Government of Kenya - Air Tractor Aircraft with Weapons and Related Support

WASHINGTON, Jan. 23, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Kenya for Air Tractor aircraft with weapons, and related support. The estimated cost is $418 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on January 19, 2017.

The Government of Kenya has requested a possible sale of up to twelve (12) Air Tractor AT-802L and two (2) AT-504 trainer aircraft, weapons package, technical support and program management. The total estimated program cost is $418 million.

This proposed sale contributes to the foreign policy and national security of the United States by improving the security of a strong regional partner who is a regional security leader undertaking critical operations against al-Shabaab and troop contributor to the African Union Mission in Somalia (AMISOM).

The proposed sale provides a needed capability in the ongoing efforts to counter al-Shabaab. The platform maximizes the Kenyan Defense Force's Close Air Support (CAS) ability because it is a short-field aircraft capable of using precision munitions and cost effective logistics and maintenance.

The proposed sale supplements Kenya's aging F-5 aircraft as it will be more fiscally efficient and able to be pre-positioned much closer to the conflict area than the F-5 fleet. The Kenyan Defense force is committed to modernizing its air fleet and is capable of absorbing these aircraft. The proposed sale of this equipment and support does not alter the basic military balance in the region.

The prime contractor will be L-3 Communications, Platform Integration Division, Waco, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale requires the assignment of at least five contractor representatives in Kenya.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Kuwait – AIM-120C-7 Advanced Medium Range Air-to-Air Missiles
(AMRAAM)

WASHINGTON, Jan. 23, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Kuwait for AIM-120C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM). The estimated cost is $110 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Kuwait has requested a possible sale of sixty (60) AIM-120C-7 AMRAAM Missiles including containers and other related services. The total overall estimated value is $110 million.

This proposed sale contributes to the foreign policy and national security of the United States by improving the security of a Major Non-NATO Ally that continues to be an important force for political stability and economic progress in the Middle East. Kuwait is a strategic partner in maintaining stability in the region. This sale will increase Kuwait’s interoperability with the United States. It also ensures a sustained air-to-air capability for Kuwait’s F/A-18 aircraft.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Implementation of the sale does not require the assignment of any additional U.S. Government or contractor representatives to Kuwait.

The principal contractor will be Raytheon Corporation, Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
United Kingdom – Continuation of C-17 Logistics Support Services and Equipment

WASHINGTON, Jan. 23, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the United Kingdom of continued C-17 logistics support services, and equipment. The estimated cost is $400 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the United Kingdom has requested a possible sale of continued logistics support for eight (8) C-17 aircraft which will include: contract labor for sustainment engineering, on-site COMSEC support, Quality Assurance, support equipment repair, supply chain management, spares replenishment, maintenance, back shop support, centralized maintenance support/associated services, and additional spare and repair parts, publications and technical documentation. Required upgrades will include fixed installation satellite antenna, Mode 5+ installation and sustainment, Automatic Dependent Surveillance-Broadcast Out, Communications Modernization (CNS/ATM) Phase II, Replacement Heads-Up Display and three special operations loading ramps. The estimated total cost is $400 million.

The United Kingdom is a close ally and an important partner on critical foreign policy and defense issues. The proposed sale will enhance U.S. foreign policy and national security objectives by enhancing the United Kingdom’s capabilities to provide national defense and contribute to NATO and coalition operations.

The proposed sale of defense articles and services are required to maintain the operational readiness of the Royal Air Force. The United Kingdom's current contract supporting its C-17 aircraft will expire in September 2017. The United Kingdom will have no difficulty absorbing this support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Boeing Corporation of Chicago, Illinois. The U.S. Government is not aware of any known offsets associated with this sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this sale will require the assignment of approximately three additional U.S. Government and approximately 55 contractor representatives to the United Kingdom.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Kingdom of Saudi Arabia – 74K Persistent Threat Detection System (PTDS) Aerostats

WASHINGTON, Jan. 23, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for 74K Persistent Threat Detection System (PTDS) Aerostats and related equipment, support, and training. The estimated cost is $525 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the Kingdom of Saudi Arabia has requested a possible sale of ten (10) 74K Persistent Threat Detection System (PTDS) Aerostats; fourteen (14) Ground Moving Target Indicator (GMTI) Radars; twenty-six (26) MX-20 Electro-Optic Infrared (EO/IR) Cameras; and ten (10) Communications Intelligence (COMINT) Sensors. Also included are the Mooring systems with powered tether with embedded fiber optics; Ground Control Systems (GCS); associated installation hardware; special tools and test equipment; Basic Issue Items (BII); program management support; verification testing; systems technical support; transportation; spare and repair parts; communications equipment; operators and maintenance manuals; personnel training and training equipment; tool and test equipment; repair and return; publications and technical documentation; Quality Assurance Team (QAT); U.S. Government and contractor engineering, technical and logistics support services; in-country Field Service Representatives (FSR); and other related elements of logistics and program support. Total estimated program cost is $525 million.

This proposed sale will enhance the foreign policy and national security objectives of the United State by helping to improve the security of an important ally which has been and continues to be a leading contributor of political stability and economic progress in the Middle East. This sale will increase the Royal Saudi Land Force’s interoperability with U.S. forces and conveys U.S. commitment to Saudi Arabia’s security and armed forces.

The proposed sale will improve Saudi Arabia’s capability to meet current and future threats and provide greater security for its critical infrastructure. Saudi Arabia will have no difficulty absorbing these systems into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor is unknown at this time. There are no known offset agreements in connect with this potential sale.
Implementation of this proposed sale will require the U.S. Government or contractor representative to travel to the Kingdom of Sadia Arabia for a period of six (6) years for de-processing/fielding, system checkout and new equipment training, as well as provide the support of in-country FSRs and operators.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Transmittal No. 16-63

Government of Kuwait – Sustainment and Contractor Logistics Support for AH-64D Apache Helicopters

WASHINGTON, Jan. 23, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Kuwait for sustainment and contractor logistics support for AH-64D Apache Helicopters. The estimated cost is $400 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Kuwait has requested the sale of support equipment and services for its AH-64D Apache helicopters, to include: Apache Maintainer unit support, Depot Level support, training devices, helmets, simulators, generators, transportation, wheeled vehicles and organization equipment, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, United States Government and contractor engineering, technical, and logistics support services, and other related elements of logistics support. The total overall estimated value is $400 million.

The proposed sale will contribute to the foreign policy and national security of the U.S by helping to improve the security of a Major Non-NATO Ally that has been and continues to be an important force for political stability and economic progress in the Middle East region. Kuwait plays a large role in U.S. efforts to advance stability in the Middle East, providing basing, access, and transit for U.S. forces in the region.

Kuwait requires continued support for equipment already procured to ensure national security interests and objectives are met. The defense articles maintained are used solely by the Ministry of Defense to protect the sovereign border and to conduct operations and training to include joint exercises with the U.S. military. Kuwait will be able to absorb this additional equipment and support into its armed forces.

The proposed sale of equipment and support will not alter the basic military balance in the region.

The U.S. companies potentially involved in the sale are Boeing, Mesa, AZ; Longbow Limited, Orlando, FL/Owego, NY (Joint Venture between Lockheed Martin and Northrop Grumman); Lockheed Martin, Orlando, FL; and DynCorp International, Fort Worth, TX. There are no known offset agreements for the sale.

Implementation of this proposed sale will require the assignment of four (4) U.S. Government representatives and sixty-five (65) contractor representatives in country for up to five year.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Republic of Korea – AGM-65G-2 Maverick Missiles

WASHINGTON, Feb. 1, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Republic of Korea for AGM-65G-2 Maverick Missiles and related support. The estimated cost is $70 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on January 31, 2017.

The Government of the Republic of Korea (ROK) has requested the potential sale of eighty-nine (89) AGM-65G-2 Maverick missiles, missile containers and other related elements of support. The total estimated program cost is $70 million.

This proposed sale contributes to the foreign policy and national security of the United States. The ROK is one of the major political and economic powers in East Asia and the Western Pacific and a key partner of the United States in ensuring peace and stability in the region. It is vital to U.S. national interests to assist our Korean ally in developing and maintaining a strong and ready self-defense capability. This sale increases the ROK’s capability to participate in Pacific regional security operations and improves its national security posture as a key U.S. ally.

The proposed sale will improve the ROK’s capability to meet current and future threats. The ROK will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. The ROK, which already has AGM-65G missiles in its inventory, will have no difficulty absorbing these additional missiles.

The proposed sale of this equipment and support does not affect the basic military balance in the region.

The principal contractor is Raytheon, Tucson, AZ. At this time, there are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the Republic of Korea.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Republic of Korea – AIM-9X-2 Sidewinder Missiles

WASHINGTON, Feb. 1, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Republic of Korea for AIM-9X-2 Sidewinder Missiles and related support. The estimated cost is $70 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on January 31, 2017.

The Government of the Republic of Korea (ROK) has requested a possible sale of sixty (60) AIM-9X-2 Sidewinder Block II All-up-Round Missiles and six (6) AIM-9X-2 Block II Tactical Guidance Units, containers, spares and missile support, U.S. Government and contractor technical assistance, and other related elements of logistics support. The estimated cost is $70 million.

This proposed sale contributes to the foreign policy and national security of the United States. The ROK is one of the major political and economic powers in East Asia and the Western Pacific and a key partner of the United States in ensuring peace and stability in the region. It is vital to U.S. national interests to assist our Korean ally in developing and maintaining a strong and ready self-defense capability. This sale increases the ROK’s capability to participate in Pacific regional security operations and improves its national security posture as a key U.S. ally.

The ROK intends to use the AIM-9X-2 Sidewinder Block II missiles to supplement its existing inventory of AIM-9X-2 Block II missiles. The ROK will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. The ROK will have no difficulty absorbing these additional missiles into its armed forces.

The proposed sale of this equipment and support does not affect the basic military balance in the region.

The principal contractor is Raytheon Missile Systems Company, Tucson, AZ. At this time, there are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the Republic of Korea. However, U.S. Government or contractor personnel in-country visits will be required on a temporary basis in conjunction with program technical oversight and support requirements.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Singapore – XM395 Accelerated Precision Mortar Initiative (APMI) Rounds

The Government of Singapore has requested a possible sale of two thousand (2,000) XM395 Accelerated Precision Mortar Initiative (APMI) rounds; U.S. Government and contractor services; and other associated support equipment and services. The total estimated cost is $66 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be an important partner and force for political stability and economic progress in the Asia Pacific region.

The Government of Singapore intends to use these defense articles and services to modernize its armed forces to meet current and future threats, to strengthen its homeland defense, and to provide greater security for its economic infrastructure. The Government of Singapore will have no difficulty absorbing XM395 APMI mortar rounds into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The prime contractor will be Orbital ATK. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require U.S. Government personnel or U.S. contractor representatives to travel to Singapore for a period of one (1) week for equipment fielding and acceptance testing by the Quality Assurance Team.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
United Kingdom – Hellfire Missiles

WASHINGTON, Mar. 16, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the United Kingdom for Hellfire missiles. The estimated cost is $150 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the United Kingdom (UK) requested a possible sale of 1,000 AGM-114-R1/R2 Hellfire II Semi-Active Laser (SAL) missiles with logistics support services and other related program support. The estimated cost is $150 million.

This proposed sale directly contributes to the foreign policy and national security policies of the United States by enhancing the close air support capability of the UK in support of NATO and other coalition operations. Commonality between close air support capabilities greatly increases interoperability between our two countries’ military and peacekeeping forces and allows for greater burden sharing.

The proposed sale improves the UK’s capability to meet current and future threats by providing close air support to counter enemy attacks on coalition ground forces in the U.S. Central Command area of responsibility (AOR) and other areas, as needed. The UK already has Hellfire missiles in its inventory and will have no difficulty absorbing these additional missiles.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

There is no principal contractor for this sale as the missiles are coming from U.S. stock.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the UK.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of Kuwait – Facilities and Infrastructure Construction Support Service

WASHINGTON, Apr. 6, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Kuwait for facilities and infrastructure construction support service. The estimated cost is $319 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Kuwait has requested possible sale for the design, construction, and procurement of key airfield operations, command and control, readiness, sustainment, and life support facilities for the Al Mubarak Airbase in Kuwait. The U.S. Army Corps of Engineers (USACE) will provide project management, engineering services, technical support, facility and infrastructure assessments, surveys, planning, programming, design, acquisition, contract administration, construction management, and other technical services for the construction of facilities and infrastructure for the airbase. The overall project includes, among other features, a main operations center, hangars, training facilities, barracks, warehouses, support facilities, and other infrastructure required for a fully functioning airbase. The estimated total cost is $319 million.

The proposed sale will contribute to the foreign policy and national security of the United States by supporting the infrastructure needs of a friendly country which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The facilities being constructed are similar to other facilities built in the past by USACE in other Middle Eastern countries. These facilities replace existing facilities and will provide autonomous airbase operations to the Kuwait Air Force. The new airbase will ensure the continued readiness of the Kuwait Air Force and allow for the continued education of current and future Kuwait Air Force personnel. The construction of this airbase will enable Kuwait to enhance the operational effectiveness of its military and promote security and stability throughout Kuwait. Kuwait will have no difficulty absorbing this additional capability into its armed forces.

The proposed sale of this infrastructure and support will not alter the basic military balance in the region.

USACE is the principal organization that will direct and manage this program. USACE will provide services through both in-house personnel and contract services. The estimated number of U.S. Government and contractor representatives to be assigned to Kuwait to implement the provisions of this proposed sale will be determined as a result of program definitization.

There are no known offset agreements proposed in connection with this potential sale.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles and services listed in this transmittal are authorized for release and export to the Government of Kuwait.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Republic of Iraq – Pilot and Maintenance Training, Contractor Logistical Support (CLS) for Trainer Aircraft, and Base Support

WASHINGTON, Apr. 12, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Republic of Iraq for pilot and maintenance training, contractor logistical support (CLS) for trainer aircraft, and base support. The estimated cost is $1.06 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 11, 2017.

