GSE); repair and return; publications and technical documentation; Quality Assurance Team (QAT); U.S. Government and contractor engineering, technical and logistics support services; and other related elements of logistics and program support. The total overall estimated value is $3.51 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner which has been and continues to be a leading contributor of political stability and economic progress in the Middle East. This sale will increase the Royal Saudi Land Forces Aviation Command's (RSLFAC) interoperability with U.S. forces and advance the development of a heavy lift helicopter capability for Saudi Arabia.

The proposed sale of this equipment and support will not alter the basic military balance in the region.
The proposed sale of the CH-47F aircraft will improve Saudi Arabia's heavy lift capability. Saudi Arabia will use this enhanced capability to strengthen its homeland defense and deter regional threats. Saudi Arabia will have no difficulty absorbing these aircraft into its armed forces.

The prime contractors will be The Boeing Military Aircraft Company, Ridley Park, Pennsylvania, and Honeywell Aerospace Company, Phoenix, Arizona. There are no known offset agreements in connection with this potential sale.

Implementation of this sale will require up to sixty (60) U.S. Government and contractor representatives to travel to Saudi Arabia for up to sixty (60) months for equipment de-processing, fielding, system checkout, training, and technical logistics support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Qatar – Spare C-17 Engines and Equipment

WASHINGTON, Dec. 8, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Qatar for spare C-17 engines, equipment, and support. The estimated cost is $81 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 7, 2016.

The Government of Qatar has requested a possible sale of the following in support of its eight (8) C-17 Globemaster III aircraft procured under a Direct Commercial Sale (DCS): four (4) spare F117-PW-100 engines, Quick Engine Change (QEC) Kits, Engine Transport Trailers, Engine Platforms, Engine Trailers, and other various support. The estimated total program cost is $81 million.

The proposed sale would contribute to the foreign policy and national security of the U.S. by helping to improve the security of an important regional ally. Qatar is a vital partner for political stability and economic progress in the Middle East. The C-17 provides a heavy airlift capability and complements the normal, day-to-day operations of Qatar’s C-130J fleet. Qatar will have no difficulty absorbing this equipment into its armed forces.

The proposed sale would enhance Qatar’s ability to operate and maintain its C-17s, supporting its capability to provide humanitarian aid in the Middle East and Africa region and support its troops in coalition operations.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Boeing Corporation of Chicago, Illinois. The U.S. Government is not aware of any known offsets associated with this sale. Any offset agreement will be defined in negotiations between the purchasing and the contractor.

Implementation of this proposed sale will not alter current assignment of additional U.S. Government or contractor representatives to Qatar. The number of U.S. Government and contractor representatives required in Qatar to support the program will be determined in joint negotiations as the program proceeds through the development, production and equipment installation phases.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles and services listed in this transmittal are authorized for release and export to the Government of Qatar.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Qatar – Continuation of Logistics Support Services and Equipment

WASHINGTON, Dec. 8, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Qatar for continuation of logistics support services and equipment. The estimated cost is $700 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 7, 2016.

The Government of Qatar has requested a possible sale of continued logistics support for eight (8) C-17 aircraft which will include contract labor for sustainment engineering, on-site COMSEC support, Quality Assurance, support equipment repair, supply chain management, spares replenishment, maintenance, back shop support, and centralized maintenance support/associated services. Required upgrades will include fixed installation satellite antenna, Mode 5+ installation and sustainment, Automatic Dependent Surveillance-Broadcast Out, and two special operations loading ramps. The estimated total cost is $700 million.

The proposed sale contributes to the foreign policy and national security of the U.S. by helping to improve the security of an important regional ally. Qatar is a vital partner for political stability and economic progress in the Middle East. The C-17 provides a heavy airlift capability and complements the normal, day-to-day operations of the Government of Qatar’s C-130J fleet. Qatar will have no difficulty absorbing this equipment into its armed forces.

The proposed sale will enhance Qatar’s ability to operate and maintain its C-17s, supporting its capability to provide humanitarian aid in the Middle East and Africa region and support its troops in coalition operations. Qatar’s current contract supporting its C-17 fleet will expire in September of 2017.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Boeing Corporation of Chicago, Illinois. The U.S. Government is not aware of any known offsets associated with this sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this sale will require the assignment of approximately five additional U.S. Government and approximately 50 contractor representatives to Qatar.

There will be no adverse impact on U.S. defense readiness, as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of Morocco - TOW 2A, Radio Frequency (RF) Missiles (BGM-71-4B-RF) and Support

WASHINGTON, Dec. 8, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Morocco for TOW 2A, Radio Frequency (RF) Missiles (BGM-71-4B-RF), and related support. The estimated cost is $108 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 7, 2016.