The Government of Iraq has requested a possible sale of pilot training; maintenance training; and contractor logistical services support for C-172, C-208, and T-6 aircraft for up to five (5) years to include contractor aircraft modification; repair and spare parts; publications; aircraft ferry; and miscellaneous parts, along with training base operation support, base life support, security, construction, and other related elements of program support. The estimated total program value is $1.06 billion.

The proposed sale will contribute to the foreign policy and national security of the United States by helping to provide for a stable, sovereign, and democratic Iraq, capable of combating terrorism and protecting its people and sovereignty. Iraq currently owns twelve (12) C-172, five (5) C-208, and fifteen (15) T-6 training aircraft. The training pipeline will allow the Iraqi Air Force to tailor pilot training for several U.S.-origin operational aircraft. The C-172s and T-6s are Iraq’s training platforms for their mobility and fighter attack fleets. The C-208s are Iraq’s platform of choice for training its Intelligence, Surveillance, and Reconnaissance (ISR) pilots.

The proposed sale of training and support services will improve the Iraq’s ability to train its pilots and maintenance technicians. By training its own pilots and maintenance technicians in-country, Iraq will decrease its overseas training requirements, significantly reduce its training costs, and will enhance its ability to take over the sustainment of its aircraft. Iraq will have no difficulty absorbing this support. In addition to its primary mission – pilot and maintenance training for Iraqi Air Force personnel – this proposed sale includes Contractor Logistical Support costs for the trainer aircraft, as well as possible future construction and base operation support costs.

The proposed sale of this training and support will not alter the basic military balance in the region.

The principal contractor is Spartan College, Tulsa, OK. At this time, there are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of approximately four U.S. Government representatives and 50-55 contractor representatives to Iraq.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. All training and support listed on this transmittal are authorized for release and export to the Government of Iraq.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Iraq – Equipment for Two Peshmerga Infantry Brigades and Two Support Artillery Battalions

WASHINGTON, Apr. 19, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Republic of Iraq for equipment for two Peshmerga infantry brigades and two support artillery battalions. The estimated cost is $295.6 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 18, 2017.

The Government of Iraq has requested a possible sale of the equipment necessary to fully outfit two full Peshmerga Regional Brigades of light infantry, as well as the equipment necessary to outfit two artillery battalions that will ultimately provide support to those regional brigades. These artillery battalions and infantry brigades will operate under the Kurdistan Regional Governments Ministry of Peshmerga (KRG MOP) with the concurrence of the central government. Requested equipment includes the following: (4,400) M16A4 rifles; (46) M2 50 caliber machine guns; (186) M240B machine guns; (36) M1151 HMMWVs; (77) M1151 up-armored HMMWVs; (12) 3 Kilowatt Tactical Quiet Generator sets; body armor, helmets, and other Organization Clothing and Individual Equipment (OCIE); small arms and associated accessories including tripods, cleaning kits, magazines, and mounts; mortar systems and associated equipment; Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) detection and protective equipment; dismounted and mounted radio systems; commercial navigation equipment including compasses, binoculars, and Geospatial Position System (GPS) limited to the Standard Positioning System (SPS); M1142 HMMWVs; medical equipment; Mine Resistant Ambush Protected Vehicles (MRAP); cargo and transportation equipment, including light tactical vehicles, medium tactical vehicles, water trucks, fuel trucks, and ambulances; (36) refurbished M119A2 105mm howitzers; spare parts, training and associated equipment related to the mentioned vehicles and artillery systems. The total estimated program cost is $295.6 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States, by supporting Iraq’s capacity to degrade and defeat the Islamic State of Iraq and the Levant (ISIL). Iraq will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

There are a number of contractors involved in this effort, including but not limited to AM General, Oshkosh Defense, Navistar Defense, Harris Radio, and Colt Corporation. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the deployment of any additional U.S. Government or contractor personnel to Iraq.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Canada – Sustainment Support for C-17 Aircraft

WASHINGTON, Apr. 20, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Canada for sustainment support for C-17 aircraft. The estimated cost is $195 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 19, 2017.

The Government of Canada has requested a possible sale of follow-on support for five (5) CC177 aircraft (Canada’s designator for the C-17), including contractor logistics support (CLS) provided through the Globemaster III Integrated Sustainment Program (GISP), in-country field services support, aircraft maintenance and technical support, support equipment, alternate mission equipment, software support, spares, personnel training and training equipment, U.S. Government and contractor engineering and logistics support services, publications and technical documentation, and major modification and retrofit kits support. The total estimated program cost is $195 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by sustaining the military capabilities of Canada, a NATO ally that has been, and continues to be, an important force for ensuring political stability and economic progress in the world, including through its involvement in military, peacekeeping, and humanitarian operations. The sustainment of Canada’s C-17s will ensure the country’s continued capability to rapidly deploy its forces, as well as the continued interoperability between the U.S. and Canadian Air Forces’ C-17s.

The proposed sale of defense articles and services is required to maintain the operational readiness of the Royal Canadian Air Force C-17 aircraft. Canada’s current contract supporting its five (5) C-17s will expire on 20 September 2017. The Royal Canadian Air Force will have no difficulty absorbing this support.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Sources of supply will award contracts when necessary to provide the defense articles ordered if items ordered are not available from U.S. stock or are considered lead-time away.

The prime contractor will involve the following contractors:
- Boeing Company, Long Beach, California
- Boeing Company Training Systems, St. Louis, Missouri
- Lockheed Martin Corporation/MFC, Lexington, Kentucky

There are no known offsets. Any offset agreements will be defined in negotiations between the purchaser and the contractor.
Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Canada. There is an on-going foreign military sales case providing C-17 sustainment services. There are currently 13 contractors from Boeing in-country providing contractor technical services support on a continuing basis.

There will be no adverse impact to U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Israel – 76mm Naval Gun and Technical Support

WASHINGTON, Apr. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Israel for 76mm Naval Gun and Technical Support. The estimated cost is $440 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 26, 2017.

The Government of Israel has requested a possible sale of thirteen (13) 76mm naval guns. Also included are shipboard spares to support their operation and preventive maintenance; spares to support repairs; special tools needed for maintenance; holding and transportation fixtures; test equipment; technical manuals, other documentation, and publications; U.S. Government and the contractor engineering, technical, and logistics support services; site surveys of ships and maintenance facilities; installation, checkouts and testing of the systems on the boats; operations and maintenance training; and other related support services. The estimated cost is $440 million.

The United States is committed to the security of Israel, and it is vital to U.S. national interests to assist Israel to develop and maintain a strong and ready self-defense capability. This proposed sale is consistent with those objectives. This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic regional partner that has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed sale will improve Israel’s capability to meet current and future threats in the defense of its borders and territorial waters. The naval guns will be installed on Israeli Navy SA’AR 4.5 and SA’AR 6 Missile Patrol Boats. One gun will be located at an Israeli Naval Training Center to be used for training maintenance personnel. Israel will have no difficulty absorbing this equipment into its armed forces.

The proposed equipment and support will not alter the basic military balance in the region.

The potential principal contractor will be DRS North America (a Leonardo company). There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Israel.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
NATO Support and Procurement Agency (NSPA) – Large Aircraft Infrared Countermeasures (LAIRCM) System Components

WASHINGTON, Apr. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the NATO Support and Procurement Agency (NSPA) for Large Aircraft Infrared Countermeasures (LAIRCM) system components. The estimated cost is $33.5 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 27, 2017.

The NATO Support and Procurement Agency (NSPA) requested the sale of fourteen (14) Guardian Laser Transmitter Assemblies (GLTA) and six (6) LAIRCM System Processor Replacements (LSPR) along with contractor spares, consumables, support equipment, technical data, aircraft installation, flight test, certification, publications and training in order to upgrade the AN/AAQ-24(V) LAIRCM system on three (3) of its C-17 aircraft. The estimated total value is $33.5 million.

This proposed sale contributes to the foreign policy and national security of the United States by enhancing the aircraft self-protection capabilities of C-17 aircraft operated by the NATO Airlift Management (NAM) Programme, a consortium of 12 nations, including the United States. The partner nations in this program fly missions in and around Europe, Afghanistan, Iraq, the Levant, and North Africa. This sale an enhanced military capability for the NAM, and will assist its associated nations in providing airlift for personnel and equipment to locations requiring enhanced threat countermeasures.

The proposed sale advances U.S. and NATO policy goals of expanding the capabilities of strategic airlift to NATO allies and partners. The capabilities associated with this proposed sale bolster the military strength of the NATO alliance and its partners by increasing the self-protection capabilities of NAM airlift aircraft. NSPA will have no difficulty absorbing this equipment.

As these systems are defensive in nature, the proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor for production is Northrup Grumman of Rolling Meadows, Illinois. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to NATO.

There will be no adverse impact to U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
NATO Support and Procurement Agency (NSPA) – Continuation of C-17 Logistics Support Services and Equipment

WASHINGTON, Apr. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the NATO Support and Procurement Agency (NSPA) for continuation of C-17 logistics support services and equipment. The estimated cost is $300 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 27, 2017.

The NATO Support and Procurement Agency (NSPA) has requested the possible sale of follow-on support for three (3) C-17 aircraft to include participation in the Global Reach Improvement Program, contract labor for Class I modifications and kits, in-country contractor support, alternate mission equipment, major modification and retrofit, software support, aircraft maintenance and technical support, support equipment, personnel training and training equipment, additional spare and repair parts, technical orders and publications, airworthiness certification support, engine logistics support, inspections, and other U.S. Government and contractor engineering, logistics and program support. The total estimated program cost is $300 million.

This proposed sale will contribute to the foreign policy and national security of the United States (U.S.) by providing sustainment for three (3) C-17s operated by a consortium of twelve nations, including the U.S. This program flies missions in and around Europe, Afghanistan, Iraq, the Levant, and North Africa. This proposed sale will provide a similar readiness level for these C-17s as U.S.-operated C-17s. The current FMS case supporting these C-17s will expire on 20 September 2017.

The proposed sale will advance U.S. and NATO policy goals of expanding the capabilities of strategic airlift to NATO allies and partners and sustain the ability to deploy in support of contingency operations outside of Europe. As the C-17 is a support asset, it would not affect the basic military balance in the region. NSPA will have no difficulty absorbing this support.

The prime contractor will be the Boeing Corporation of Chicago, Illinois. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the NATO Support and Procurement Agency.

There will be no adverse impact to U.S. defense readiness as a result of this proposed sale. All defense articles and services listed in this transmittal are authorized for release and export to the NSPA.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Greece– CH-47D Helicopters

WASHINGTON, Apr. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Greece for CH-47D helicopters. The estimated cost is $80 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 27, 2017.

The Government of Greece requested the possible sale of five (5) CH-47D helicopters, seven (7) Common Missile Warning Systems (CMWS) (one (1) for each aircraft plus two (2) spares), and twelve (12) T55-GA-714A turbine engines (two (2) for each aircraft plus two (2) spares). Also included are mission equipment, communications and navigation equipment, ground support equipment, special tools and test equipment, spares, publications, Maintenance Work Order/Engineering Change Proposals (MWO/ECPs), technical support, and training, and other associated support equipment and services. The total estimated cost is $80 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally that has been, and continues to be, an important force for political stability and economic progress. Greece intends to use these defense articles and services to modernize its armed forces by increasing its rotary-wing transport capability. This will contribute to the Greek military’s goal to upgrade its capability while further enhancing greater interoperability between Greece, the U.S. and other allies.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

There is no principal contractor as the systems will be coming from U.S. Army stocks. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require U.S. Government or contractor representatives to travel to Greece for equipment de-processing/fielding, system checkout and new equipment training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of Slovakia – Bell 429 Light Utility Helicopters

WASHINGTON, Apr. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Slovakia for Bell 429 light utility helicopters. The estimated cost is $150 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 27, 2017.

Slovakia has requested a possible sale of nine (9) Bell 429 Light Utility Helicopters with customer-unique modifications. Also included are WESCAM MX-10 cameras, training, spare parts, and logistical support, mission equipment, communication and navigation equipment, special tools and test equipment, ground support equipment, airframe and engine spare parts, technical data, publications, maintenance work order/electronic change proposals, technical assistance, repair and return, quality assurance team, and transportation of aircraft. The estimated cost is $150 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally that has been, and continues to be an important force for political stability and economic progress within Europe.

The proposed sale of the Bell 429 light utility helicopters will improve Slovakia’s capability to meet current and future threats. Slovakia will use the enhanced capability to strengthen its homeland defense and deter regional threats. Slovakia will have no difficulty absorbing these helicopters into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The principal contractor will be Bell Helicopter of Piney Flats, Tennessee. There are no known offset agreements in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Slovakia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
New Zealand – P-8A Aircraft and Associated Support

WASHINGTON, Apr. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to New Zealand for P-8A aircraft and associated support. The estimated cost is $1.46 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on April 27, 2017.

New Zealand has requested the potential sale of up to four (4) P-8A Patrol Aircraft. Each includes: commercial engines, Tactical Open Mission Software (TOMS), Electro-Optical (EO) and Infrared (IR) MX-20HD, AN/AAQ-2(V)1 Acoustic System, AN/APY-10 Radar, ALQ-240 Electronic Support Measures. Also included are eight (8) Multifunctional Information Distribution System Joint Tactical Radio System (MIDS JTRS); five (5) Guardian Laser Transmitter Assemblies (GLTA) for the AN/AAQ-24(V)N; five (5) System Processors for AN/AAQ-24(V)N; thirty (30) AN/AAR-54 Missile Warning Sensors for the AN/AAQ-24(V)N; ten (10) LN-251 with Embedded Global Positioning Systems (GPS)/Inertial Navigations Systems (EGIs); support equipment; operation support systems; maintenance trainer/classrooms; publications; software, engineering, and logistics technical assistance; foreign Liaison officer support, contractor engineering technical services; repair and return; transportation; aircraft ferry; and other associated training, support equipment and services. The total estimated cost is $1.46 billion.

This proposed sale will enhance the foreign policy and national security of the United States by strengthening the security of a Major Non-NATO ally which has been, and continues to be, an important force for political stability within the region. New Zealand is a close ally in the region and an important partner on critical foreign policy and defense issues.

The Government of New Zealand intends to use these defense articles and services to continue its Maritime Surveillance Aircraft (MSA) capability, following retirement of its P-3K maritime patrol aircraft. The sale will strengthen collective defense and enhance New Zealand’s regional and global allied contributions.

New Zealand has procured and operated U.S. produced P-3 MSA for over 40 years, providing critical capabilities to NATO and coalition maritime operations. New Zealand has maintained a close MSA acquisition and sustainment relationship with the U.S. Navy over this period. The proposed sale will allow New Zealand to recapitalize, modernize and sustain its MSA capability for the next 30 years. As a long-time P-3 operator, New Zealand will have no difficulty transitioning its MSA force to the P-8A and absorbing these aircraft into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The prime contractor will be The Boeing Company, Seattle, WA. Additional contractors include:
Air Cruisers Co LLC
Arnprior Aerospace, Canada
AVOX Zodiac Aerospace
BAE
Canadian Commercial Corporation (CCC)/EMS
Compass David Clark
DLS/NiaSat, Carlsbad, CA
DRS
Exelis, McLean VA
GC Micro, Petaluma, CA
General Electric, UK
Harris
Joint Electronics
Marin Baker
Northrop Grumman Corp, Falls Church, VA
Pole Zero, Cincinnati, OH
Raytheon, Waltham, MA
Raytheon, UK
Rockwell Collins, Cedar Rapids, IA
Spirit Aero, Wichita, KS
Symmetries Telephonics, Farmingdale, NY
Terma, Arlington, VA
Viking
WESCAM

There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require approximately five (5) contractor representatives to support the program in New Zealand.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Australia– Anti-Radiation Missiles

WASHINGTON, Apr. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Australia for Anti-Radiation Missiles. The estimated cost is $137.6 million.

Australia has requested a possible sale of up to seventy (70) AGM-88B High Speed Anti-Radiation Missiles (HARM) Tactical Missiles; up to forty (40) AGM-88E Advanced Anti-Radiation Guided Missiles (AARGM) Tactical Missiles; up to sixteen (16) CATM-88B HARM Captive Air Training Missiles (CATM); up to sixteen (16) CATM-88E AARGM CATM; up to twenty-five (25) AGM-88B Control Sections; up to twenty-five (25) AGM-88B Guidance Sections; up to twenty (20) AGM-88E Control Sections; up to twenty (20) AGM-88E Guidance Sections; up to forty eight (48) Telemetry/Flight Termination Systems; U.S. Government and contractor engineering, technical and logistics support services; and other associated support equipment and services. The total estimated cost is $137.6 million.

This sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major contributor to political stability, security, and economic development in the Western Pacific. Australia is an important Major non-NATO Ally and partner that contributes significantly to peacekeeping and humanitarian operations around the world. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

Australia is requesting these missiles for its Electronic Attack EA-18G Growler aircraft. The proposed sale will improve Australia’s capability in current and future coalition efforts. Australia will use this capability as a deterrent to regional threats and to strengthen its homeland defense. Australia will have no difficulty absorbing these additional missiles into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The prime contractors will be Orbital ATK (OA), Ridgecrest, CA, and Raytheon Missile Systems Company, Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of additional U.S. Government or contractor representatives to travel to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Kenya – MD 530 Aircraft

WASHINGTON, May 2, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Kenya for MD 530 aircraft. The estimated cost is $253 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 1, 2017.

The Government of Kenya has requested a possible sale of twelve (12) MD 530F weaponized aircraft to include twenty-four (24) Heavy Machine Gun Pod (HMP) 400 systems; twenty-four (24) M260 rocket launchers; four thousand and thirty-two (4,032) M151 rockets; one thousand five hundred and thirty-six (1,536) 2.75-inch M274 smoke signature warhead rockets; and four hundred thousand (400,000) rounds of .50 caliber ammunition. Also included are communications and navigation equipment, contractor logistics support, training, U.S. Government technical assistance, airframe and weapon system spare parts support, Contractor Field Service Representative (CFSR) support, and Special Assigned Airlift Mission (SAAM) flight delivery support. The total estimated cost is $253 million.

This proposed sale contributes to the foreign policy and national security of the United States by improving the security of a strong regional partner who is a regional security leader, undertaking critical operations against al-Shabaab, and a troop contributor to the African Union Mission in Somalia (AMISOM).

The proposed sale of the MD 530F helicopters, weapons, ammunition, support items and technical support will advance Kenya’s efforts to conduct scout and attack rotary wing aircraft operations in support of their AMISOM mission. The MD 530F will also replace Kenya’s aging MD500 fleet, which is the current reconnaissance platform supporting Kenyan ground forces. This sale will significantly enhance the Kenyan Army’s modernization efforts and increase interoperability with the U.S. Armed Forces and other partners in the region. Additionally, a strong national defense and dedicated military force will assist Kenya in its efforts to maintain stability in East Africa.

Kenya will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be MD Helicopters, Mesa, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of approximately twelve (12) additional contractor representatives in country for a period of 12 months.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of the United Arab Emirates (UAE) – Patriot PAC-3 and GEM-T Missiles

WASHINGTON, May 11, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of the United Arab Emirates (UAE) for Patriot PAC-3 and GEM-T missiles. The estimated cost is $2 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 10, 2017.

The Government of the United Arab Emirates has requested the possible sale of sixty (60) Patriot Advanced Capability 3 (PAC-3) missiles with canisters and one hundred (100) Patriot Guidance Enhanced Missile-Tactical (GEM-T) missiles. Also included are canisters, tools and test equipment, support equipment, publications and technical documentation, spare and repair parts, U.S. Government and contractor technical, engineering and logistics support services, and other related elements of logistics and program support. The estimated cost is $2 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by improving the security of an important ally which has been, and continues to be, a force for political stability and economic progress in the Middle East. This sale is consistent with U.S. initiatives to provide key allies in the region with modern systems that will enhance interoperability with U.S. forces and increase security.

The proposed sale will enhance the UAE’s capability to meet current and future aircraft and missile threats. The UAE will use the capability as a deterrent to regional threats and to strengthen its homeland defense. The UAE has fielded the Patriot system since 2009 and will have no difficulty absorbing these additional missiles into its armed forces.

The proposed sale of these missiles will not alter the basic military balance in the region.

The prime contractor for the PAC-3 Missile is Lockheed-Martin in Dallas, Texas. The prime contractor for the GEM-T missile is Raytheon Company in Andover, Massachusetts. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require additional contractor representatives to the UAE. It is not expected additional U.S. Government personnel will be required in country for an extended period of time. U.S. Army Aviation and Missile Life Cycle Management Command (AMCOM) currently maintains a field office in UAE in support of UAE Patriot systems.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Kingdom of Saudi Arabia – Navy Blanket Order Training

WASHINGTON, May 23, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for a Navy blanket order training program. The estimated cost is $250 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on May 22, 2017.

The Kingdom of Saudi Arabia has requested the continuation of a naval blanket order training program inside and outside of Saudi Arabia that includes, but is not limited to English Language training, professional military education, technical training, publications and technical documentation, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated value is $250 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a strategic regional partner that has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed sale will enable Saudi Arabia and the Royal Saudi Naval Force (RSNF) to maintain military performance levels and provide an increased ability to meet current and future maritime threats. The training will support the RSNF in its role patrolling and providing protection for critical industrial infrastructure and for the sea lines of communications. The RSNF will also use the training to enhance interoperability with the United States and other coalition maritime forces. Saudi Arabia will have no difficulty absorbing these services.

The proposed sale of this training will not alter the basic military balance in the region.

The prime contractor will be Kratos Defense & Security Solutions of San Diego, CA. There are no known offset agreements in connection with this potential sale.

Implementation of this proposed sale will require the assignment of approximately 88 contractor representatives to Saudi Arabia for approximately three years to support personnel training. Implementation of this sale will not require the assignment of any additional U.S. Government representatives to Saudi Arabia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Saudi Arabia – Blanket Order Training

WASHINGTON, Jun. 5, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for a blanket order training program for the Royal Saudi Air Force (RSAF) and other Saudi forces. The estimated cost is $750 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on June 2, 2017.

The Government of Saudi Arabia requested a possible sale of continued blanket order training program inside and outside of the Kingdom of Saudi Arabia that includes, but is not limited to, flight training, technical training, professional military education, specialized training, mobile training teams (MTTs), and English language training. These blanket order training cases cover all relevant types of training offered by or contracted through the U.S. Air Force or Department of Defense (DoD) Agencies, to include participation in CONUS DOD-sponsored education, as well as MTTs that will travel to Saudi Arabia. Program management, trainers, simulators, travel, billeting, and medical support may also be included. The estimated program cost is $750 million.

This training for the RSAF and other Saudi forces will include such subjects as civilian casualty avoidance, the law of armed conflict, human rights command and control, and targeting via MTTs and/or broader Programs of Instruction (POIs).

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of an important partner which has been and continues to be a leading contributor of political stability and economic progress in the Middle East.

This training would support the United States’ continued commitment to Saudi Arabia’s security and strengthen the U.S.-Saudi Arabia strategic partnership. Assisting the RSAF supports Saudi Arabia in deterring hostile actions and increases U.S.-Saudi Arabia military interoperability. It also helps their ability to work with coalition partners during training, exercises, and operations. Saudi Arabia will have no difficulty absorbing this training and support.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Saudi Arabia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles/services have been approved for release.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Kingdom of Saudi Arabia – AN/TPQ-53(V) Radar Systems and Related Support

WASHINGTON, Jun. 5, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Kingdom of Saudi Arabia for AN/TPQ-53(V) radar systems and related support. The estimated cost is $662 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the Kingdom of Saudi Arabia has requested a possible sale of twenty-six (26) AN/TPQ-53(V) Radar Systems to include Solid State Phased Array Radar with KN-4083 Selective Availability Anti-Spoofing Module (SAASM) enhanced Land/Sea Inertial Navigation System (INS) and automatic leveling system; Eight hundred and forty (840), M931, 120mm Projectiles with M781 fuzes (for live fire exercise); Two thousand, two hundred and forty (2,240), M107, 155MM Projectiles with M557 fuzes (for live fire exercise); Single Channel Ground and Airborne Radio Systems (SINCGARS) and accessories; Defense Advanced Global Positioning System (GPS) Receiver (DAGR) equipment and accessories; Miltope laptops and accessories; Medium Tactical Vehicles FMTV M1092 5-ton trucks/chassis with support and accessories; software support; support equipment; classroom simulators; government furnished equipment; technical manuals and publications; essential spares and repair parts; consumables; live fire exercise and ammunition; tools and test equipment; training; transportation; U.S. Government technical support and logistic support; contractor technical support; repair and return support; quality assurance teams; in-country Field Service Representative (FSR) and other associated equipment and services. The total estimated program cost is $662 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by helping to improve the security of an important partner which has been and continues to be a leading contributor of political stability and economic growth in the Middle East.

Saudi Arabia intends to use these radars to support its border security requirements and modernize its armed forces with a more current capability to locate and counter the source of incoming ballistic artillery, rockets, and mortars. This will contribute to Saudi Arabia’s goal to update its military capability while further enhancing greater interoperability among Saudi Arabia, the United States and other allies. Saudi Arabia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The Lockheed Martin Corporation, Liverpool, New York, is the principal contractor for the AN/TPQ-53 (V) Radars. There are no known offset agreements proposed in connection with this potential sale.
Implementation of this proposed sale will require U.S. Government or contractor representatives to travel to the Kingdom of Saudi Arabia for a period of four (4) months for in-processing/fielding, system checkout and new equipment training, as well as providing the support of two in-country FSRs for two years.

There will be no adverse impact on U.S. defense readiness as a result of the proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Australia – Gulfstream G550 Aircraft with Airborne Intelligence, Surveillance, Reconnaissance, and Electronic Warfare (AISREW) Mission Systems

WASHINGTON, Jun. 26, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for Gulfstream G550 Aircraft with Airborne Intelligence, Surveillance, Reconnaissance, and Electronic Warfare (AISREW) mission systems. The estimated cost is $1.3 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on June 23, 2017.

The Government of Australia requested the possible sale of up to five (5) Gulfstream G-550 aircraft modified to integrate Airborne Intelligence, Surveillance, Reconnaissance, and Electronic Warfare (AISREW) mission systems, Global Positioning System (GPS) capability, secure communications, aircraft defensive systems; spares, including whole life costs of airborne and ground segments; aircraft modification and integration; ground systems for data processing and crew training; ground support equipment; publications and technical data; U.S. Government and contractor engineering, technical and logistics support services; flight test and certification; and other related elements of logistical and program support. The total estimated program cost is $1.3 billion.

This sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major contributor to political stability, security, and economic development in the Western Pacific. Australia is an important Major non-NATO Ally and partner that contributes significantly to peacekeeping and humanitarian operations around the world. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

The proposed sale supports and complements the ongoing efforts of Australia to modernize its Electronic Warfare capability and increases interoperability between the U.S. Air Force and the Royal Australian Air Force (RAAF). Australia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment does not alter the basic military balance in the region.