The Government of Morocco has requested a possible sale of one thousand two-hundred (1,200) TOW 2A, Radio Frequency (RF) Missiles (BGM-71-4B-RF) and fourteen (14) TOW 2A, Radio Frequency (RF) Missiles (Fly-to-Buy Lot Acceptance Missiles). Also included with this request is U.S. Government and contractor engineering, technical and logistics support services; and other related elements of logistics and program support. The estimated MDE sale is $101 million. The total estimated value is $108 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a Major Non-NATO Ally that continues to be an important force for the political stability and economic progress in North Africa. This proposed sale directly supports Morocco and serves the interests of the Moroccan people and the United States.

The proposed sale of TOW 2A Missiles and technical support will advance Morocco’s efforts to develop an integrated ground defense capability. Morocco will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors involved in this program are: Raytheon Missile Systems, Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the U.S. Government or contractor representatives to travel to Morocco.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of Kuwait – Recapitalization of 218 M1A2 Tanks and Related Equipment and Support

WASHINGTON, Dec. 13, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Kuwait for recapitalization of 218 M1A2 tanks and related equipment, support, and training. The estimated cost is $1.7 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 12, 2016.

The Government of Kuwait has requested a possible sale in support of its recapitalization of 218 M1A2 tanks, to include two hundred and forty (240) .50 Cal M2A1 machine guns; four hundred and eighty (480) 7.62mm M240 machine guns; two hundred and forty (240) AN/VRC-92E SINCGARS radios; and one thousand and eight five (1,085) AN/PVS-7B Night Vision Goggles. Also included is the incorporation of cooling system/thermal management systems; Common Remotely Operated Weapons Station (CROWS) II – Low Profile Stabilized Weapon Stations; special armor; 120mm gun tubes; 2nd generation Forward Looking Infrared (FLIR) sights; embedded diagnostics; gunner’s primary sights; Counter Sniper and Anti-Materiel Mount (CSAMM) hardware; upgrade/maintenance of engines and transmissions; depot level support; training devices; spare and repair parts; support equipment; tools and test equipment; technical data and publications; personnel training and training equipment; U.S. Government and contractor engineering, technical, and logistics support services, and other related elements of logistics support. Total estimated program cost is $1.7 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been and continues to be an important force for political stability and economic progress in the Middle East.

Kuwait intends to use this equipment to recapitalize its fleet of M1A2 full track tanks in order to modernize and extend the service of the tanks. Kuwait will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors involved in this program are: General Dynamics Land Systems, Sterling Heights, MI; Joint Services Manufacturing Center (JSMC), Lima, OH; Kongsberg Defense Systems, Alexandria, VA, and Johnstown, PA; Raytheon, McKinney, TX; Meggitt Defense Systems, Irvine, CA; Palomar, Carlsbad, CA; Northrop Grumman, West Falls Church, VA; DRS Technologies, Arlington, VA; Lockheed Martin, Bethesda, MD; Honeywell, Morristown, NJ; Miltope, Hope Hull, AL. There are no known offset agreements proposed in connect with this potential sale.

Implementation of this proposed sale is estimated to require five to seven contractors and twenty-five to thirty U.S. Government representatives to Kuwait.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

The Philippines – AN/SPS-77 Sea Giraffe 3D Air Search Radars

WASHINGTON, Dec. 14, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of the Philippines for AN/SPS-77 Sea Giraffe 3D Air Search Radars and related equipment, support, and training. The estimated cost is $25 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 12, 2016.

The Government of the Philippines has requested a possible sale of two (2) AN/SPS-77 Sea Giraffe 3D Air Search Radars, support services, including installation services, operator training, system operational testing, and documentation. The total estimated program cost is $25 million.

The Philippines seeks to increase its Maritime Domain Awareness (MDA) capabilities in order to improve monitoring of its vast territorial seas and Exclusive Economic Zones (EEZ). An effective Philippine MDA capability strengthens its self-defense capabilities and supports regional stability and U.S. national interests. This sale is consistent with U.S. regional objectives and will further enhance interoperability with the U.S. Navy, build upon a longstanding cooperative effort with the United States, and provide an enhanced capability with a valued partner in a geographic region of critical importance to the U.S. government.

The AN/SPS-77 Air Search Radars will be used to provide an enhanced ability to detect and track air contacts. The radars will be installed on two Hamilton-class cutters acquired through the Excess Defense Articles (EDA) program. The Philippines will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be VSE and Saab. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. or contractor representatives to the Philippines. U.S. contractors, under U.S. government oversight, will be in the Philippines for installation and associated support of this new radar on these Philippine Navy ships.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Norway – P-8A Aircraft and Associated Support

WASHINGTON, Dec. 21, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Norway for P-8A Aircraft and associated support. The estimated cost is $1.75 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 20, 2016.