The prime contractors will be L3 of Greenville, TX. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale may require the assignment of up to six (6) U.S. contractor representatives to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of India – C-17 Transport Aircraft

WASHINGTON, Jun. 26, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of India for C-17 transport aircraft. The estimated cost is $366.2 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of India has requested the possible sale of one (1) C-17 transport aircraft with four (4) Turbofan F-117-PW-100 engines. The sale would also include one (1) AN/AAR-47 Missile Warning System, one (1) AN/ALE-47 Countermeasures Dispensing System (CMDS), one (1) AN/APX-119 Identification Friend or Foe (IFF) Transponder, precision navigation equipment, spare and repair parts, maintenance, support and test equipment, publications and technical documentation, warranty, Quality Assurance, ferry support, U.S. Government and contractor engineering, logistics and technical support services, and other related elements of logistics and program support. The estimated cost is $366.2 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to strengthen the U.S.-India relationship and to improve the security of an important partner which has been, and continues to be, an important force for economic progress and stability in South Asia.

The proposed sale will improve India’s capability to meet current and future strategic airlift requirements. India lies in a region prone to natural disasters and will use the additional capability for Humanitarian Assistance and Disaster Relief (HA/DR). In addition, through this purchase India will be able to provide more rapid strategic combat airlift capabilities for its armed forces. India currently operates C-17 aircraft and will have no difficulty absorbing this aircraft into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The principal contractor will be the Boeing Company, Chicago, IL. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to India.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

WASHINGTON, Jun. 29, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Taipei Economic and Cultural Representative Office (TECRO) in the United States of fifty (50) AGM-88B HARMs and ten (10) AGM-88B Training HARMs. This request also includes: HARM integration, LAU-1 18A Launchers, missile containers, spare and repair parts, support and test equipment, Joint Mission Planning System update, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The total estimated program cost is $147.5 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

This proposed sale is consistent with U.S. law and policy as expressed in Public Law 96-8.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and to maintain a credible defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

The proposed sale will improve the recipient's capability in current and future defensive efforts. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen homeland defense. The recipient will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Currently, market research is being conducted to determine the viability of a qualified contractor in accordance with Federal Acquisition Regulations. The purchaser typically requests offsets, but any offsets will be determined between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives outside the United States.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Taipei Economic and Cultural Representative Office (TECRO) in the United States - SM-2 Block IIIA Standard Missiles and Components

WASHINGTON, Jun. 29, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Taipei Economic and Cultural Representative Office (TECRO) in the United States of sixteen (16) Standard Missile-2 (SM-2) Block IIIA All-Up Rounds (AUR), forty-seven (47) MK 93 MOD 1 SM-2 Block IIIA Guidance Sections (GSs), and five (5) MK 45 MOD 1 SM-2 Block IIIA Target Detecting Devices (TDDs) Shrouds. This request also includes Seventeen (17) MK 11 MOD 6 SM-2 Block IIIA Autopilot Battery Units (APBUs) maneuverability upgrades on the GSs, sixty-nine (69) section containers and sixteen (16) AUR containers, operator manuals and technical documentation, U.S. Government and contractor engineering, technical and logistics support services. The total estimated program cost is $125 million.

The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

This proposed sale is consistent with United States law and policy, as expressed in Public Law 96-8.

This proposed sale serves U.S. national, economic and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capabilities. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance and economic progress in the region.

The proposed sale will improve the recipient's capability in current and future defensive efforts. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen homeland defense. The SM-2 Block IIIA missiles and components proposed in this purchase will be used to supplement existing inventories of SM-2 Block IIIs to be used for self-defense against air and cruise missile threats onboard their destroyer-class surface ships. The recipient will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the military balance in the region.

The prime contractor will be Raytheon Missiles Systems Company of Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

It is estimated that during implementation of this proposed sale, a number of U.S. Government and contractor representatives will be assigned to the recipient or travel there intermittently during the program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Transmittal No. 16-69

Taipei Economic and Cultural Representative Office (TECRO) in the United States - MK 48 Mod 6AT Heavyweight Torpedo (HWT)

WASHINGTON, Jun. 29, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Taipei Economic and Cultural Representative Office (TECRO) in the United States for forty-six (46) MK 48 Mod 6AT Heavyweight Torpedoes (HWT). This sale will include HWT containers, torpedo support, torpedo spare parts, publications, training, weapon system support, engineering and technical assistance. The total estimated program cost is $250 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

This proposed sale is consistent with United States law and policy, as expressed in Public Law 96-8.

This proposed sale serves U.S. national, economic and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capabilities. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance and economic progress in the region.

The proposed sale will improve the recipient's capability in current and future defensive efforts. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen homeland defense. The recipient will have no difficulty absorbing this equipment into its armed forces.

There are no prime contractors associated with this case as all materials will be procured from U.S. Navy stocks. There are no known offset agreements proposed in connection with this potential sale.

It is estimated that during implementation of this this proposed sale a number of U.S. Government and contractor representatives will be assigned to the recipient or travel there intermittently during the program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Taipei Economic and Cultural Representative Office (TECRO) in the United States - AGM-154C Joint Standoff Weapon (JSOW) Missiles

WASHINGTON, Jun. 29, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Taipei Economic and Cultural Representative Office (TECRO) in the United States of fifty-six (56) AGM-154C JSOW Air-to-Ground Missiles. This request also includes: JSOW integration, captive flight vehicles, dummy training missiles, missile containers, spare and repair parts, support and test equipment, Joint Mission Planning System updates, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The total estimated program cost is $185.5 million.

The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

This proposed sale is consistent with U.S. law and policy as expressed in Public Law 96-8.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and to maintain a credible defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

The proposed sale will improve the recipient's capability in current and future defensive efforts. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen homeland defense. The recipient will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Currently, market research is being conducted to determine the viability of a qualified contractor in accordance with Federal Acquisition Regulations. The purchaser typically requests offsets, but any offsets will be determined between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives outside the United States.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Taipei Economic and Cultural Representative Office (TECRO) in the United States - AN/SLQ-32(V23 Upgrade)

WASHINGTON, Jun. 29, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Taipei Economic and Cultural Representative Office (TECRO) in the United States to upgrade the AN/SLQ-32(V)3 Electronic Warfare Systems in support of four (4) ex-KIDD Class (now KEELUNG Class) destroyers. This sale will include AN/SLQ-32(V)3 upgrade hardware, software, support equipment and parts, publications, training, engineering and technical assistance. The total estimated program cost is $80 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

This proposed sale is consistent with United States law and policy, as expressed in Public Law 96-8.

This proposed sale serves U.S. national, economic and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capabilities. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance and economic progress in the region.

The proposed sale will improve the recipient's capability in current and future defensive efforts. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen homeland defense. The proposed sale will improve operational readiness and enhance the electronic warfare capability onboard the ex-KIDD Class destroyers. The recipient will have no difficulty in absorbing this equipment into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The prime contractor will be Raytheon Missiles Systems Company of Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

It is estimated that during implementation of this proposed sale, a number of U.S. Government and contractor representatives will be assigned to the recipient or travel there intermittently during the program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Taipei Economic and Cultural Representative Office (TECRO) in the United States - Surveillance Radar Program (SRP) Operation and Maintenance Support

WASHINGTON, Jun. 29, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Taipei Economic and Cultural Representative Office (TECRO) in the United States of SRP Operations and Maintenance follow-on sustainment package that includes, contractor logistics support (sustainment); engineering services and technical updates to address equipment obsolescence; transportation and material costs associated with contractor repair and return services; spare and repair parts; support and test equipment; publications and technical documentation; personnel training and training equipment; U.S. Government and contractor engineering; technical and logistics support services; and other related elements of logistical and program support. The total estimated program cost is $400 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

This proposed sale is consistent with United States law and policy as expressed in Public Law 96-8.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security and defensive capability of the recipient, which has been and continues to be an important force for political stability, military balance, and economic progress in the region.

The proposed sale improves the recipient's capability to provide early warning against current and future airborne threats. The SRP is a key component to the recipient's Command, Control, Communications, Computers, Intelligence Surveillance and Reconnaissance architecture. It will use the requested updates and sustainment as a defensive deterrent to regional threats and to strengthen its homeland defense. This potential sale will not introduce new capabilities, but will continue a similar sustainment package to one currently in place.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Currently, market research is being conducted to determine the viability of a qualified contractor in accordance with Federal Acquisition Regulations. The purchaser typically requests offsets, but any offsets will be determined between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives outside the United States.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Government of the Netherlands – AN/AAR-57A(V)7 Common Missile Warning System (CMWS)

WASHINGTON, Jul. 10, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of the Netherlands for AN/AAR-57A(V)7 Common Missile Warning Systems (CMWS). The estimated cost is $58.2 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the Netherlands has requested the possible sale of thirty-two (32) AN/AAR-57A(V)7 Common Missile Warning Systems (CMWS). This would be in addition to the thirty-three (33) AN/AVR-2B laser detecting sets with various support elements included in an earlier FMS case valued at $8.2M. Also included in the amended FMS case would be mission equipment, hardware and services required to implement customer unique post modifications, communication and navigation equipment, special tools and test equipment, ground support equipment, technical data, publications, MWO/ECP, technical assistance, and training, and other related elements of logistics and program support. The estimated total case value is $58.2 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of the Netherlands which has been, and continues to be an important force for political stability and economic progress in Europe. It is vital to the U.S. national interest to assist the Netherlands to develop and maintain a strong and ready self-defense capability.

The proposed sale will improve the Netherlands’ capability to meet current and future threats and will be employed on the Netherlands’ AH-64D Apache helicopters. The Netherlands will use the enhanced capability to strengthen its homeland defense, deter regional threats, and provide direct support to coalition and security cooperation operations. The Netherlands will have no difficulty absorbing these systems into its armed forces.

The proposed sale of these systems will not alter the basic military balance in the region.

The principal contractor will be BAE Systems, Nashua, NH. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to the Netherlands.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
United Kingdom – Joint Light Tactical Vehicles (JLTV) and Accessories

WASHINGTON, Jul. 10, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the United Kingdom for Joint Light Tactical Vehicles (JLTV) and accessories. The estimated cost is $1.035 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the United Kingdom (UK) has requested a possible sale of up to two thousand seven hundred forty-seven (2,747) Joint Light Tactical Vehicles (JLTV). This possible sale also includes baseline integration kits, basic issue item kits, B-kit armor, engine arctic kits, fording kits, run-flat kits, spare tire kits, silent watch kits, power expansion kits cargo cover kits, maintainer and operator training, U.S. government technical assistance and logistics support services, and other related elements of logistics and program support. Total estimated cost is $1.035 billion.

This proposed sale supports the foreign policy and national security policies of the United States by helping to improve the security of a NATO ally which has been, and continues to be, an important partner on critical foreign policy and defense issues.

The proposed sale will help improve the UK’s Light Tactical Vehicle Fleet and enhance its ability to meet current and future threats. The UK will have no difficulty absorbing this equipment into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The principal contractor of this sale will be Oshkosh Defense, LLC, Oshkosh, Wisconsin. The procured items will require minimum contractor support until the foreign customer can eventually transition to internal organic support. There is no known offset agreement associated with this proposed sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Romania – Patriot Air Defense System and Related Support and Equipment

WASHINGTON, Jul. 11, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Romania for Patriot air defense systems, related support and equipment. The estimated cost is $3.9 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 10, 2017.

The Government of Romania has requested the possible sale of seven (7) Patriot Configuration-3+ Modernized Fire Units consisting of: seven (7) AN/MPQ-65 radar sets, seven (7) AN/MSQ-132 engagement control stations, thirteen (13) antenna mast groups, twenty-eight (28) M903 launching stations, fifty-six (56) Patriot MIM-104E Guidance Enhanced Missile-TBM (GEM-T) missiles, one hundred and sixty-eight (168) Patriot Advanced Capability-3 (PAC-3) Missile Segment Enhancement (MSE) missiles, and seven (7) Electrical Power Plants (EPP) III. Also included with this request are communications equipment, tools and test equipment, support equipment, prime movers, generators, publications and technical documentation, training equipment, spare and repair parts, personnel training, TAFT team, U.S. Government and contractor technical, engineering, and logistics support services, Systems Integration and Checkout (SICO), field office support, and other related elements of logistics and program support. The total estimated program cost is $3.9 billion.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally that has been, and continues to be an important force for political stability and economic progress within Europe. The proposed sale of the Patriot system will support Romania’s needs for its own self-defense and support NATO defense goals.

Romania will use the Patriot missile system to strengthen its homeland defense and deter regional threats. The proposed sale will increase the defensive capabilities of the Romanian military to guard against aggression and shield the NATO allies who often train and operate within Romania’s borders. Romania should have no difficulty absorbing this system into its armed forces.

The proposed sale of these missiles and equipment will not alter the basic military balance in the region.

The prime contractors will be Raytheon Corporation in Andover, Massachusetts, and Lockheed-Martin in Dallas, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require approximately 30 U.S. Government and 40 contractor representatives to travel to Romania for an extended period for equipment de-processing/fielding, system checkout, training, and technical and logistics support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Australia – Upgrades for F/A-18E/F Super Hornet Aircraft

WASHINGTON, Jul. 11, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for upgrades for F/A-18E/F Super Hornet aircraft. The estimated cost is $101.4 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 10, 2017.

The Government of Australia requested the possible sale of thirty-two (32) Multifunctional Information Distribution System Joint Tactical Radio System (MIDS JTRS) with four channel Concurrent Multi-Network (CMN-4), and thirty-nine (39) AN/ALQ-214A(V)4 Countermeasure Systems. This will also include all system integration and testing, component improvement, test and tools equipment upgrades, support equipment replenishment, supply support, publications and technical document updates, personnel training and training equipment upgrades, aircrew trainer device upgrades, U.S. Government and contractor technical assistance and other related elements of logistical and program support. The total estimated program cost is $101.4 million.

This sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major contributor to political stability, security, and economic development in the Western Pacific. Australia is an important Major non-NATO Ally and partner that contributes significantly to peacekeeping and humanitarian operations around the world. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

The proposed sale will improve Australia’s capability in current and future coalition efforts. This equipment will help the Royal Australian Air Force better communicate with and protect its F/A-18 aircraft, and the addition of MIDS JTRS will accomplish the goal of making U.S. and Australian aircraft more interoperable when supporting operational forces. Australia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment does not alter the basic military balance in the region.