The Government of Norway has requested a possible sale of up to five (5) P-8A Patrol Aircraft, each includes: Commercial Engines, Tactical Open Mission Software (TOMS), Electro-Optical (EO) and Infrared (IO) MX-20HD, AN/AAQ-2(V)1 Acoustic System, AN/APY-10 Radar, ALQ-240 Electronic Support Measures. Also included are eleven (11) Multifunctional Distribution System Joint Tactical Radio Systems (MIDS JTRS); eight (8) Guardian Laser Transmitter Assemblies (GLTA) for the AN/AAQ-24(V)N; eight (8) System Processors for AN/AAQ-24(V)N; forty-two (42) AN/AAR-54 Missile Warning Sensors for the AN/AAQ-24(V)N; fourteen (14) LN-251 with Embedded Global Positioning Systems (GPS)/Inertial Navigation Systems (EGIs); and two thousand (2,000) AN/SSQ-125 Multi-Static Active Coherent (MAC) Source Sonobouys; spares; spare engine; support equipment; operational support systems; training; maintenance trainer/classrooms; publications; software; engineering and logistics technical assistance; Foreign Liaison Officer support; contractor engineering technical services; repair and return; transportation; aircraft ferry; and other associated training and support. The total estimated program cost is $1.75 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a NATO ally which has been, and continues to be, an important force for political stability throughout the world. The proposed sale will allow Norway to maintain its Maritime Patrol Aircraft (MPA) capability following retirement of its P-3C MPA. This sale will strengthen collective NATO defense and enhance Norway’s regional and global allied contributions.

Norway has procured and operated U.S. produced P-3 Orion MPAs for over 40 years, providing critical capabilities to NATO and coalition maritime operations. Norway has maintained a close MPA acquisition and sustainment relationship with the U.S. Navy over this period. The proposed sale will allow Norway to recapitalize, modernize, and sustain its MPA capability for the next 30 years. As a long-time P-3 operator, Norway will have no difficulty transitioning its MPA force to the P-8A and absorbing these aircraft into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor involved in this sale is The Boeing Company, Seattle, WA. Additional contractors include: Air Cruisers Co, LLC; Arnprior Aerospace, Canada; AVOX Zodiac Aerospace; BAE; Canadian Commercial Corporation (CCC)/EMS; Compass David Clark; DLS/ViaSat, Carlsbad, CA; DRS; Exelis, McLean, VA; GC Micro, Petaluma, CA; General Electric, UK; Harris; Joint Electronics; Martin Baker;
Northrop Grumman Corp, Falls Church, VA; Pole Zero, Cincinnati, OH; Raytheon, Waltham, MA; Raytheon, UK; Rockwell Collins, Cedar Rapids, IA; Spirit Aero, Wichita, KS; Symmetries Telephonies, Farmingdale, NY; Terma, Arlington, VA; Viking; and WESCAM. Norway does require an offset agreement. Any offset agreement will be defined in negotiations between the purchaser and the prime contractor.

Implementation of the proposed sale will require approximately five (5) contractor personnel to support the program in Norway.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-epa@state.gov.

-30-
Kuwait – Joint Direct Attack Munition (JDAM) Tail Kits

WASHINGTON, Dec. 23, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Kuwait for Joint Direct Attack Munition (JDAM) Tail Kits and related equipment, and support. The estimated cost is $37 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 20, 2016.

The Government of Kuwait has requested a possible total sale of seven hundred and fifty (750) JDAM Tail Kits (two hundred and fifty (250) for 500-pound bombs, two hundred and fifty (250) kits for 1,000-pound bombs, and two hundred and fifty (250) kits for 2,000-pound bombs). Sale also includes two (2) 500-pounds and two (2) 2,000-pounds JDAM Load Build Trainers spares, support equipment, repair and return, and other associated logistical support. The estimated cost is $37 million.

This proposed sale contributes to the foreign policy and national security of the United States by improving the security of a Major Non-NATO Ally which continues to be an important force for political stability and economic progress in the Middle East. Kuwait plays a large role in U.S. efforts to advance stability in the Middle East, providing basing, access, and transit for U.S. forces in the region.

This proposed sale improves Kuwait’s capability to deter regional threats and strengthens its homeland defense. Kuwait will be able to absorb this additional equipment and support into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The proposed sale does not require the assignment of any additional U.S. Government or contractor representatives to Kuwait.

The sole-source contractor is the original equipment manufacturer, Boeing, Chicago, Illinois. There are no known offset agreements proposed in connection with this potential sale.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