The prime contractors will be the Harris Corporation, Melbourne, FL. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale may require the assignment of U.S. contractor representatives to Australia which will be determined at a later date.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Australia – 120mm Tank Ammunition and Related Support Services

WASHINGTON, Jul. 11, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for 120mm tank ammunition and related support services. The estimated cost is $50 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 10, 2017.

The Government of Australia has requested the possible sale of six thousand thirty (6,030) rounds of M865 120mm Target Practice Cone Stabilized Discarding Sabot-Tracer (TPCSDS-T) Tank Projectiles and eight thousand six hundred ten (8,610) rounds of M1002 120mm Target Practice Multipurpose Tracer (TPMP-T) Tank Projectiles. Also included are U.S. Government technical services, technical data, and other related elements of logistical and program support. The total estimated program cost is $50 million.

This sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major contributor to political stability, security, and economic development in the Western Pacific. Australia is an important Major non-NATO Ally and partner that contributes significantly to peacekeeping and humanitarian operations around the world. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

The proposed sale of 120mm tank ammunition will improve Australia’s capability to meet out-year operational readiness and training requirements. Australia will use this ammunition to help sustain necessary training levels for its tank operators. Australia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

This requirement will be provided from U.S. Army inventory. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. or contractor representatives to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of the Netherlands – AGM-114R Hellfire Missiles

WASHINGTON, Jul. 11, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of the Netherlands for AGM-114R Hellfire missiles. The estimated cost is $34 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the Netherlands has requested the possible sale of an additional seventy (70) AGM-114R Hellfire II missiles to a previously implemented case for Hellfire missiles. The original FMS case, valued at $26.3M, included one hundred and eighty (180) AGM-114R Hellfire II Missiles and twenty-four (24) M36E8 Captive Air Training Missiles (CATM) with various support elements. Therefore, this case is for a total of two hundred fifty (250) AGM-114R Hellfire II Missiles, twenty-four (24) M36E8 CATMs, to include Hellfire missile cutaway model, AGM-114R missile spare parts, a Launcher Test Station (LTS), LTS spares, two (2) maintenance support devices, integrated logistics support tools, M299 launcher software upgrade and testing, aircrew familiarization training, launcher test station training, unclassified publications, technical assistance, AN/AWM-101A software, CATM spare parts and related support services, and other related elements of logistics and program support. The estimated total case value is $34 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of the Netherlands which has been, and continues to be an important force for political stability and economic progress in Europe. It is vital to the U.S. national interests to assist the Netherlands to develop and maintain a strong and ready self-defense capability.

The proposed sale will improve the Netherlands’ capability to meet current and future threats and will be employed on the Netherlands’ AH-64D Apache helicopters. The Netherlands will use this capability to strengthen its homeland defense, deter regional threats, and provide direct support to coalition operations. The Netherlands will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of these missiles will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to the Netherlands.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Switzerland – F/A-18 Upgrades

WASHINGTON, Jul. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Switzerland for F/A-18 upgrades. The estimated cost is $115 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Switzerland has requested the possible sale of a Service Life Extension Program for its F/A-18C/D aircraft to include up to fifty (50) Multifunctional Information Distribution System Joint Tactical Radio System (MIDS JTRS) with Concurrent Multi-Net 4 (CMN-4) capability; fifty (50) ARC-210 GEN 5 RT-1900A(C) radios w/Second Generation Anti-Jam Tactical UHF Radio for NATO (SATURN) frequency hopping; twenty (20) Joint Helmet Mounted Cueing System (JHMCS) Night Vision Cueing Display (NVCD); CIT Automated Dependence Surveillance-Broadcast (ADS-B) Out; software enhancements to the APG-73 radar; improvements to the F/A-18 Software Configuration Set (SCS) 29C; and sustainment for the ALQ-165 Airborne Self Protection Jammer (ASPJ) system. Operational support for these modifications will be provided through upgrades to the purchaser’s unique Mission Data System. Also included are: system integration and testing; software development and integration; support equipment; spare and repair parts; maintenance personnel and pilot familiarization training; software support; publications and technical documents; U.S. Government and contractor technical assistance; and other related elements of logistics and program support. The estimated total case value is $115 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by helping to improve the security of Switzerland which has been, and continues to be an important force for political stability and economic progress in Europe. Switzerland is also a member of the NATO Partnership for Peace (PfP) program.

The proposed sale will allow the Swiss Air Force to extend the useful life of its F/A-18 fighter aircraft and enhance their survivability. Further, the proposed sale will increase Switzerland’s tactical aviation operational capabilities. Switzerland will have no difficulty absorbing this equipment and support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be the Boeing Company, McDonnell Douglas Corporation, St. Louis, MO; Data Link Solutions LLC, Wayne, NJ; Rockwell Collins, Cedar Rapids, IA; Rockwell Collins ESA Vision System LLC, Fort Worth, TX. There are no known offset agreements associated with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to Switzerland. However, multiple trips to Switzerland involving U.S.
Government and contractor representatives will be required for technical reviews/support, and program management.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Republic of Iraq – Follow-On Technical Support (FOTS) for U.S. Origin Navy Vessels and a Ship Repair Facility

WASHINGTON, Aug. 1, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Republic of Iraq for Follow-On Technical Support (FOTS) for U.S. origin Navy vessels and a ship repair facility. The estimated cost is $150 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Iraq has requested a possible sale of Follow-On Technical Support (FOTS) for various U.S.-origin Navy vessels and a ship repair facility in Iraq to include procurement of spare and repair parts, support and test equipment, publications and technical documentation, personnel training equipment, engineering and logistics support services, and other related elements of logistics and program support. The estimated total program value is $150 million.

The proposed sale will contribute to the foreign policy and national security of the United States by helping to provide for a stable, sovereign, and democratic Iraq, capable of combating terrorism and protecting its people and sovereignty.

Iraq intends to use this maintenance support to ensure the Navy is fully-operationally capable of providing coastal defense and security. The various vessels to be supported are: patrol boats, offshore support vessels, fast assault boats, and Rigid Hull Inflatable Boats. The proposed sale of Follow-On Technical Support will increase the Iraq Navy’s material and operational readiness. Iraq will have no difficulty absorbing this support into its armed forces.

The proposed sale of this support will not alter the basic military balance in the region.

The prime contractor will be Swiftships, LLC, Morgan City, LA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require annual trips to Iraq and in-country presence involving U.S. Government and contractor representatives for technical reviews, support and oversight for approximately three years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
WASHINGTON, Aug. 3, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Nigeria of twelve (12) A-29 Super Tucano aircraft and weapons, including all associated training, spare parts, aviation and ground support equipment, and hangar, facilities, and infrastructure required to support the program. The estimated total case value is $593 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 2, 2017.

These aircraft will support Nigerian military operations against terrorist organizations Boko Haram and ISIS West Africa, and Nigerian efforts to counter illicit trafficking in Nigeria and the Gulf of Guinea. The Super Tucano is a sustainable platform for counterterrorism, counter-insurgency, border surveillance, and illicit trade interdiction operations. Nigeria is an important partner in the U.S. national security goal to defeat ISIS, including its branches in Africa, and this sale is part of the U.S. commitment to help Nigeria and the Lake Chad Basin countries in that fight. The proposed sale, and associated training and engagement, is one piece of broader U.S. security cooperation to help professionalize, modernize, and build the capacity of Nigeria’s armed forces and strengthen the U.S. security relationship with Africa's largest democracy. Nigeria will have no difficulty absorbing these aircraft into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The prime contractor is the Sierra Nevada Corporation, headquartered in Centennial, Colorado. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of U.S. Government or contractor representatives to Nigeria for mobile training teams and contract logistic support. The case will include special training on the law of armed conflict and human rights, and air-to-ground integration to minimize civilian harm in air operations.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Australia – ALE-70 Radio Frequency Countermeasures (RFCM)

The Government of Australia has requested the possible sale of one thousand nine hundred fifty-two (1,952) ALE-70(V)/T-1687A Electronic Towed Decoy Countermeasures, publications and technical documentation, other technical assistance, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The total estimated program cost is $108.7 million.

This sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major non-NATO ally and continues to be an important force for political stability, security, and economic development in the Western Pacific. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

The proposed sale will improve Australia’s F-35 survivability and will enhance its capability to deter global threats, strengthen its homeland defense, and cooperate in coalition defense initiatives. Australia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be British Aerospace Enterprise (BAE), Nashua, NH. There are no offsets proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Government of Thailand – RGM-84L Harpoon Block II Surface Launched Missiles

WASHINGTON, Aug. 10, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Thailand for RGM-84L Harpoon Block II Surface Launched Missiles. The estimated cost is $24.9 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 9, 2017.

The Government of Thailand has requested the possible sale of up to five (5) RGM-84L Harpoon Block II Surface Launched Missiles and one (1) RTM-84L Harpoon Block II Exercise Missile. Also included are containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor representatives technical assistance, engineering and logistics support services, and other related elements of logistics and program support. The estimated cost is $24.9 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to strengthen the U.S.-Thai strategic relationship and to improve the security of an important partner.

The proposed sale will provide enhanced capabilities in effective defense of critical sea lines. Thailand intends to use the missiles on its DW3000 Class Frigate. The proposed sale of the Harpoon Block II missiles and support will increase the Royal Thai Navy’s maritime partnership potential. Thailand has purchased Harpoon missiles previously and will have no difficulty absorbing these missiles into its armed forces.

The proposed sale will not alter the basic military balance in the region.

The principal contractor will be the Boeing Company, St. Louis, MO. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require annual trips to Thailand involving U.S. Government personnel and contractor representatives for technical reviews, support, and oversight for approximately five years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Romania – High Mobility Artillery Rocket Systems (HIMARS) and Related Support and Equipment

WASHINGTON, Aug. 18, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Romania for High Mobility Artillery Rocket Systems (HIMARS) and related support and equipment. The estimated cost is $1.25 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 17, 2017.

The Government of Romania has requested the possible sale of fifty-four (54) High Mobility Artillery Rocket Systems (HIMARS) Launchers, eighty-one (81) Guided Multiple Launch Rocket Systems (GMLRS) M31A1 Unitary, eighty-one (81) Guided Multiple Launch Rocket Systems (GMLRS) M30A1 Alternative Warhead, fifty-four (54) Army Tactical Missile Systems (ATACMS) M57 Unitary, twenty-four (24) Advanced Field Artillery Tactical Data Systems (AFATDS), fifteen (15) M1151A1 HMMWVs, Utility, Armored, and fifteen (15) M1151A1 HMMWVs, Armor Ready 2-Man. Also included with this request are: fifty-four (54) M1084A1P2 HIMARS Resupply Vehicles (RSVs) (5 ton, Medium Tactical Cargo Vehicle with Material Handling Equipment), fifty-four (54) M1095 MTV Cargo Trailer with RSV kit, and ten (10) M1089A1P2 FMTV Wreckers (5 Ton Medium Tactical Vehicle Wrecker with Winch), thirty (30) Low Cost Reduced Range (LCRR) practice rockets, support equipment, communications equipment, sensors, spare and repair parts, test sets, batteries, laptop computers, publications and technical data, facility design, training and training equipment, systems integration support, Quality Assurance Teams and a Technical Assistance Fielding Team, U.S. Government and contractor technical, engineering, and logistics support services, and other related elements of logistics and program support. The total estimated program cost is $1.25 billion.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally that has been, and continues to be an important force for political stability and economic progress within Europe. The proposed sale of the HIMARS system will support Romania’s needs for its own self-defense and support NATO defense goals.

The Government of Romania intends to use these defense articles and services to modernize its armed forces and strengthen its homeland defense and deter regional threats. This will contribute to Romania’s military goal of updating its capabilities while further enhancing interoperability with the United States and other NATO allies. Romania will have no difficulty absorbing this system into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be Lockheed-Martin in Grand Prairie, Texas and Camden, Arkansas. There are no known offset agreements proposed in connection with this potential sale.
Implementation of this proposed sale will require approximately the assignment of up to 10 U.S. Government or contractor representatives to travel to Romania for a period of up to one year for equipment de-processing/fielding, system checkout, training, and technical and logistics support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Australia – Upgrade Program for MH-60R Multi-Mission Helicopters

WASHINGTON, Aug. 31, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for an upgrade program for MH-60R Multi-Mission Helicopters. The estimated cost is $360 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 30, 2017.

The Government of Australia has requested a follow-on case for a possible ten-year upgrade program for twenty-four (24) MH-60R Multi-Mission Helicopters and associated training devices, spare and repair parts, support and test equipment, engineering and technical services, U.S. Government and contractor engineering, technical and logistics support services, Engineering Change Proposals (ECPs), ECPs for training devices, classified software (JMPS/MDLs), Engineering Technical Assistance (ETA), Logistics Technical Assistance (LTA), Other Technical Assistance (OTA), supply support, support equipment, and other related elements of logistics and program support. The total estimated program cost is $360 million.

This sale will support the foreign policy and national security of the United States by helping to improve the security of a major non-NATO ally that continues to be an important force for political stability and economic progress in the Western Pacific. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

The proposed upgrades to the MH-60R helicopters will improve Australia’s antisubmarine and surface warfare capability, provide an improved search and rescue capability, enhance its anti-ship surveillance capability, and will help it carry out international commitments for transport, surveillance, and search and rescue operations with the United States and other allies. The proposed upgrades will also provide Australia the resources necessary to properly maintain its multi-mission helicopters. Australia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Sikorsky, a Lockheed Martin Company, Stratford, CT and Lockheed Martin, Owego, NY. There are no offsets proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Bahrain – TOW Missiles, Equipment and Support

WASHINGTON, Sep. 8, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Bahrain for TOW missiles, equipment and support. The estimated cost is $27 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Bahrain has requested:

Major Defense Equipment (MDE):
One-hundred and seven (107) TOW 2A, Radio Frequency (RF) Missiles (BGM-71-4B-RF)
Seventy-seven (77) TOW 2B Aero, RF Missiles (BGM-71F-Series)
Thirty-seven (37) TOW Bunker Buster (BB), RF Missiles (BGM-71-F1-RF)

Non-MDE:
The request also includes the following Non-MDE:  Government Technical Support/Logistical Support, Contractor Technical Support, and other associated equipment and services.

The estimated value of MDE is $21 million. The total overall estimated value is $27 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major Non-NATO ally, which has been and continues to be an important security partner in the region.

The proposed sale of TOW 2A, TOW 2B, TOW BB missiles, and technical support will advance Bahrain's efforts to develop an integrated ground defense capability. Bahrain will use the capability as a deterrent to regional threats and to strengthen its homeland defense. This sale will also improve interoperability with United States and regional allies. Bahrain will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missile Systems, Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the U.S. Government or contractor representatives to travel to Bahrain for multiple periods for equipment de-processing/fielding, system checkout and new equipment
training. There will be no more than two contractor personnel in Bahrain at any one time and all efforts will take less than two weeks in total.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of Bahrain – Upgrade of F-16 Block 40 Aircraft to F-16V Configuration

WASHINGTON, Sep. 8, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Bahrain for upgrade of F-16 Block 40 aircraft to F-16V configuration. The estimated cost is $1.082 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Bahrain requested to upgrade its existing twenty (20) F-16 Block 40 aircraft to the F-16V configuration. The requested sale comprises of twenty-three (23) F-110-GE-129 engines (includes 3 spares); twenty-three (23) APG-83 Active Electronically Scanned Array Radars (includes 3 spares); twenty-three (23) Modular Mission Computers (includes 3 spares); twenty-three (23) Embedded Global Navigation Systems/LN260 EGI (includes 3 spares); twenty-three (23) Improved Programmable Display Generators (iPDGs) (includes 3 spares); forty (40) LAU-129 launchers; twenty-five (25) AN/AAQ-33 SNIPER Pods; two (2) AIM-9X Sidewinder Missiles; two (2) AGM-88 High-speed Anti-Radiation Missiles (HARM); two (2) WGU-43 Guidance Control Unit (GBU) Guidance Control Unit (GCU) (for GBU-24 Paveway III); two (2) BSU-84 Air Foil Group (AFG) (for GBU-24 Paveway III); five (5) KMU-572 Joint Direct Attack Munition (JDAM) Tailkits (for GBU-38 JDAM and GBU-54 Laser JDAM); two (2) GBU-39 Small Diameter Bombs (SDB) Guided Test Vehicles (GTV); two (2) AGM-84 Harpoon Exercise Missiles; three (3) MAU-210 ECCG (for GBU-50 Enhanced Paveway II); three (3) BLU-109 Inert Bomb Bodies; four (4) MK-82/BLU-111 Inert Bomb Bodies; and two (2) GMU-152 or FMU-139 Fuzes.

This sale also includes one (1) Joint Mission Planning System, one (1) F-16V simulator, twenty (20) AN/ALQ-211 AIDEWS Systems, one (1) avionics level test station, six (6) DB-110 Advanced Reconnaissance Systems, two (2) LAU-118A Launchers, forty-five (45) AN/ARC-238 SINCGARS Radio or equivalent, twenty-three (23) Advanced Identification Friend or Foe (AIFF) systems or equivalent; twenty-three (23) cryptographic appliques; two (2) CATM-9L/M, two (2) AIM-120C-7 Advanced Medium Range Air-to-Air Missile (AMRAAM) Captive Air Training Missiles (CATM), three (3) MXU-651 AFG (for GBU-50 Enhanced Paveway II), four (4) DSU-38 Precision Laser Guidance sets (PLGS) (for GBU-54 Laser JDAM), four (4) AGM-154 Joint Stand-Off Weapon (JSOW) Captive Flight Vehicles (CFV), three (3) MK-84/BLU-117 Inert Bomb Bodies, two (2) FMU-152 D-1 Inert Fuzes, three (3) BRU-57 Bomb Racks, two (2) BRU-61 Bomb Racks for SDB, two (2) ADU-890 SDB adapter cable for CMBRE, two (2) ADU-891 AMRAAM/AIM-9X adapter cable for CMBRE, Telemetry for all flight test assets secure communication equipment, spares and repair parts, support equipment, personnel training and training equipment, publications and technical documentation, U.S. Government and contractor technical support services, containers, missile support and test equipment, integration test, site survey, design, construction studies/analyses/services, associate operations,
maintenance, training, support facilities, cybersecurity, critical computer resources support, force protection, and other related elements of logistics and program support. The total estimated program cost is $1.082 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major Non-NATO ally which has been and continues to be an important security partner in the region. Our mutual defense interests anchor our relationship and the Royal Bahraini Air Force (RBAF) plays a significant role in Bahrain's defense.

The proposed sale improves Bahrain's capability to meet current and future threats. Bahrain will use this capability as a deterrent to regional threats and to strengthen its homeland defense. The upgraded F-16Vs will provide an increase in the capability of existing aircraft to sustain operations, meet training requirements, and support transition training for pilots to the upgraded aircraft. This upgrade will improve interoperability with U.S. forces and other regional allies. Bahrain will have no difficulty absorbing this upgrade into its armed forces.

The proposed sale will not affect the basic military balance in the region.

The prime contractor will be Lockheed Martin. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of at least five (5) additional U.S. Government representatives to Bahrain.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
WASHINGTON, Sep. 8, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Bahrain for F-16V aircraft with support. The estimated cost is $2.785 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Bahrain has requested a possible sale of nineteen (19) F-16V Aircraft; nineteen (19) M61 Vulcan 20mm Gun Systems; twenty-two (22) F-16V F-110-GE-129 Engines (includes 3 spares); twenty-two (22) APG-83 Active Electronically Scanned Array Radars (includes 3 spares); twenty-two (22) Modular Mission Computers (includes 3 spares); twenty-two (22) Embedded Global Navigation Systems/LN260 EGI (includes 3 spares); twenty-two (22) Improved Programmable Display Generators (iPDG) (includes 3 spares); and thirty-eight (38) LAU-129 Launchers. This sale also includes nineteen (19) AN/ALQ-211 AIDEWS Systems, thirty-eight (38) LAU-118A Launchers, forty-two (42) AN/ARC-238 SINCgars Radio or equivalent, twenty-two (22) AN/APX-126 Advanced Identification Friend or Foe (AIFF) system or equivalent, twenty-two (22) cryptographic appliques, secure communication equipment, spares and repair parts, personnel training and training equipment, simulators, publications and technical documentation, U.S. Government and contractor technical support services, containers, missile support and test equipment, original equipment manufacturer integration and test, U.S. Government and contractor technical support and training services, site survey, design, construction studies/analysis/services, associated operations/maintenance/ training/support facilities, cybersecurity, critical computer resources support, force protection and other related elements of logistics and program support. The total estimated program cost is $2.785 billion.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major Non-NATO ally, which has been and continues to be an important security partner in the region. Our mutual defense interests anchor our relationship and the Royal Bahraini Air Force (RBAF) plays a significant role in Bahrain's defense.

The proposed sale improves Bahrain's capability to meet current and future threats. Bahrain will use the capability as a deterrent to regional threats and to strengthen its homeland defense. This purchase of F-16Vs will improve interoperability with United States and other regional allies. Bahrain employs 20 older F-16 Block 40s and will have no difficulty absorbing these aircraft into its armed forces.

The proposed sale of these aircraft will not alter the basic military balance in the region.

The prime contractor will be Lockheed Martin. There are no know offset agreements proposed in connection with this potential sale.
Implementation of this proposed sale will require the assignment of at least ten (10) additional U.S. Government representatives and approximately seventy-five (75) contractor representatives to Bahrain.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
WASHINGTON, Sep. 8, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Bahrain for 35 Meter Fast Patrol Boats. The estimated cost is $60.25 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

Bahrain has requested the purchase of two (2) 35 meter Fast Patrol Boats, each equipped with one (1) MK38 Mod 3 25mm gun weapon system and one (1) SeaFLIR 380 HD Forward Looking Infra-Red (FLIR) device. Additionally, Bahrain has requested communication equipment; support equipment; spare and repair parts; tools and test equipment; technical data and publications; personnel training; U.S. government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The total estimated cost is $60.25 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a major Non-NATO ally, which has been and continues to be an important security partner in the region. This proposed sale of patrol boats will enhance the military capabilities of the Royal Bahrain Naval Force in the fulfillment of its self-defense, maritime security, and counter-terrorism missions.

Bahrain will use the capability as a deterrent to regional threats and to strengthen its homeland defense. This sale will also improve interoperability with United States and regional allies. Bahrain will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors for systems listed include: 35 meter Fast Patrol Boats-SwiftShips, Morgan City, LA; MK38 Mod 3 25mm Gun Weapon System-BAE Systems, Louisville, KY; SeaFlir Model 380 HD Forward Looking Infra-Red Device-Flir Systems, Inc., Portland, OR. There are no known offset agreements proposed in conjunction with this potential sale.

Implementation of this proposed sale will require multiple trips by U.S. Government and contractor representatives to participate in program and technical reviews plus boat reactivation and boat systems training in country, on a temporary basis, for a period of two years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
WASHINGTON, Sep. 12, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Canada of ten (10) F/A-18E Super Hornet aircraft, with F414-GE-400 engines; eight (8) F/A-18F Super Hornet aircraft, with F414-GE-400 engines; eight (8) F414-GE-400 engine spares; twenty (20) AN/APG-79 Active Electronically Scanned Array (AESA) radars; twenty (20) M61A2 20MM gun systems; twenty-eight (28) AN/ALR-67(V)3 Electronic Warfare Countermeasures Receiving Sets; fifteen (15) AN/AAQ-33 Sniper Advanced Targeting Pods; twenty (20) Multifunctional Information Distribution Systems–Joint Tactical Radio System (MIDS-JTRS); thirty (30) Joint Helmet Mounted Cueing Systems (JHMCS); twenty-eight (28) AN/ALQ-214 Integrated Countermeasures Systems; one hundred thirty (130) LAU-127E/A and or F/A Guided Missile Launchers; twenty-two (22) AN/AWK-29 Distributed Targeting System (DTS); twenty-two (22) AN/AWK-29 Distributed Targeting Processor (DTP); one hundred (100) AIM-9X-2 Sidewinder Block II Tactical Missiles; thirty (30) AIM-9X-2 Sidewinder Block II Captive Air Training Missiles (CATM); eight (8) AIM-9X-2 Sidewinder Block II Special Air Training Missiles (NATM); twenty (20) AIM-9X-2 Sidewinder Block II Tactical Guidance Units; thirty (30) Joint Helmet Mounted Cueing Systems (JHMCS); twenty-eight (28) AN/ALQ-214 Integrated Countermeasures Systems; one hundred thirty (130) LAU-127E/A and or F/A Guided Missile Launchers; twenty-two (22) AN/AWK-29 Distributed Targeting System (DTS); twenty-two (22) AN/AWK-29 Distributed Targeting Processor (DTP); one hundred (100) AIM-9X-2 Sidewinder Block II Tactical Missiles; thirty (30) AIM-9X-2 Sidewinder Block II Captive Air Training Missiles (CATM); eight (8) AIM-9X-2 Sidewinder Block II Special Air Training Missiles (NATM); twenty (20) AIM-9X-2 Sidewinder Block II Tactical Guidance Units; sixteen (16) AIM-9X-2 Sidewinder Block II CATM Guidance Units.  Also included in this sale are AN/AVS-9 Night Vision Goggles (NVG); AN/ALE-47 Electronic Warfare Countermeasures Systems; AN/ARC-210 Communication System; AN/APX-111 Combined Interrogator Transponder; AN/ALE-55 Towed Decoys; Joint Mission Planning System (JMP); AN/PYQ-10C Simple Key Loader (SKL); Data Transfer Unit (DTU); Accurate Navigation (ANAV) Global Positioning System (GPS) Navigation; KIV-78 Dual Channel Encryptor, Identification Friend or Foe (IFF); CADS/PADS; Instrument Landing System (ILS); Aircraft Armament Equipment (AAE); High Speed Video Network (HSVN) Digital Video Recorder (HDVR); Launchers (LAU-115D/A, LAU-116B/A, LAU-118A); flight test services; site survey; aircraft ferry; auxiliary fuel tanks; aircraft spares; containers; storage and preservation; transportation; aircrew and maintenance training; training aids and equipment, devices and spares and repair parts; weapon system support and test equipment; technical data Engineering Change Proposals; technical publications and documentation; software; avionics software support; software development/integration; system integration and testing; U.S. Government and contractor engineering technical and logistics support; Repair of Repairable (RoR); repair and return warranties; other technical assistance and support equipment; and other related elements of logistics and program support.  The estimated total case value is $5.23 billion.  The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on September 11, 2017.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally which has been, and continues to be, a key democratic partner of the United States in ensuring peace and stability.  The acquisition of the F/A-18E/F Super Hornet aircraft, associated weapons and capability will allow for greater interoperability with U.S. forces, providing benefits for training and possible future coalition operations in support of shared regional security objectives.
The proposed sale of the F/A-18E/F Super Hornet aircraft will improve Canada’s capability to meet current and future warfare threats and provide greater security for its critical infrastructure. Canada will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The principal contractors will be: Boeing Company, St. Louis, MO; Northrop Grumman, Los Angeles, CA; Raytheon, El Segundo, CA; General Electric, Lynn, MA; and Raytheon Missile Systems Company, Tucson, AZ. The Government of Canada has advised that it will negotiate offset agreements with key U.S. contractors.

Implementation of this proposed sale will require the assignment of contractor representatives to Canada on and intermittent basis over the life of the case to support delivery of the F/A-18E/F Super Hornet aircraft and weapons and to provide supply support management, inventory control and equipment familiarization.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Australia – GBU-53/B Small Diameter Bomb Increment II (SDB II)

WASHINGTON, Oct. 2, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Australia for GBU-53/B Small Diameter Bomb Increment II (SDB II). The estimated cost is $815 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on September 29, 2017.

The Government of Australia has requested a possible sale of up to three thousand nine hundred (3,900) GBU-53/B Small Diameter Bomb Increment II (SDB II), up to thirty (30) GBU-53/B Guided Test Vehicles (GTV), up to sixty (60) GBU-53/B Captive Carry Reliability Trainers (CCRT). Also included in this sale are Weapon Load Crew Trainers (WLCT), Practical Explosive Ordinance Disposal Trainers (PEST), containers, support and ground crew test equipment, site survey, transportation, warranties, repair and return, maintenance, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor representative engineering, logistics, and technical support services, and other related elements of logistics and program support. The estimated total case value is $815 million.

This sale will support the foreign policy and national security of the United States by helping to improve the security of a major non-NATO ally that continues to be an important force for political stability and economic progress in the Western Pacific. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

The proposed sale of SDB II supports and complements the ongoing sale of the F-35A to the Royal Australian Air Force (RAAF). This capability will strengthen combined operations, particularly air to ground strike missions in all-weather conditions, and increase interoperability between the United States and the RAAF. Australia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale will improve Australia’s F-35 survivability and will enhance its capability to deter global threats, strengthen its homeland defense and cooperate in coalition defense initiatives.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missile Systems, Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to Australia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Japan – AIM-120C-7 Advanced Medium-Range Air-to-Air Missiles (AMRAAMs)

WASHINGTON, Oct. 4, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Japan for AIM-120C-7 Advanced Medium-Range Air-to-Air Missiles (AMRAAMs). The estimated cost is $113 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Japan has requested a possible sale of fifty-six (56) AIM 120C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAMs). Also included are containers, weapon support and support equipment, spare and repair parts, U.S. Government and contractor engineering, technical and logistical support services, and other related elements of logistical and program support. The total estimated program cost is $113 million.

This sale will support the foreign policy and national security of the United States by meeting the security and defense needs of a major ally and partner nation. Japan continues to be an important force for peace, political stability, and economic progress in the Asia-Pacific region.

The proposed sale will provide Japan a critical air defense capability to assist in defending the Japanese homeland and U.S. personnel stationed there. Japan will have no difficulty absorbing these additional munitions into the Japan Air Self-Defense Force.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missile Systems, Tucson, Arizona. There are no offset arrangements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of U.S. Government or contractor representatives to Japan.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Saudi Arabia – Terminal High Altitude Area Defense and Related Support, Equipment and Services

WASHINGTON, Oct 6, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Saudi Arabia for Terminal High Altitude Area Defense (THAAD) and related support, equipment and services for an estimated cost of $15 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Saudi Arabia has requested a possible sale of forty-four (44) Terminal High Altitude Area Defense (THAAD) launchers, three hundred sixty (360) THAAD Interceptor Missiles, sixteen (16) THAAD Fire Control and Communications Mobile Tactical Station Group, seven (7) AN/TPY-2 THAAD radars. Also included are THAAD Battery maintenance equipment, forty-three (43) prime movers (trucks), generators, electrical power units, trailers, communications equipment, tools, test and maintenance equipment, repair and return, system integration and checkout, spare/repair parts, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor technical and logistics personnel support services, facilities construction, studies, and other related elements of logistics and program support. The estimated cost is $15 billion.

This proposed sale will support the foreign policy and national security objectives of the United States by improving the security of a friendly country. This sale furthers U.S. national security and foreign policy interests, and supports the long-term security of Saudi Arabia and the Gulf region in the face of Iranian and other regional threats. This potential sale will substantially increase Saudi Arabia’s capability to defend itself against the growing ballistic missile threat in the region. THAAD’s exo-atmospheric, hit-to-kill capability will add an upper-tier to Saudi Arabia’s layered missile defense architecture and will support modernization of the Royal Saudi Air Defense Force (RSADF). Saudi Arabia will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors for the THAAD system are Lockheed Martin Space Systems Corporation, Dallas, TX, Camden, AR, Troy, AL and Huntsville, AL; and Raytheon Corporation, Andover, MA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require one hundred eleven (111) contractor representatives and eighteen (18) U.S. Government personnel in country for an extended period of time.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Government of the Netherlands – AIM-120 C-7 Advanced Medium Range Air-to-Air Missile (AMRAAM)

WASHINGTON, Oct 11, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of the Netherlands for AIM-120 C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM). The estimated cost is $53 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of the Netherlands has requested a possible sale of twenty-six (26) AIM-120 C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM), one (1) AMRAAM Guidance Section Spare (MDE items), twenty (20) AMRAAM Captive Air Training Missiles (CATM), missile containers, control section spares, weapon systems support, test equipment, spare and repair parts, publications and technical documentation, personnel training, training equipment, U.S. Government and contractor engineering, logistics, technical support services, and other related elements of logistics and program support. The estimated total case value is $53 million.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of a NATO Ally which continues to be an important force for political stability and economic progress in Europe.

The proposed sale will improve the Netherlands’ capabilities for mutual defense, regional security, force modernization, and U.S. and NATO interoperability. This sale will enhance the Royal Netherlands Air Force’s ability to defend the Netherlands against future threats and contribute to current and future NATO operations. The Netherlands maintains the AIM-120B in its inventory and will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment will not alter the basic military balance in the region.

The prime contractor will be Raytheon Missile Systems, Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to the Netherlands.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Kuwait – Continuation of C-17 Logistics Support Services and Equipment

WASHINGTON, Oct 13, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Kuwait for continuation of C-17 logistics support services and equipment. The estimated cost is $342.6 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on October 12, 2017.

The Government of Kuwait has requested three years (with option for two additional years) of follow-on support of two (2) C-17 aircraft, which includes participation in the Globemaster III Integrated Sustainment Program (GISP), contract logistic support, Class I modifications and kits support, in-country contractor support, alternate mission equipment, major modification and retrofit, software support, aircraft maintenance and technical support, support equipment, personnel training and training equipment, additional spare and repair parts, technical orders and publications, airworthiness certification support, engine spares, engine maintenance and logistics support, inspections support, on-site COMSEC support, Quality Assurance and other U.S. Government and contractor engineering, logistics, and program support. Required upgrades will include fixed installation satellite antenna, Mode 5, plus installation and sustainment, Automatic Dependent Surveillance-Broadcast Out, and other related elements of logistics and program support. The estimated cost is $342.6 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country. Kuwait plays a large role in U.S. efforts to advance stability in the Middle East, providing basing, access, and transit for U.S. forces in the region.

This proposed sale is required to maintain the operational readiness of the Kuwaiti Air Force C-17 aircraft. Kuwait’s current FMS contract supporting its C-17’s will expire in September of 2017. Kuwait will have no difficulty absorbing this support.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Boeing Company, Chicago, IL. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

There is an on-going Foreign Military Sale (FMS) case providing C-17 sustainment services. There are currently nine (9) contractors from Boeing Company (aircraft) in-country providing Contractor Engineering Technical Services (CETS) on a continuing basis.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
WASHINGTON, Oct 16, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Kuwait for M1A1 Abrams Tanks. The estimated cost is $29 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Kuwait has requested a possible sale of two hundred eighteen (218) M1A1 Abrams tank hulls with 120mm cannons and two hundred eighteen (218) AGT-1500 (M1 Tank Series) engines in support of its M1A2 tank recapitalization. Also included are transportation and other logistics support. The estimated cost is $29 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country. Kuwait plays a large role in U.S. efforts to advance stability in the Middle East, providing basing, access, and transit for U.S. forces in the region.

This potential sale is associated with Congressional Notification 16-66 which was notified to Congress on December 12, 2016, regarding recapitalization of 218 Kuwait M1A2 tanks. Subsequent to the notification, Kuwait requested 218 M1A1 tank hulls from U.S. inventory be provided and upgraded vice using Kuwait’s current fleet of tanks due to its interest in maintaining operational readiness. Kuwait will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The M1A1 tank hulls will come from U.S. inventory. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Kuwait.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
WASHINGTON, Oct 17, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Greece for an upgrade of F-16 aircraft to an F-16 Block V configuration. The estimated cost is $2.404 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on October 16, 2017.

The Government of Greece has requested a possible purchase of an upgrade of its existing F-16 fleet to an F-16 Block V configuration which includes up to one hundred twenty-five (125) APG-83 Active Electronically Scanned Array (AESA) Radars (includes two (2) spares); one hundred twenty-three (123) Modular Mission Computers (MMCs); one hundred twenty-three (123) LINK-16 Multifunctional Information Distribution System Joint Tactical Radio Systems (MIDS-JTRS) with TACAN and EHSI; one hundred twenty-three (123) LN260 Embedded Global Navigation Systems (EGI)/Inertial Navigation Systems (INS); and one hundred twenty-three (123) Improved Programmable Display Generators (iPDGs). Also included in the proposed sale are up to one hundred twenty-three (123) APX-126 Advanced Identification Friend or Foe (AIFF) Combined Interrogator Transponders (CIT); one (1) Joint Mission Planning System (JMPS); one (1) F-16V Simulator; upgrade to two (2) existing simulators; one (1) Avionics Level Test Station; Secure Communications, cryptographic equipment and navigation equipment; upgrade and integration of the Advanced Self-Protection Integrated Suite (ASIPS) I to ASIPS II on twenty-six (26) F-16s; Ground Support System, systems integration and test; spares and repair parts, support and test equipment; personnel training and training equipment; publications and technical documentation; U.S. Government and contractor engineering, logistical, and technical support services; and other related elements of logistics and program support. The total estimated program cost is $2.404 billion.

This proposed sale will contribute to U.S. foreign policy and national security objectives by helping to improve the security of a NATO ally which is an important partner for political stability and economic progress in Europe. The upgrade of F-16 aircraft to an F-16 Block V configuration will bolster the Hellenic Air Force’s ability to support NATO and remain interoperable with the U.S. and the NATO alliance. It will also help Greece sustain operations in the future, thereby reducing the threat the alliance’s enemies pose to the U.S. and the alliance.

The proposed sale will improve Greece’s capability to meet current and future security threats. Greece will use this capability as a deterrent to regional threats, strengthen its homeland defense, and execute counter-terrorism operations.
Greece currently employs a mix of F-16s in Block 30, Block 50, Block 52+, and Block 52+ Advanced configurations. Therefore, Greece will have no difficulty absorbing the upgrade of these aircraft from an operation and support standpoint.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin of Fort Worth, TX. There are currently no known offsets. However, Greece typically requests offsets. Any offset agreement will be defined in negotiations between Greece and the contractor.

The proposed sale will require the assignment of approximately 3-5 additional U.S. Government or contractor representatives to Greece.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Czech Republic – UH-1Y Utility Helicopters

WASHINGTON, Oct 23, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to the Czech Republic for UH-1Y utility helicopters. The estimated cost is $575 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on October 11, 2017.

The Government of the Czech Republic has requested the possible sale of twelve (12) UH-1Y utility helicopters, twenty-five (25) T-700 GE 401C engines (twenty-four (24) installed, one (1) spare), thirteen (13) Honeywell Embedded GPS/INS (EGI) (twelve (12) installed, one (1) spare), and twelve (12) 7.62mm M240 Machine Guns. This request also includes Brite Star II FLIR system, Aircraft Survivability Equipment (ASE) (includes the AN/AAR-47 Missile Warning and Laser Detection System, AN/ALE-47 Counter Measure Dispensing System (CMDS) and the AN/APR-39 Radar Warning Receiver (RWR)), Joint Mission Planning Systems, Helmet Mounted Displays, communication equipment, small caliber gun systems including GAU-17A and GAU-21, electronic warfare systems, Identification Friend or Foe (IFF) Mode 4/5 transponder, support equipment, spare engine containers, spare and repair parts, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics and program support. The estimated cost is $575 million.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a NATO partner that is an important force for ensuring peace and stability in Europe. The proposed sale will support the Czech Republic’s needs for its own self-defense and support NATO defense goals.

The Czech Republic intends to use these helicopters to modernize its armed forces and strengthen its homeland defense and deter regional threats. This will contribute to the Czech Republic’s military goal of updating its capabilities while further enhancing interoperability with the United States and other NATO allies. The Czech Republic will have no difficulty absorbing these helicopters into its armed forces.

This proposed sale of equipment and support will not alter the basic military balance in the region.

The principal contractors will be Bell Helicopter, Textron, Fort Worth, Texas; and General Electric Company, Lynn, Massachusetts. There are no known offset agreements proposed in conjunction with this potential sale.

Implementation of this proposed sale will require multiple trips by U.S. Government and contractor representatives to participate in program and technical reviews plus training and maintenance support in country, on a temporary basis, for a period of twenty-four (24) months. It will also require three (3) Contractor
Engineering Technical Service (CETS) representatives to reside in country for a period of two (2) years to support this program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Canada – AIM-120D Advanced Medium Range Air-to-Air Missiles (AMRAAM)

WASHINGTON, Nov. 1, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Canada for AIM-120D Advanced Medium Range Air-to-Air Missiles (AMRAAM) for an estimated cost of $140 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on October 30, 2017.

The Government of Canada has requested a Letter of Offer and Acceptance for the procurement of up to thirty-two (32) AIM-120D Advanced Medium-Range Air-to-Air Missiles (AMRAAMs), up to eighteen (18) AMRAAM Captive Air Training Missiles (CATMs); up to four (4) AMRAAM Non-Development Item – Airborne Instrumentation Unit (NDI-AIU); up to two (2) AMRAAM Instrumented Test Vehicles (ITV); up to seven (7) spare AMRAAM guidance units; up to four (4) spare AMRAAM control sections for use on their F/A-18 aircraft. Included in the sale are containers; storage and preservation; transportation; aircrew and maintenance training; training aids and equipment, spares and repair parts; warranties; weapon system support and test equipment; publications and technical documentation; software development, integration, and support; system integration and testing; U.S. Government and contractor engineering, technical, and logistics support; and other related elements of logistics and program support. The estimated total cost is $140 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally which has been, and continues to be, a key democratic partner of the United States in ensuring peace and stability. The missiles will be used on Royal Canadian Air Force (RCAF) fighter aircraft.

This proposed sale of defense articles and services is required to enable RCAF fighters to optimally fulfill both North American Aerospace Defense (NORAD) and NATO missions and also meets the U.S. Northern Command’s goals of combined air operations interoperability and standardization between Canadian and U.S. forces. The RCAF will have no difficulty absorbing these missiles into its inventory.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Raytheon Missile Systems, Tucson, AZ. The Government of Canada has advised that it will negotiate offset agreements in conjunction with this sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Canada.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Qatar – F-15QA Construction, Cybersecurity, and Force Protection Infrastructure

WASHINGTON, Nov 1, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Qatar for support of its F-15QA multi-role fighter aircraft program for an estimated cost of $1.1 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Qatar has requested support of its F-15QA multi-role fighter aircraft program to include design and construction services, new parking/loading ramps, hot cargo pads, taxiways, hangars, back shops, alert facilities, weapons storage areas, hardened shelters, squadron operations facilities, maintenance facilities, training facilities, information technology support and cyber facilities, force protection support facilities, squadron operations facilities, other F-15QA related support structures, construction/facilities/design services, cybersecurity services, mission critical computer resources, support services, force protection services, and other related elements of logistics and program support. The estimated cost is $1.1 billion.

This proposed sale supports the foreign policy and national security objectives of the United States. Qatar is an important force for political stability and economic progress in the Persian Gulf region. Our mutual defense interests anchor our relationship and the Qatar Emiri Air Force (QEAF) plays a predominant role in Qatar’s defense.

The proposed sale improves Qatar’s capability to operate and sustain its F-15QA aircraft. A robust construction, cybersecurity, and force protection infrastructure is vital to ensuring the QEAF partners can utilize the F-15QA aircraft to its full potential. Qatar will have no difficulty absorbing this support into its armed forces.

The proposed sale of this construction, cybersecurity, and force protection infrastructure will not alter the basic military balance in the region.

The prime contractor for construction, cybersecurity, and force protection infrastructure will be determined through competition. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of the construction, cybersecurity, and force protection aspects of this notification include the establishment of a construction office in Doha with as many as ten (10) U.S. Government civilians which will adjust in size as case workload varies. Anticipated contractor footprint for this effort is approximately fifteen
(15) to fifty (50) personnel, which may vary based on phases of construction and establishment of required services.

There will be no adverse impact to U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Washington, Nov. 15, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Norway for AIM-120 C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM) for an estimated cost of $170 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on November 14, 2017.

The Government of Norway requested a possible sale of sixty (60) AIM-120 C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM) and four (4) AMRAAM guidance section spares. Also included are missile containers, weapon system support, support equipment, spare and repair parts, publications and technical documentation, personnel training, training equipment, U.S. Government and contractor engineering, logistics, technical and support services, and other related elements of logistics and program support. The estimated total case value is $170 million.

This proposed sale will support the foreign policy and national security objectives of the United States by improving the security of a NATO ally which continues to be an important force for political stability and economic progress in Europe.

The proposed sale will improve Norway’s capabilities for mutual defense, regional security, force modernization, and U.S. and NATO interoperability. This sale will enhance the Royal Norwegian Air Force’s ability to defend Norway against future threats and contribute to current and future NATO operations. This is a follow-on buy of additional AIM-120 C-7 missiles. Norway will be able to absorb these additional missiles and support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Raytheon Missile Systems, Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to Norway.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
Poland – Integrated Air and Missile Defense (IAMD) Battle Command System (IBCS)-enabled Patriot Configuration-3+ with Modernized Sensors and Components

WASHINGTON, Nov. 17, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Poland for an Integrated Air and Missile Defense (IAMD) Battle Command System (IBCS)-enabled Patriot Configuration-3+ with Modernized Sensors and Components for an estimated cost of $10.5 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on November 14, 2017.

The Government of Poland has requested to purchase phase one of a two-phase program for an Integrated Air and Missile Defense (IAMD) Battle Command System (IBCS)-enabled Patriot Configuration-3+ with Modernized Sensors and Components consisting of four (4) AN/MPQ-65 radar sets, four (4) engagement control stations, four (4) Radar Interface Units (RIU) modification kits, sixteen (16) M903 Launching stations adapted, eighteen (18) Launcher Integrated Network Kits (LINKs) (includes two (2) spares), two hundred and eight (208) Patriot Advanced Capability-3 (PAC-3) Missile Segment Enhancement (MSE) missiles, eleven (11) PAC-3 MSE test missiles, IBCS software, two (2) future operations – IBCS Engagement Operations Centers (EOCs), six (6) current operations-IBCS EOCs, six (6) engagement operations-IBCS EOCs, fifteen (15) Integrated Fire Control Network (IFCN relays, four (4) Electrical Power Plants (EPP) III, and five (5) Multifunctional Information Distribution Systems/Low Volume Terminals (MIDS/LVTs). Also included with this request are communications equipment, tools and test equipment, range and test programs, support equipment, prime movers, generators, publications and technical documentation, training equipment, spare and repair parts, personnel training, Technical Assistance Field Team (TAFT), U.S. Government and contractor technical, engineering, and logistics support services, Systems Integration and Checkout (SICO), field office support, and other related elements of logistics and program support. The total estimated program cost is $10.5 billion.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally which has been, and continues to be an important force for political stability and economic progress in Europe. This sale is consistent with U.S. initiatives to provide key allies in the region with modern systems that will enhance interoperability with U.S. forces and increase security.

Poland will use the IBCS-enabled Patriot missile system to improve its missile defense capability, defend its territorial integrity, and deter regional threats. The proposed sale will increase the defensive capabilities of the Polish Military to guard against hostile aggression and shield the NATO allies who often train and operate within Poland’s borders. Poland will have no difficulty absorbing this system into its armed forces.
The proposed sale of these missiles and equipment will not alter the basic military balance in the region.

The prime contractors will be Raytheon Corporation in Andover, Massachusetts, Lockheed-Martin in Dallas, Texas, and Northrop Grumman in Falls Church, Virginia. The purchaser requested offsets. At this time, offset agreements are undetermined and will be defined in negotiations between the purchaser and contractors.

Implementation of this proposed sale will require approximately 42 U.S. Government and 55 contractor representatives to travel to Poland for an extended period for equipment de-processing/fielding, system checkout, training, and technical and logistics support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

-30-
GEORGIA – JAVELIN MISSILES AND COMMAND LAUNCH UNITS

WASHINGTON, Nov. 20, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Georgia for Javelin Missiles and Command Launch Units for an estimated cost of $75 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on November 17, 2017.

The Government of Georgia has requested to purchase four hundred ten (410) Javelin Missiles, and seventy-two (72) Javelin Command Launch Units (CLUs) (includes two (2) Javelin Block 1 CLUs to be used as spares). Also included are ten (10) Basic Skills Trainers (BST); up to seventy (70) simulated rounds; U.S. Government and contractor technical assistance; transportation; and other related elements of logistics and program support. The total estimated cost is $75 million.

This proposed sale will contribute to the foreign policy and national security of the United States by improving the security of Georgia. The Javelin system will provide Georgia with increased capacity to meet its national defense requirements. Georgia will have no difficulty absorbing this system into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be Raytheon/Lockheed Martin Javelin Joint Venture of Orlando, Florida, and Tucson, Arizona. However, these missiles are being provided from U.S. Army stock and the CLUs will be obtained from on-hand Special Defense Acquisition Fund (SDAF)-purchased stock. There are no known offset agreements proposed in conjunction with this potential sale.

Implementation of this proposed sale will require the assignment of approximately one (1) U.S. Government and two (2) contractor representatives to Georgia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
Poland – AIM-120C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM)

WASHINGTON, Nov. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Poland for AIM-120C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM) for an estimated cost of $250 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Poland has requested to purchase up to one hundred fifty (150) AIM-120C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM). Also included are missile containers, weapon system support, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is $250 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a NATO ally. Poland continues to be an important force for political stability and economic progress in Central Europe.

This potential sale would support Poland’s F-16 fighter program and enhances Poland’s ability to provide for its own territorial defense and support coalition operations. Poland previously purchased the AIM-120C-7 missile and will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Raytheon Missile Systems, Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Poland.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Poland – High Mobility Artillery Rocket System (HIMARS)

WASHINGTON, Nov. 28, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Poland for a High Mobility Artillery Rocket System (HIMARS) for an estimated cost of $250 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Poland has requested to purchase sixteen (16) Guided Multiple Launch Rocket System (GMLRS) M31A1 Unitary, nine (9) Guided Multiple Launch Rocket System (GMLRS) M30A1 alternative warheads, sixty-one (61) Army Tactical Missile Systems (ATACMS) M57 Unitary. Also included are eight (8) Universal Position Navigation Units (UPNU), thirty-four (34) Low Cost Reduced Range (LCRR) practice rockets, one thousand six hundred forty-two (1,642) Guidance and Control Section Assemblies for GMLRS, Missile Common Test Sets and Devices, testing Precision, Lightweight GPS Receivers (PLGR), support equipment, U.S. Government and contractor services, training, and other related elements of logistics and program support. The estimated cost is $250 million.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally which has been, and continues to be an important force for political stability and economic progress in Europe. This sale is consistent with U.S. initiatives to provide key allies in the region with modern systems that will enhance interoperability with U.S. forces and increase security.

Poland intends to use these defense articles and services to modernize its armed forces and expand its capability to strengthen its homeland defense and deter regional threats. This will contribute to Poland’s military goals of updating capability while further enhancing interoperability with the United States and other allies. Poland will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin in Grand Prairie, TX. This FMS case will support the parallel Direct Commercial Sale (DCS) between Lockheed Martin and Polska Grupa Zbrojeniowa (PGZ), the prime contractor for this effort in Poland. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require U.S. Government or contractor representatives to travel to Poland for program management reviews to support the program. Travel is expected to occur approximately twice per year as needed to support equipment fielding and training.
There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.

Transmittal No. 17-58

Singapore – Follow-On Support for PEACE CARVIN V (F-15 Training Detachment)

WASHINGTON, Nov. 29, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Singapore for GBU-10 Paveway II Laser Guided Bomb (LGB) units; GBU-12 Paveway II LGB units; and FMU-152 or FMU-139D/B fuzes for an estimated cost of $415 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Singapore has requested to purchase forty (40) GBU-10 Paveway II Laser Guided Bomb (LGB) units, consisting of: MXU-651B/B Air Foil Groups (AFG), MAU-209C/B or MAU-169L/B Computer Control Groups (CCG), MK-84 or BLU-117B/B bomb bodies; eighty four (84) GBU-12 Paveway II LGB units, consisting of: MXU-650C/B AFG, MAU-209C/B or MAU-168L/B CCGs, MK-82 or BLU-111B/B bomb bodies; and sixty (60) FMU-152 or FMU-139D/B fuzes. Also included are AIM-120 Telemetry Kits; target drones; High-Bandwidth Compact Telemetry Module kits; exercise participation support; weapons, Electronic Combat International Security Assistance Program (ECISAP), and systems support; medical support; vehicle and ferry support; airlift and aerial refueling; individual equipment; maintenance, spare and repair parts; publications and technical documentation; personnel training and training equipment; U.S. Government and contractor, logistics, and technical support services; and other related elements of logistical and program support. The estimated cost is $415 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a critical regional partner that has been, and continues to be, an important force for economic progress in Southeast Asia.

This potential sale will continue to improve Singapore’s ability to develop mission-ready and experienced pilots to support its F-15 aircraft inventory. The well-established pilot proficiency training program at Mountain Home Air Force Base will support professional interaction and enhance operational interoperability with U.S. Forces. Singapore will have no difficulty absorbing this equipment and support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

There is no prime contractor involved in this proposed sale. Manpower support will be determined through competition with defense articles anticipated to come from U.S. stocks, as needed. Sources of supply will award contracts when necessary to provide the defense articles if items are not available from U.S. stock or are considered long lead-time away. There are no known offset agreements proposed in connection with this potential sale.
Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Singapore.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
WASHINGTON, Dec. 19, 2017 - The State Department has made a determination approving a possible Foreign Military Sale to Poland for follow-on support and sustainment services for its F-16 fleet for an estimated cost of $200 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Poland has requested to purchase follow-on support and sustainment services for its F-16 fleet to include aircraft maintenance; system and overhauls and upgrades; engine support; spare and repair parts; support and test equipment; publications and technical documentation; U.S. Government and contractor engineering, technical, and logistical support; and other related elements of program support. The estimated cost is $200 million.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of a NATO ally. Poland continues to be an important force for political stability and economic progress in Central Europe.

This potential sale will continue the sustainment of Poland’s F-16 capability. Poland will have no difficulty absorbing this equipment and support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Contracts will be awarded when necessary to provide the defense articles ordered if items ordered are not available from U.S. stock or are to be purchased further in the future. The potential prime contractors will be Harris Corporation of Melbourne, Florida; Boeing of Arlington, Virginia; UTC Aerospace Systems, ISR Systems of Charlotte, North Carolina; Lockheed Martin Missile and Fire Control of Orlando, Florida; Cubic Defense Applications of San Diego, California; L-3 Communications of New York, New York; Lockheed Martin Aero of Fort Worth, Texas; Exelis Electronic of Clifton, New Jersey; Northrop Grumman Corporation of Falls Church, Virginia; Raytheon of Waltham, Massachusetts; Honeywell of Morris Plains, New Jersey; Booz Allen Hamilton of McLean, Virginia; and BAE Systems of Arlington, Virginia. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Poland.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
